ALLEGHENY COUNTY
JAIL OVERSIGHT BOARD MEETING

Thursday
December 1, 2022

Gold Room
4th Floor
Allegheny County Courthouse
436 Grant Street
Pittsburgh, Pennsylvania 15219

1 **MEMBERS OF THE Board IN ATTENDANCE:**

2 Judge Elliot Howsie

3 Judge Beth Lazzara

4 Bethany Hallam for Councilman Catena

5 Stephen Pilarski for County Executive

6 Richard Fitzgerald

7 Controller Corey O'Connor

8 Sheriff Kevin Kraus

9 Terri Klein

10

11

12 **JAIL ADMINISTRATION IN ATTENDANCE:**

13 Warden Orlando Harper

14 Chief Deputy Warden Jason Beasom

15 HSA Dr. Ashley Brinkman

16 Deputy Warden of Administrative Operations and

17 Employee Development Blythe Toma

18

19

20

21 Erin Dalton, Department of Human Services

22 Kevin Kordzi - Passages to Recover

23 Frank DeClair - The Renewal Center

24 Steve Esswein - Electronic Monitoring

25

1 **PUBLIC SPEAKERS:**

2 John Kenstowicz

3 Minister Ella Scales

4 Sharon Bonavoglia

5 David Maynard

6 Angel Kapiris

7 Dominic Rometo

8 Allison Haley-Lewis

9 Tanisha Long

10 Brad Korinski

11 Jodi Lincoln

12 Beth Schongar

13 Marion Damick

14 Pastor Dave Swanson

15 Clara Swanson

16 Nadia Narnor

P R O C E E D I N G S

WELCOME, CALL TO ORDER AND RULES

JUDGE HOWSIE: I hope everyone had an enjoyable holiday, Thanksgiving, so welcome to the JOB meeting, The Jail Oversight Board Meeting. I'd like to call the meeting to order.

If anyone did not have an opportunity to sign the sign-in sheet, we'd ask that you do that if you intend to speak. If you're not on the sheet, you will not be able to speak. So please make sure you've taken the opportunity to sign the sheet.

All right. So with that being said, let's talk about the rules. So we would like that everyone extend the same courtesy, respect to anyone else that you would want for yourself. If parties are speaking, please do not interrupt, overtalk. We won't tolerate -- we will not tolerate any profanity, vulgar language or disrespectful language. We want everyone to be heard, so please, you know, take the opportunity to speak and say whatever you need to say, but we'd ask that you do it in a respectful manner.

And public comments are limited to

1 three minutes per person.

2 With that being said, let's do the
3 roll.

4 Judge Lazzara?

5 JUDGE LAZZARA: Present.

6 JUDGE HOWSIE: Terri Klein?

7 MS. KLEIN: Present.

8 JUDGE HOWSIE: County Executive
9 Rich Fitzgerald?

10 MR. PILARSKI: Steve Pilarski for
11 Fitzgerald.

12 JUDGE HOWSIE: Sheriff Kraus?

13 SHERIFF KRAUS: Present.

14 JUDGE HOWSIE: Gail Moss?

15 MS. MOSS: (No response.)

16 JUDGE HOWSIE: Abas Kamara?

17 MR. KAMARA: (No response.)

18 JUDGE HOWSIE: Pat Catena?

19 MS. HALLAM: Bethany Hallam.

20 JUDGE HOWSIE: And Controller Corey
21 O'Connor. I believe he is on his way.

22 CONTROLLER O'CONNOR: I'm here.

23 JUDGE HOWSIE: Oh, he's on the
24 phone, okay.

25 CONTROLLER O'CONNOR: I'm on the

1 phone. I'll make it a little bit later, but I
2 won't be at the meeting, but I'm listening right
3 now. Thank you.

4 JUDGE HOWSIE: So he is here. So
5 with that being said --

6 MS. HALLAM: Point of order.

7 JUDGE HOWSIE: Yes.

8 MS. HALLAM: Yeah. I would like
9 to, for the record, note that Mr. Pilarski is
10 attending illegally. There's no designee for the
11 County Executive allowed per statute.

12 JUDGE HOWSIE: Thank you very much.

13 MS. HALLAM: Uh-huh.

14 JUDGE HOWSIE: With that being
15 said, we'll now have the Community Corrections
16 Report. Passages to Recovery?

17 MR. KORDZI: Good evening.

18 Kevin Kordzi with Passages to Recovery.

19 Currently, we have 21 men and 11 women in the
20 program. That's the residential program. We
21 have 8 men and 2 women in our transitional living
22 program. We've had 7 admissions for the month of
23 November. Five clients moved from residential to
24 TLF, to transitional living, and eight clients
25 were successfully discharged completely from the

1 program.

2 Continuing to have GED classes
3 through Goodwill and also Pittsburgh Literacy.
4 And continuing to do community passes for family
5 visits and community kind of activities, and also
6 in-house visits also.

7 And I think that is pretty much
8 about it.

9 JUDGE HOWSIE: Any questions?

10 (No response.)

11 JUDGE HOWSIE: Thank you very much,
12 sir.

13 All right. Renewal Center?

14 MR. DeCLAIR: Frank DeClair
15 reporting for Renewal Incorporated. I'd just
16 like to report on Thanksgiving Day we had 20
17 reentrants volunteer at the 32nd Annual Turkey
18 Trot. Each of those volunteers volunteered for
19 five hours of community service on that day.

20 Next week we'll have several staff
21 members participating in an informational seminar
22 facilitated by the ACJ and DHS on the expansion
23 of the MAT program inside the jail.

24 Our November employment percentage
25 was 76 percent of employable reentrants averaging

1 \$13.37 per hour.

2 COVID numbers, we did have two
3 positive staff members test positive in November.
4 No major symptoms. No hospitalizations. We had
5 zero reentrants who tested positive in November.

6 JUDGE HOWSIE: Thank you.

7 Any questions?

8 Yes, ma'am. Terri Klein.

9 MS. KLEIN: I was just looking at
10 the information we have about drug and alcohol
11 services and mental health, and it says five and
12 two, and I assume those are separate individuals
13 that are five? I mean, it just seems low to me,
14 and I was just wondering if you could comment on
15 that.

16 MR. DeCLAIR: What is the specific?
17 I believe we currently have 12 reentrants in
18 in-patient drug and alcohol.

19 I have to -- I'm not positive what
20 those numbers indicate. We do --

21 MS. KLEIN: Additional service
22 referrals made to outside agencies.

23 MR. DeCLAIR: So that would be our
24 outpatient drug and alcohol and mental health
25 services. So this is probably new referrals for

1 the month of November. I will double-check on
2 the accuracy of that information and I'll let you
3 know.

4 JUDGE LAZZARA: Yeah, but that's
5 not the total number of people that are involved
6 in drug and alcohol treatment.

7 MR. DeCLAIR: Correct. Correct.

8 MS. KLEIN: That is not?

9 JUDGE LAZZARA: No, because --
10 because I mean, most of the folks that we send
11 there are doing drug and alcohol and mental
12 health.

13 MR. DeCLAIR: Yes.

14 JUDGE LAZZARA: And so that may be
15 the new number of people every month but it's
16 certainly not indicative of the total number that
17 are doing that.

