Organization(s): Concerned citizen of Pittsburgh

Comment : Why has the jail been on lockdown? Why are those who are incarcerated not given their right to see a lawyer and communicate with friends and family who are not incarcerated? This is very concerning and I believe immediate action needs to be taken to rectify these issues and ensure these grossly negligent oversights never happen again. With the amount of people who died unnecessarily at ACJ - even 1 is far too many - I need you to share what steps are being taken to remedy these issues and ensure systems are in place so those incarcerated are given the rights they deserve.

Organization(s): Resident of the city

Comment : Lift the lockdown on the jail, and end the draconian measures put in place by the warden. The incarcerated people in the jail deserve better than the awful treatment they receive now.

Comment : You all will go down in history as the most inhumane entities to occupy these seats. The audacity that any of you have to campaign when you are maintaining conditions for a death camp in Allegheny County. How would you feel if your child was locked up there? You are holding children in these conditions. I know this comment will fall upon nothing because you all only have the capacity to follow orders. You all lack any moral code to appeal to. You all lack the humanity to treat people with humanity. So where do we go from here? This is for those who think they are doing good from the inside of this system? You are not and you cannot side with power. There will be no reward for accepting the progress of a death camp. There will only be shame.

Comment : The lack of transparency from Allegheny County Jail to the Jail Oversight Board is unconscionable at all times, but particularly now. Why are people at ACJ on lockdown and still being denied visits from lawyers and family? How much longer is this going to continue?