18 MR. DeCLAIR: Correct.

19 JUDGE HOWSIE: Any questions,
20 additional questions?

21 Yes, Ms. Hallam.

22 MS. HALLAM: Yeah. So this is kind
23 of I guess addressed to Passages as well, but I
24 know we've been talking a lot about deaths in the
25 Allegheny County Jail, and I'm just wondering if

1 you know off the top of your head when was the
2 last time someone died in either -- any of the
3 alternative housing facilities?

4 MR. DeCLAIR: I can't recall a
5 county reentrant -- the last time a county
6 reentrant died in our facility.

7 MS. HALLAM: Yeah. And how long
8 have you been there?

9 MR. DeCLAIR: 21 years.

10 MS. HALLAM: Okay. So to your
11 knowledge, in 21 years, no one has died?

12 MR. DeCLAIR: County reentrants,
13 not that I can remember.

14 MS. HALLAM: Okay.

15 MR. DeCLAIR: I'm not saying that
16 it did not happen, but -- yeah.

17 MS. HALLAM: I know you. I feel
18 like you would remember, so thank you very much.

19 MR. DeCLAIR: All right.

20 JUDGE HOWSIE: Thank you very much,
21 sir.

22 MR. DeCLAIR: Thank you.

23 JUDGE HOWSIE: Electronic
24 monitoring?

25 MR. ESSWEIN: Good evening, Board.

1 JUDGE HOWSIE: Good evening.

2 MR. ESSWEIN: Steve Esswein for the
3 Probation Office. Nothing new to report outside
4 of the report that we have. Just some
5 highlights. We have 646 individuals on the
6 bracelet; 93 of those successfully completed
7 during that reporting period.

8 JUDGE HOWSIE: Any questions?
9 Judge Lazzara?

10 MR. ESSWEIN: Judge Lazzara, the
11 SL-2s have been ordered, so it's in --

12 JUDGE LAZZARA: When are we going
13 to get them?

14 MR. ESSWEIN: I hope in three
15 weeks. I'm hoping. Fingers crossed.

16 JUDGE LAZZARA: Okay. That's
17 always going to be my question. That's for
18 the --

19 MS. HALLAM: Is that the alcohol
20 thing?

21 MR. ESSWEIN: Breath.

22 JUDGE LAZZARA: It's more of a
23 breath thing than it is a band around your ankle,
24 and so it's cheaper and it's effective and it
25 works really well. And we would love them.

1 MR. ESSWEIN: As soon as I can get
2 a purchase order number from fiscal, I'll get a
3 couple. I know they're holding them for me so...

4 MS. HALLAM: Can you tell me a
5 little bit more about it, because I have seen
6 before the bracelets that are alcohol monitors.
7 That's what I thought that we were talking about
8 on the previous meetings. Is this different?

9 JUDGE LAZZARA: Yeah, this is
10 different.

11 MR. ESSWEIN: It's a portable
12 breath tester. It's a PBT, but what it does, it
13 takes a picture of the individual who is taking
14 the test and then sends a GPS location of where
15 that test was taken.

16 MS. HALLAM: And it like pings when
17 you need to take the test?

18 MR. ESSWEIN: Yes. It's -- yeah,
19 random. They can set it up in the background to
20 take a test every four hours or at 2:00 in the
21 afternoon, 8:00 in the evening, 12:00, whatever.
22 It's all set, yes.

23 MS. HALLAM: Okay. And is it
24 certain charges that people are convicted of
25 where they get it? Like is it only DUIs, or how

1 do you determine?

2 MR. ESSWEIN: It's --

3 JUDGE LAZZARA: It would be
4 determined by the judge.

5 MS. HALLAM: The judge picks.

6 JUDGE LAZZARA: And I like it
7 because a lot of -- a lot of the folks that I
8 have in mental health court, the bracelets get to
9 be a bit expensive and so -- and sometimes they
10 need much longer monitoring to make sure that
11 they're not using the alcohol. So we may start
12 them on -- the other one is called a TAD
13 bracelet.

14 MS. HALLAM: Okay.

15 JUDGE LAZZARA: It's transdermal
16 something or another.

17 MR. ESSWEIN: Transdermal alcohol
18 detection.

19 JUDGE LAZZARA: Yeah. So we may
20 start them on that, but then before we take them
21 off and put them on nothing, we may want to sort
22 of --

23 MS. HALLAM: Step down.

24 JUDGE LAZZARA: -- step them down
25 and use it. And it's really -- it's been really

1 effective in --

2 MR. ESSWEIN: It's about the size
3 of a bulky cell phone.

4 MS. HALLAM: And how much does it
5 cost for the person who has it?

6 MR. ESSWEIN: They are between \$3
7 and \$5 a day. I don't have --

8 MS. HALLAM: Compared to what on an
9 ankle bracelet?

10 MR. ESSWEIN: Ankle bracelet starts
11 at \$5 a day.

12 MS. HALLAM: Thank you.

13 JUDGE LAZZARA: Yeah. And it works
14 really well because it does take the picture, so
15 we actually know whose breath is in it so it
16 eliminates some of those other problems.

17 MS. HALLAM: Do we know, like, is
18 there restrictions that it's not like waking them
19 up at four in the morning?

20 JUDGE LAZZARA: No, it does. It
21 does wake them up. Absolutely. That's the whole
22 idea because you don't think people only drink
23 between like, you know, nine and five right?

24 MS. HALLAM: No, I don't, but I
25 also think that people who are serving sentences

1 or on probation don't deserve -- like deserve
2 sleep.

3 JUDGE LAZZARA: Well, for a lot of
4 them, they're doing this instead of being
5 incarcerated. So it's -- it's a good thing that
6 they're not incarcerated, so yeah, it may -- it
7 may talk to them at 4:00 in the morning and ask
8 them to get up and do a breath because there are
9 people that will drink at that time.

10 It doesn't do it all the time. It
11 starts out pretty robust, I would say, would be
12 my word, and so at the beginning, there's going
13 to be an awful lot of times when they're going to
14 have to do it. And then as they keep getting no
15 hits, they're doing fine, everything is going
16 well, it will taper off of that.

17 MS. HALLAM: Is there a way that
18 they can -- like, what if I'm at work or I'm --
19 you know, like is there any guidelines that you
20 can set whatsoever so that people can like live
21 normal lives? Because when I had an ankle
22 bracelet, I could just put my pants down on top
23 of it, and nobody would know, right?

24 MR. ESSWEIN: You could, correct.

25 MS. HALLAM: But this it's

1 literally drop everything you're doing.

2 MR. ESSWEIN: It could be in your
3 purse. It could be in your vehicle.

4 JUDGE LAZZARA: Right. Right. And
5 you just put it in your purse. And yeah, they'll
6 do it at work, too, yes.

7 MS. HALLAM: Okay. Thanks.

8 JUDGE LAZZARA: Because you don't
9 have the 24-7 monitoring that you would have on
10 the TAD bracelet, so that's why it has to pick
11 the different times.

12 And the people that we've put on it
13 like it so much better than the TAD bracelet.
14 That's why -- that's why I'm always on his case
15 to get more of them because they prefer it --
16 they do than the TAD.

17 MS. HALLAM: Okay. Thanks.

18 JUDGE HOWSIE: Thank you very much.

19 MR. ESSWEIN: Thank you.

20 JUDGE LAZZARA: Thanks.

21 JUDGE HOWSIE: All right. We'll
22 now start with our public comments. Again, I'll
23 be reading the names from the list. I want to
24 apologize in advance if I mispronounce your name.
25 Some of your writing is not the best but I will

1 do my very best to get your names correct.

2 With that being said, we'll start
3 with Mr. Kenstowicz, and we'd ask that you limit
4 your comments to three minutes, sir.

5 And if everyone could start by
6 please stating their full name, spelling this
7 last name.

8 **PUBLIC COMMENTS**

9 MR. KENSTOWICZ: My name is John
10 Kenstowicz. My last name is K-E-N-S-T-O-W-I-C-Z,
11 and I'm with the Corrections Collective.

12 JUDGE HOWSIE: Thank you.

13 MR. KENSTOWICZ: Board Member
14 Senior County Manager Stephen Pilarski posted an
15 ACJ inspection report on the Controller's website
16 regarding his jail inspection on 9/23/22, in
17 which he identified positive comments from jail
18 staff regarding their work at ACJ. Earlier this
19 year, many ACJ correctional staff signed a
20 statement regarding the need to change leadership
21 at the jail, voicing a major dissatisfaction with
22 the working conditions at ACJ.

23 In 2019, NCCHC found "staffing
24 challenges" of medical and mental health staff
25 when there were 37 vacancies. Recently that

1 number has increased to 69 -- 69 people.

2 So why have so many people left
3 employment at ACJ? Many of the jail's problems
4 with lawsuits, deaths, and inappropriate use of
5 force can be linked to severe staffing shortages.

6 This is the second anniversary, the
7 second anniversary of the job jail by a vote of
8 six to one regarding the need to conduct exit
9 interviews of ACJ staff. In two years, I believe
10 only two exit interviews have been done by the
11 Board, one of Janet Bunts and the other of
12 Michael Barfield done in 2021. President Judge
13 Kim Clark asked the Board to do an exit interview
14 of Deanna Kulcsar, who was the director of Mental
15 Health Services for only four months at the jail
16 and it was never done.

17 Finding out why ACJ staff continue
18 to work at ACJ and what would help with their
19 decision to continue to work at the jail is
20 critical and must be done.

21 Before you is a comprehensive job
22 satisfaction survey for our correctional officers
23 at ACJ. The survey was completed with the
24 consultation of an HR expert on the faculty at
25 Carlow College who taught a graduate capstone

1 course on Human Resources Management. The survey
2 was also completed by consulting with ACJ
3 correctional staff who had many years of
4 experience working at the jail. The survey
5 follows a format commonly used in the public and
6 private sector. The survey has 12 questions that
7 are specially targeted to the working experience
8 of correctional officers. There's an open-ended
9 question at the end of the survey asking what are
10 your recommendations that would reinforce your
11 decision to continue to work at ACJ.

12 I think the Board has been too lax
13 for too long regarding these critical issues of
14 staff turnover and staff retention. I'm
15 requesting to have a meeting with the County
16 Executive, the Controller, the Department of
17 Human Services, a representative of County
18 Council, and anyone else on the Board who would
19 like to participate in such a meeting to discuss
20 the designing of job satisfaction surveys for all
21 ACJ staff, correctional officers, medical and
22 mental health staff and administration.

23 JUDGE HOWSIE: Mr. Kenstowicz, you
24 have exceeded your three minutes.

25 MR. KENSTOWICZ: I've got a short,

1 one more sentence.

2 JUDGE HOWSIE: One more sentence.

3 MR. KENSTOWICZ: I am asking the
4 Board for a vote to vote positively regarding the
5 need to institute these job satisfaction surveys.
6 Let's give a voice for the people who actually
7 are doing the work at our jail. I appreciate
8 your time.

9 JUDGE HOWSIE: Thank you.

10 All right. We'll now hear from, I
11 believe this is Minister Ella Scales, perhaps.

12 MINISTER SCALES: Yes. Good
13 afternoon.

14 JUDGE HOWSIE: Good afternoon,
15 ma'am.

16 MINISTER SCALES: My name is
17 Minister Ella Scales spelled S-C-A-L-E-S.

18 JUDGE HOWSIE: Thank you.

19 MINISTER SCALES: I'm serving as
20 the current Vice President of the Pennsylvania
21 Interfaith Impact Network. I'm here speaking
22 today with continued hope that those that have
23 the power to make change here at the Allegheny
24 County Jail will do so, the Jail Oversight Board,
25 Rich Fitzgerald, and Warden Harper.

1 The Bible reminds us in Hebrews
2 Chapter 13, verse 3, continue to remember those
3 in prison as if you were together with them in
4 prison, and those who are mistreated as if you
5 yourselves were suffering. So we share in the
6 grief of those that have lost loved ones here at
7 the jail. We share in the humane treatment of
8 poor food quality and insufficient portions to
9 satisfy the hunger pains. We share in the
10 distress of those that needed, and still some
11 need medical attention, and find themselves
12 gasping for air, ringing bells, calling for help,
13 not getting proper medication or treatment and
14 being ignored or just slow to respond.

15 More recently, we shiver with those
16 that are cold due to malfunctions of heating
17 systems and lack of or minimal gap measures in
18 place that will aid in keeping them warm.

19 We're grateful for the courage of
20 the men, the women, and children that continue to
21 speak out through surveys, through phone calls,
22 through letters, through e-mails, to bring
23 awareness of the conditions here at the Allegheny
24 County Jail, not just to complain but so that
25 something can be done.

1 Most, if not all, medical
2 professionals would agree with me when I say that
3 when you're having a crisis or you're in an
4 emergency, that the first few minutes are the
5 most crucial for achieving the best outcomes.
6 Our hope is that instead of the Allegheny County
7 Jail being known for its inhumane treatment that
8 it would be known for conditions and programs
9 that promote the well-being of those
10 incarcerated, that concerns and issues would be
11 handled in a timely manner, and our continued
12 hope is that you would treat those incarcerated
13 the way that you would want to be treated.

14 Finally, we at PIIN and other
15 organizations have asked for the last three
16 months in a row to sit down and meet with you
17 all, and we still want to do that. May God's
18 grace and mercy be with you as you continue to
19 care for the least of these. Thank you for your
20 time.

21 JUDGE HOWSIE: Thank you very much.

22 We will now hear from Sharon
23 Bonavoglia. I'm sorry. I cannot say your last
24 name. I apologize. I know the G is silent, but
25 I'm sorry.

1 MS. BONA VOGLIA: My name is Sharon
2 Bonavoglia. It's spelled B-O-N-A-V-O-G-L-I-A. I
3 am also with PIIN. I am here always to remind us
4 of those who were lost. And before I list those
5 names, I would also like to respectfully and
6 strongly encourage Warden Harper to open the jail
7 to in-house worship services provided by people
8 from the outside on a regular weekly basis, and
9 that if so-called staffing issues are the problem
10 that overtime be made available so that those
11 positions can be filled, and especially at this
12 holiday season with Advent, that services be
13 provided. I think it is one of the least things
14 that we could do to provide for the least of
15 these people.

16 So here is the list of the names of
17 people who will not be here this December for any
18 holidays they might be celebrating with their
19 friends, with their families, with their
20 coworkers. Please take a moment to remember
21 them. Richard Lenhart, Robert Blake, Cody Still,
22 Daniel Pastorek, John Brady, Martin Bucek,
23 Robert Harper, Vinckley Harris, Justin Brady,
24 Paul Allen, Roger Millspaugh, Paul Spisak,
25 Gerald Thomas, Jerry Lee Ross, Jr., Victor Joseph

1 Zilinek, Ronald Andrus, Anthony Talotta.

2 I'm sorry to have to read these
3 names. I wish they were still here, and I hope
4 the fact that they are not here on your watch,
5 all of your watches here on the Board and the
6 Administration, will lead to a continued and
7 strong understanding of your mission to care for
8 those who are in your custody.

9 JUDGE HOWSIE: Thank you,
10 Ms. Bonavoglia.

11 David Maynard.

12 MR. MAYNARD: Hello. My name is
13 David Maynard. That's D-A-V-I-D M-A-Y-N-A-R-D.
14 I'm a staff member at the University of
15 Pittsburgh School of Public Health and a student
16 at the Graduate School of International Affairs,
17 Public International Affairs. I don't speak for
18 the leadership of these institutions but I warn
19 you that the Board -- I warn the Board that the
20 ongoing public health crisis and injustice in the
21 Allegheny County Jail is not going unnoticed by
22 the faculty, staff, and students there. It
23 speaks to the duration of this crisis that my
24 colleagues at Public Health have organized
25 several meetings with this Board and also with

1 the Warden to implement public health
2 interventions with the overall crisis that's been
3 happening over the years. This has been going on
4 for several years now. We've had several
5 meetings. It speaks to the incompetence of the
6 Warden with over a year of repeated warnings with
7 the public health hazards in his jail but have
8 not been addressed. The adverse health effects
9 of denying inmates proper heating, nutrition,
10 sanitation, physical activity, reading material
11 or human contact are well documented.

12 While the best public health
13 intervention we can implement is the allowance of
14 teeth to this Board by putting -- filling out all
15 of these citizen slots and maybe some new
16 leadership at the jail. We must implement the
17 interventions that we can. So I implore the
18 Board to work with the faculty at the School of
19 Public Health to address the aforementioned
20 public health problems that are in the jail at
21 the moment, especially the heating that we've
22 heard so much about in the past month. I believe
23 that we can save lives this winter that way.

24 I know that I won't rest until the
25 eyes of this institution are transfixed on the

1 injustices that the Warden and Rich Fitzgerald
2 can't even muster shame for.

3 Now I did notice on the agenda that
4 the book committee -- there's a -- instead of
5 talking about the book committee's activities,
6 it's talking about the creation of the book
7 committee. So I'm really hoping what that means
8 is the book committee has been created, is
9 active, and we're going to vote on the motions
10 that Bethany Hallam put up last month because
11 really there's no excuse for that to be put off
12 any longer. Thank you.

13 JUDGE HOWSIE: Thank you. We'll
14 now hear from Angel Rose Kapiris, Kapiris.

15 MS. KAPIRIS: Hi, my name is Angel
16 Rose Kapiris, K-A-P-I-R-I-S. I would like to
17 start off by thanking y'all for coming and
18 holding these meetings to address the issues that
19 many people don't bother to notice. And the
20 inmates at the ACJ would like you to know how
21 things are on the inside.

22 The Allegheny County Jail has
23 methods close to torture for everyday lives of
24 inmates. These inmates have to not only bear and
25 tolerate but are forced to live in conditions

1 most humans can't even imagine, and the facility
2 allows it. The jail serves them not only
3 unappetizing but inedible and health-hazardous
4 food that, on a regular basis, has vermin
5 droppings, dead animals, mold, a variety of bugs,
6 including roaches, embedded in their three meals
7 a day. They are supposed to be able to sustain
8 the inmates through their entire time in the
9 facility.

10 These inmates also have to endure
11 extreme temperature changes inside of the jail to
12 the point that these men and women can see their
13 own breath on cold days and purposefully move
14 their cots to the floor to try and get more heat
15 from people on the other side of the cell wall.
16 Why the jail leaves these inmates to suffer under
17 such extreme conditions should disgust any and
18 everyone. They not only are left cold and
19 hungry, but they then have to endure mental and
20 emotional abuse from the guards who maybe just
21 don't like you, are having a bad day, or simply
22 because they can abuse you knowing that you're
23 voiceless and powerless under their control.
24 This can look like anything from taking something
25 off of the inmate that they had to buy for

1 themselves from the jail or sending them to the
2 hole, which is solitary confinement, where
3 they're forced to spend anywhere from seven or
4 more days and 23 hours inside of a room with no
5 extra food, no blankets and more things that we
6 all use on an everyday basis as basic humans.
7 Most people can't even imagine what that does to
8 someone's mental, emotional, and physical health,
9 especially when some people have done nothing to
10 deserve such a severe punishment.

11 Alongside that statement, I would
12 like to comment on one specific guard. His name
13 is Brian Englert. He has been described by the
14 inmates that he is less like a guard and more
15 like a ringleader and a bully. He's known among
16 inmates to not only be racist and homophobic but
17 to purposefully try to pit other races against
18 each other and only hire certain races unless
19 there's no other option. There have been
20 instances where a PREA, which is a Prison Rape
21 Elimination Act, has been put against this guard
22 specifically, and instead of handling it in a
23 professional manner, Guard Brian Englert decided
24 to use his power to bully, harass, and demean the
25 inmates until he finds any reason that he would

1 like to send them to the hole, even if the reason
2 is not valid of such punishment.

3 All of these things, like it or
4 not, are the facts and these inmates must endure
5 this abuse no matter how long and how unjust it
6 is, and all of that is still just scraping the
7 surface on the issues occurring in this facility.

8 In conclusion, ACJ is one of the
9 largest and most secure buildings in America and
10 in the world. And with finding the information
11 stating that they have a budget of over
12 \$50,000,000 a year, I wonder where their funds
13 are going that they cannot afford to treat
14 inmates with basic human decency. And the only
15 conclusion that I can come to is that they just
16 simply do not care about the taxpayers' dollar
17 nor humans, in general, to know that these are
18 everyday conditions, and to sit by and do nothing
19 while the people that we know and love are being
20 tortured inside of this government-funded
21 facility.

22 These things can all be changed. I
23 believe that Warden Orlando Harper should take
24 responsibility by personally implementing and
25 overseeing to make sure that the food is edible

1 and not health hazardous, possibly health
2 inspector checks regularly, using the temperature
3 controls inside the facility to keep inmates at a
4 livable temperature, and proper analysis by a
5 judge of punishment due to behavior write-ups to
6 avoid abuse of power among guards and to ensure
7 that no one individual can be treated for unjust
8 reasons.

9 JUDGE HOWSIE: Thank you very much,
10 ma'am.

11 MS. KAPIRIS: Thank you.

12 JUDGE HOWSIE: Thank you.

13 We will not hear from -- I believe
14 this is Dominic Rometo, "Rometo."

15 MR. ROMETO: Hi. I'm Dominic
16 Rometo, D-O-M-I-N-I-C. Rometo, R-O-M-E-T-O. I
17 have a loved one -- my girlfriend is -- she's in
18 drug court. She's been in drug -- she was in
19 drug court in 2016, and she graduated. Something
20 happened. She was on probation. She violated --
21 she chose to go back into drug court, and I
22 believe that there's just some type of scam or
23 something just to try to keep people coming in
24 and out of the jail on a rotating -- and like she
25 said before me with the conditions of the jail --

1 well, long story, she -- she was pregnant. She
2 found out she was pregnant while she was in jail.
3 She was on her medic- -- the medication. She had
4 to -- they had to change all her meds. She went
5 to that Passage -- to Recovery they were talking
6 about earlier, the halfway house. It used to be
7 female offenders. When they brought her there,
8 they gave none of her meds. As far as I believe,
9 they're still in the jail's count. She had none
10 of her meds, psych meds, sleeping meds, nothing.
11 On the third day, she had a miscarriage.

12 I'm her emergency contact. She
13 called -- she said that she wanted me -- they
14 said they were going to contact me. They never
15 called me, nothing. I didn't have -- I didn't
16 hear from her for two days. She was in the
17 hospital, whatever. She tells me she didn't know
18 how to tell me. She was upset about it. We both
19 are.

20 But she still went two or three
21 more days without her psych meds, even after
22 that. But somehow, for some reason, she told me
23 that they don't like to even -- she was on
24 Subutex because she can't get the Sublocade shot
25 because she was pregnant, so they had her on

1 Subutex. They don't do that there, but why would
2 they send her there? But the very first day
3 after she had her miscarriage they hurried up and
4 rushed her to Central Outreach to get her
5 Sublocade shot. They were so worried about her
6 getting this shot, but they couldn't worry about
7 her getting her own medication that she'd been on
8 for years, her sleeping med, her psy- -- her
9 depression meds. It's just an --

10 And she had court October 27th and
11 she was -- she went there the day before court.
12 They have a five-day blackout -- or a five-day
13 quarantine, so she had to reschedule -- they
14 couldn't go to court. The whole thing with her
15 going there was supposed to get her out faster.
16 Well, now she missed court. They still -- that
17 was October 27th. They still haven't scheduled
18 her a court date at all because she told drug
19 court she wanted to close out because they keep
20 messing her up, messing her up.

21 They put her in jail for the
22 craziest things. Just if you're not there, right
23 there when you're told, or they just put these
24 stipulations -- and like how you said what's the
25 point of letting somebody out if they're not

1 really free? If they can't experi- -- or they
2 can't enjoy their life because it's so
3 controlled -- and with the house arrest monitor,
4 telling her she can't even go to her work? They
5 told her -- she lost jobs because of drug court
6 telling her she couldn't go at times, and she had
7 permission, and she had to come home early.
8 They -- you know, employees want you to be able
9 to -- an employer wants their employee to be on
10 call if they need you to come help or stay longer
11 because somebody can't come, but she can't do
12 that. And she is tired of it, and she wants to
13 fight against it, but now they're putting her in
14 positions to where she's been in there for three
15 months without even a court date now. Now she
16 just wants to come home.

17 I'm just sorry. It was very
18 emotional, and I appreciate everybody listening,
19 and have a nice day.

20 JUDGE HOWSIE: Thank you, sir.

21 Thank you.

22 Robert Matta?

23 AUDIENCE MEMBER: That was an
24 error.

25 JUDGE HOWSIE: Was an error. Okay.

1 So he will not be speaking?

2 AUDIENCE MEMBER: No.

3 JUDGE HOWSIE: Okay. Allison
4 Haley-Lewis.

5 Hello.

6 MS. HALEY-LEWIS: I'm Allison
7 Haley-Lewis, H-A-L-E-Y hyphen L-E-W-I-S. I'm
8 here on behalf of the Corrections Collective,
9 which is a community-based advocacy group
10 representing over 20 organizations that advocates
11 for a system that fosters rehabilitation rather
12 than punishment.

13 One of the stated goals of the jail
14 redesign is to provide additional tools for
15 programming and services for those individuals
16 who are incarcerated at the facility. As you and
17 the County reimagine the jail, we advocate that
18 the jail increase their partnerships with
19 community-based mental health organizations and
20 that the County provide financial support for
21 said partnerships. We know that mental health
22 treatment is a key influence on an individual's
23 likelihood of incarceration and recidivism, and
24 while there are programs for mental health
25 offered in the jail, they are not accessible to

1 the entire population. Forming partnerships with
2 community-based organizations can expand the
3 provision of mental health services and allow for
4 continuity of care. Having contact with service
5 providers greatly increases a person's comfort
6 level in obtaining services. And a provider's
7 ability to make contact prior to release will
8 improve service utilization once individuals
9 return to their community.

10 Additionally, the jail has
11 struggled to retain mental health personnel for a
12 variety of reasons, I'm sure, including burnout,
13 and having mental health providers split their
14 time between community and incarcerated settings
15 could reduce this.

16 We'd also like to advocate for a
17 guaranteed private space for individuals to meet
18 with mental health providers. Privacy is a
19 necessity for mental health treatment, and the
20 interview rooms in the jail meant to provide this
21 are currently off-limits as they're being used to
22 store tablets. So we request that a new location
23 be used for storing tablets so that interview
24 rooms can be used for meetings between mental
25 health providers and individuals in the jail.

1 Thank you for your time.

2 JUDGE HOWSIE: Thank you. We will
3 hear from Tanisha Long.

4 MS. LONG: Hi, before I say my
5 name, I just want to say thank you for moving
6 Public Comments back up to the front. It really
7 helps to like accommodate people with schedules,
8 so I do appreciate that.

9 My name is Tanisha Long,
10 T-A-N-I-S-H-A L-O-N-G. The Allegheny County
11 Jail's policies concerning mental health
12 designations and tiers is inhumane and
13 unacceptable.

14 In an April Jail Oversight Board
15 meeting, Warden Harper described the policy of
16 denying people recreational time based on their
17 mental health tier as such. Incarcerated
18 individuals living on mental health pods --
19 mental pods are designated in tiers, which has
20 been approved by a medical doctor, and the
21 provider determines what tiers these individuals
22 are.

23 Individuals on Tier IV and V do not
24 get any type of recreation for their safety.
25 Tiers I, II and III get out-of-cell time. This

1 is the process we put in place.

2 For those not aware, people in the
3 jail's mental health pod do not get to take
4 tablets into their cells. They're only able to
5 message loved ones, access entertainment, or read
6 E-books during rec time, so no rec time for
7 Tiers IV and V. They cannot communicate with
8 their families.

9 This means incarcerated people with
10 mental health issues are not only being isolated
11 from human contact and socialization, but they
12 are effectively being placed in a punitive
13 situation based on a mental health condition they
14 cannot control.

15 Earlier today, Rachel Bridgeman, a
16 young lady who spent two months in jail due to a
17 behavioral hold placed on her by jail staff, was
18 reunited with her sister from Georgia, who took a
19 bus to come fight for her. Due to the tier
20 system, she did not have access to a tablet to
21 let her family in Georgia know that she was
22 incarcerated and spent two months in periods of
23 isolation. As her mental health declined, she
24 was tased, and she attempted suicide. Her family
25 thought she was dead because they had not heard

1 from her since August. She was not able to go to
2 court because staff did not remove the behavioral
3 health hold even after her mental health tier was
4 moved from a V to a II. Had other incarcerated
5 people not reached out, she would likely still be
6 in jail, and her family would never have known.

7 The jail did not contact her when
8 Rachel was hospitalized. They effectively
9 contributed to her mental health decline,
10 self-harm and prevented her from attending court
11 because of the tier hold.

12 As we know, the jail also -- as we
13 know the jail no longer requires masking, but
14 they do require a period of isolation for ten
15 days in response to the COVID-19 pandemic.
16 During this time, tablets are not given to people
17 on mental health pods. The rec time is not
18 given, and there's no socialization. Tablets do
19 not spread COVID, so why are they being denied
20 during this isolation period? The policy of
21 ten-day isolation is nonsensical given the fact
22 that correctional officers go in and out of the
23 jail daily and pose the same risk of spreading
24 the virus but require no special quarantine. The
25 Warden is behaving as though only people charged

1 with a crime can spread COVID.

2 And finally, I'm not -- I'm sure
3 you can imagine the mental toll ten days of
4 isolation can have on a newly incarcerated
5 person. The Warden loves to tell the benefit of
6 the tablets, as a means to keep in touch with
7 families, but this is denied during isolation.
8 With the jail's reliance on the mental health
9 tier system, it is entirely possible for an
10 incarcerated person to rise in tiers due to this
11 isolation. Increased tier level means denied
12 privileges when they leave isolation. It leads
13 to behavioral health holds and can lead to
14 suicidal behaviors and is that the point? Does
15 the jail want to break spirits of incarcerated
16 people?

17 I ask the Board to force the jail
18 to lower this period of isolation as it is
19 nonsensical, and they can be tested out of it.
20 Thank you.

21 JUDGE HOWSIE: Thank you very much.
22 Brad Korinski.

23 MR. KORINSKI: Good evening,
24 everyone. Brad Korinski, K-O-R-I-N-S-K-I,
25 private citizen. I come here today in support of

1 Mr. K's proposal for exit interviews and for a
2 deeper examination of the staffing problem. I
3 was on the call with Nurse Bunts more than a year
4 ago. What she related to us were problems that
5 were systematic, that were chronic, and that
6 provide context as to why the County continues to
7 have staffing issues at the County Jail. It
8 wasn't simply a clash of personalities that
9 caused Ms. Bunts to leave. And to put her in
10 some context, she had been a State Corrections
11 employee for 30 years. She was no shrinking
12 violet. She had seen some difficult things, but
13 to her what she encountered at the Allegheny
14 County Jail led her to quit rather quickly and
15 rather abruptly. That needs to be followed up
16 on. We need to uncover those notes, revisit this
17 issue, and start to examine why there continues
18 to be a staffing problem that has gone on really
19 for more than a decade. Because in a county
20 jail, there are a lot of factors that are beyond
21 the Warden's control, that are beyond the
22 County's control. That's why for most people, a
23 county jail is not a good place to be because a
24 lot of things can happen. But there are things
25 that are within the County's control. Food,

1 commissary, access to communications and loved
2 ones, staffing facilities. And hopefully, now
3 that the jail has a liaison position, can develop
4 some institutional depth that the Jail Oversight
5 Board can then tackle those issues that are
6 within its control, that we can ensure that we're
7 getting good food, timely commissary, facilities
8 that work properly and then focus attention and
9 resources on those to control those factors,
10 because we are a county that is a well-run
11 county, that is a fiscally advantaged county, and
12 these issues that we continue to hear time and
13 again should not have to happen.

14 So thank you for your time and all
15 the effort that you've put in. I appreciate it.

16 JUDGE HOWSIE: Thank you very much.
17 Thank you. Jodi Lincoln.

18 MS. LINCOLN: Hi. Thank you. Jodi
19 Lincoln, J-O-D-I L-I-N-C-O-L-N, she/her
20 pronouns.

21 On social media and in these
22 meetings, jail staff keep touting these 20,000
23 books they have available to folks inside.
24 However, when we actually speak to people who are
25 incarcerated, no one is clear how to request

1 those books, what's available or how to get them.
2 While the county is spending millions of dollars
3 right now on Reimagining the Jail with the help
4 of CBI Architects, I propose that the jail
5 creates an actual physical library that people
6 can access during recreation time and out-of-cell
7 time and actually check out books from. E-books
8 do not replace the need and benefit of physical
9 books and having a library.

10 There are lots of jail and prison
11 library programs and models around the country
12 that the jail can learn from. For example, in
13 San Francisco, the local library system runs the
14 library services in the jail, including research
15 and educational assistance. They have a
16 dedicated staff and a robust budget.

17 A couple of key things that ACJ
18 could do to make a library successful. Hire a
19 professional librarian. Pittsburgh has lots of
20 them. We have one of the best library science
21 schools in the country at Pitt. Have a book
22 budget to make sure that the books are replaced,
23 and titles kept up-to-date. Make sure that there
24 are in-demand and culturally relevant titles,
25 both fiction and non-fiction. A well-funded and

1 accessible library in jails not only has a
2 positive impact on the people inside, but also on
3 the safety of the jail as a whole. If the goal
4 of the contract with CBI Architects and the
5 Reimagining the Jail Program is really to
6 implement reforms in the justice system, as
7 Amy Don has claimed, and to expand programming,
8 creating a library is a really, really
9 low-hanging fruit.

10 Please consider this as an
11 extremely important part of improving book access
12 for incarcerated people and reimagining the jail.

13 Thank you for your time.

14 JUDGE HOWSIE: Thank you very much.

15 I apologize. I cannot make out
16 this name, but it looks like the first name is
17 Beth.

18 MS. SCHONGAR: Beth Schongar,
19 S-C-H-O-N-G-A-R. Allegheny County Jail lacks
20 proper staffing in the Medical Department.
21 Sorry. The Allegheny County Jail has more people
22 needing medical care than the medical staff can
23 handle. The result is large gaps in medical care
24 in the jail. Two or even three doctors cannot
25 provide coverage at the jail 24/7, with more than

1 half of the 1,500 people having serious medical
2 and/or mental health issues. Overall medical
3 staffing also has big problems. Last month,
4 there were 69.5 open positions in the medical
5 department, of which about 52 were direct care
6 positions. We're talking 20 nurses; 20 in mental
7 health care and addiction care; 12 doctors,
8 physician's assistants and nursing practitioners.

9 As a result of understaffing,
10 people are missing essential treatment and
11 medicine, such as insulin. Doses are delayed or
12 skipped, or prescriptions in place before people
13 arrived are not continued. Trans people are
14 missing hormone treatments and end up with
15 breakthrough bleeding. People suffering
16 depression are missing SSRI doses resulting in
17 suicidal thoughts and attempts. People die of
18 contraband drugs because MAT, Medication
19 Assistant Treatment, needs more medical staff
20 before it can be implemented for everyone who
21 needs MAT, and the list goes on.

22 We must drastically reduce the
23 number of the people in the jail since we cannot
24 provide adequate medical care. And we should not
25 be talking about prioritiz -- about privatizing

1 or outsourcing incarceration, leaving us with
2 even less transparency.

3 JUDGE HOWSIE: Thank you.

4 We will now hear from
5 Marion Damick.

6 MS. DAMICK: D-A-M-I-C-K, like
7 Damick it. Okay. Actually, I'm glad I came a
8 little late because I got to hear quite a few --
9 all the things -- not all the things, but most of
10 the things going on because I lost the note that
11 I wanted -- what I wanted to say. I can give you
12 some answers, some ideas that you might try, try,
13 please.

14 Okay. First, I want to tell you
15 about the inviting -- I mean, notifying -- this
16 came up at the last meeting, notifying the parent
17 of an inmate who is deceased, the problem. That
18 came up many years ago but -- in another
19 Oversight Board. And even one of the judges
20 said, oh, yes, she knew that it was -- it would
21 be a jam. A lot of people, and really it was the
22 hospital who said we can't take care of it. You
23 have to stop that. So they, unfortunately,
24 stopped everything, including noticing. You
25 should notice -- when you -- you should give --

1 it's important that you give notice when an
2 inmate has died to the person who was listed on
3 their report. They list somebody, usually a
4 mother, but whoever, somebody else.

5 And give them at the same time the
6 information that they should not try to visit
7 the -- in the hospital, that there's going to
8 be -- there is always a guard there. It causes a
9 problem. You will have the police come in. It's
10 a mess. Please wait, and we will keep you in
11 touch and immediately send you the report from
12 the coroner. Immediately. That's one thing that
13 seemed -- the jail seems to fail in doing
14 anything immediately. Please do.

15 However, one of the thoughts that
16 I've had on all of these problems is work with
17 Pitt Med School. Really work with them and see
18 if you can get them to require a student, all
19 students who are taking mental health medical
20 information or health or whatever studies, as
21 well as medical studies, that they spend one
22 semester at the jail working, one semester, and
23 give a report back immediately after that
24 semester, or even if they discover something
25 that's crisis immediately. Require them to do

1 that. You might -- who knows, be able to get
2 some of this in -- what's happening changed.
3 They can get -- bring new ideas into what you
4 have. But it's an idea that's been tried at
5 other places, and it works. Something out to
6 work here because very little does.

7 The other thing is I have both Pitt
8 and the medical people informing parents. And
9 frankly, if you just did that, I think
10 everybody -- half of the people who are coming
11 here wouldn't need to come. But you've had some
12 very important people whom I know -- happen, come
13 and complain and pfft, you've done nothing. I'm
14 telling you, try to do something. Forget -- I'm
15 not going to be able to tell you what's going
16 wrong, but get rid of the rats. Or one thing you
17 can do, make the person who comes -- the head
18 people, eat the same meat. In fact, if you give
19 the rats the meat, they're going to die anyway.
20 Okay? That's it.

21 JUDGE HOWSIE: Thank you. Thank
22 you, Ms. Damick.

23 We will now hear from Laura
24 Perkins.

25 (No response.)

1 JUDGE HOWSIE: There's no Laura
2 Perkins, no? Okay. I believe this is Reverend
3 Dave Swanson.

4 PASTOR SWANSON: That's a tough act
5 to follow.

6 JUDGE HOWSIE: Absolutely.

7 PASTOR SWANSON: My name is Dave
8 Swanson. I'm Pastor of Pittsburgh Mennonite
9 Church and convener chair of the Spiritual
10 Leaders Caucus for the Pennsylvania Interfaith
11 Impact Network.

12 My comments today -- really,
13 they're not comments. They're a plea, and
14 they're directed specifically to you as the Jail
15 Oversight Board. I've been coming here for
16 months now and hear story after story, data
17 coming from so many people, and I recognize that
18 it is easy to numb out under the weight and
19 volume of the data that is coming at you and the
20 stories, the tragedy in them. But I'm here to
21 beg you, Board, to not let that happen, to bring
22 your humanity with you into this room, into your
23 role as the Jail Oversight Board. Don't allow
24 yourself to numb -- become numb in the face of
25 this tragedy. Instead, recognize the moral

1 tragedy that is happening and the ethical and
2 legal injustices that are happening in the jail
3 over which you have oversight. I beg you. Allow
4 yourselves to become properly disgusted and
5 dissatisfied about the situation of real human
6 beings incarcerated in this jail. I beg you.
7 Become more motivated to make life livable for
8 people in your facility. I beg you.

9 And the way to do that is to
10 exercise accountability over these people here
11 who are in charge of the day-to-day operations.
12 Rigorous accountability over the jail staff.
13 Demand immediate reestablishment of humane
14 conditions in the jail. Do not allow the excuses
15 of contracts, of institutional stability and
16 expedience to prioritize -- to not allow them to
17 take priority over the real situation of real
18 human beings who are suffering and dying. I beg
19 you.

20 Instead, prioritize the well-being
21 of the humans, our neighbors, our family, who are
22 at your mercy. They have little to no power, but
23 you do. Thank you.

24 JUDGE HOWSIE: Thank you.

25 We will now hear remarks from, I

1 believe this is Clara Swanson. Forgive me if
2 that's not your name.

3 MS. SWANSON: Hello. My name is
4 Clara Swanson, S-W-A-N-S-O-N. Dave is my father,
5 and I am 17 years old. I am a senior at Woodland
6 Hills High School.

7 I'm here today to remind you that
8 these deaths and the continued mistreatment of
9 the incarcerated people at the Allegheny Jail is
10 a deep concern of the people here, adults and
11 youth alike. Now, maybe the ability to ignore
12 and abate injustice is something that happens
13 when you get older, but I'm young, and my middle
14 name is Justice. This will not stand.
15 Judge Howsie, since you are the Chair of this
16 Board, my question is for you. Months ago, this
17 Board promised to hire a liaison to get some real
18 information about what is going on in this jail
19 to you and to us, the people. It has been
20 months. Now tell me, what is the reason for this
21 atrocious delay and what are you going to do to
22 make this hire?

23 JUDGE HOWSIE: I don't answer
24 questions.

25 MS. SWANSON: Okay. The next time,

1 put it on the agenda. Thank you.

2 JUDGE HOWSIE: Thank you.

3 We will now hear from Nadia Narnor,
4 perhaps.

5 MS. NARNOR: Hi. Nadia Narnor,
6 N-A-R-N-O-R. I'm an organizer for CADBI-West. I
7 wanted to say thank you for moving Public
8 Comments up. That's very nice for us.

9 I just wanted to say that there's
10 so much retaliation that happens in this jail
11 between the guards, between the people
12 incarcerated, and it's happening too often. It's
13 not only censorship but isolation from being able
14 to advocate for yourselves. People's tablets are
15 being taken away because they get -- they're
16 talking to their lawyers. People are being
17 framed for contraband when they were never even
18 in their cell. What are you going to do about
19 it? Because if people are supposed to be doing
20 their jobs, they're really not doing it. So what
21 are you going to do about it?

22 People like Aaron Tipton are in
23 danger, and they can't speak to anyone else.
24 What are you going to do about it? We want our
25 communities to be protected, not be crying out

1 for help and ignored, and clearly, that's
2 something you all think is okay. What are you
3 going to do about it?

4 People in 3-B had no heat for over
5 three days. Over 60 men had no heat and the
6 temperatures were under 21 degrees. Due to
7 decisions made by this Board, incarcerated people
8 are not given warm blankets. Instead, they're
9 given suicide-resistant blankets that they cannot
10 properly warm themselves with. Extra clothing
11 was not provided, even though the PR guy said
12 they were, and the Jail Oversight Board was not
13 immediately notified, which is not a surprise,
14 but that's illegal.

15 The Warden does not believe that he
16 has to be transparent when problems arise at the
17 jail that threaten the safety of incarcerated
18 people and the people that work there. Contrary
19 to this belief, the jail is not run at his
20 discretion, and he does not have a right to
21 torture people in there.

22 As members of the Jail Oversight
23 Board bundle up in warm clothes and tuck
24 yourselves to sleep every night, I beg you to
25 consider the three days of misery that people

1 could have had prevented. An extra anti-suicide
2 blanket is not enough. We need real solutions
3 before we face another heating crisis, which I am
4 sure is going to happen, and I will be here to
5 talk about it. We need to know when the jail is
6 not being heated properly. We need to know when
7 sick calls aren't being answered and how people
8 are waiting, waiting to know when they're going
9 to have edible food, when their next lockdown is
10 going to be, and when the Warden is going to next
11 violate the solitary confinement referendum that
12 we all signed. We deserve to know every single
13 thing that happens at the jail, because there's
14 so much wrong happening, and I don't know how you
15 sleep at night.

16 JUDGE HOWSIE: Thank you.

17 I think that was the last public
18 comment. We will now hear from Erin Daltman --
19 Dalton, I'm sorry, regarding Rethinking the Jail.
20 Sorry about that.

21 **PRESENTATION - RETHINKING THE JAIL.**

22 MS. DALTON: Thanks. I think I'll
23 just sit here if it's alright with everybody.

24 I'm Erin Dalton. I'm the Director
25 of the Department of Human Services, and I'm

1 happy to give an update on the reimagining,
2 repurposing, rethinking the Allegheny County
3 jail.

4 We published a bunch of updates to
5 the Safety and Justice web page earlier this
6 week, so members of the public and the Jail
7 Oversight Board can certainly take a look at
8 that, and I'll provide a brief update for
9 everyone.

10 And I think -- I think it's just
11 worth saying that there's been for as long as
12 I've been in this county, not just working for
13 the county, a group of people, changing actors
14 who have worked to think about broader criminal
15 justice reform, kind of looking around the corner
16 at what we can do to continue to be better and
17 improve operations. That does always include the
18 jail, the Department of Human Service, members of
19 the Court, the Health Department. I mean, I see
20 this as one of those kinds of bigger initiatives,
21 thinking about how we use this jail and how we
22 use it in the future.

23 It's been 30 years since any
24 planning effort went into thinking about the
25 actual facility, and we know that facilities and

1 their needs change, and that space matters to
2 people, right, you know, where we -- you know
3 Google and Amazon wouldn't be spending all of
4 that money on spaces if it didn't really matter
5 to the culture of the place where people work and
6 the place when people are. So I think that the
7 physical plant matters, and the population that's
8 being served in the jail is really different than
9 it was 30 years ago, and we have less people in
10 the jail due to a number of reform efforts that
11 have happened across those partnerships that
12 we've had for years. So I think it's a really
13 good opportunity for all of us in the public,
14 people here, people on the Jail Oversight Board
15 to participate in that kind of planning process,
16 thinking about what we need today and what we
17 need in the future.

18 So I'll give a little bit of an
19 update on the -- kind of how we got to this
20 place, a little bit of an update on who the
21 partners are and what the next steps are.

22 There's two kind of groups that you
23 might not be familiar with that I'll talk about;
24 so one is the MacArthur Foundation. They're a
25 national foundation based in Chicago. They've

1 been on at least a ten -- maybe a ten-year effort
2 to work with communities to reform criminal
3 justice systems and bring more equity to that
4 process.

5 And then locally, there's the
6 Institute of Politics chaired by former
7 Chancellor of the University of Pittsburgh,
8 Mark Nordenberg, and on this initiative partnered
9 with Fred Thieman, former US Attorney, Buhl
10 Foundation President, and so on, who have also
11 been instrumental in helping us think about these
12 broader reform efforts.

13 So for the timeline, and again part
14 of broader reform back in October of 2018,
15 Allegheny County and the Courts submitted an
16 application and received a grant to participate
17 in the MacArthur Foundation Safety and Justice
18 Challenge. So that was a big effort that we --
19 we put forward. And that is a national
20 initiative aimed at reimagining and rebuilding
21 local criminal justice systems to reduce jail
22 incarceration and increase equity.

23 Another really important event that
24 happened in the past couple of years was in 2019,
25 that Institute of Politics Group, they convened a

1 forum here in Allegheny County called Repurposing
2 Jails to Meet 21st Century Needs. While this
3 forum focused a lot on New York City and what
4 happened in the reform efforts at Rikers, it also
5 encouraged us to look at things that are
6 happening, you know, in Europe, Denmark, and so
7 on, where facilities operate really differently
8 and people have open spaces and communal
9 kitchens, have opportunities to participate in
10 more programming.

11 And closer to home, just in Chester
12 County, the Pennsylvania Department of
13 Corrections recently launched what they call a
14 Little Scandinavia Unit. You know, residents
15 there have access to a communal kitchen, a
16 landscaped green space, radically redesigned
17 cells, furniture in common areas. So these
18 things are happening around the county and around
19 the world and something that we can learn from in
20 Allegheny County.

21 So after that and, you know, lots
22 has changed over the past couple of years with
23 COVID and so on, so making these things harder to
24 put into place, but we've moved forward with the
25 next set of MacArthur initiatives. We were lucky

1 enough to be one of just a few sites selected for
2 additional funding from MacArthur because of our
3 jail population reductions and our reform
4 efforts. And so in February of 2021, we put
5 forward for those -- for that additional funding,
6 and in that, we included a number of initiatives,
7 including this one that I'm talking about today,
8 which was to fund a community-informed redesign,
9 that is physical structure of the jail, to
10 reflect a significantly smaller population,
11 optimize space for colocation of human services,
12 including diversion programming and other
13 prevention services.

14 We issued a solicitation in August
15 of 2021. We received seven proposals. We
16 reviewed those, and we made a selection. So the
17 county has, as you know, I think, recently
18 contracted with TranSystems. They're an
19 architectural and engineering firm, who is also
20 leading -- who is leading the group that includes
21 DLR. They're an architectural and planning firm,
22 and they have deep experience working on jail and
23 criminal justice systems. They're also joined by
24 Dr. Robin Timme of Falcon -- Falcon, Inc., who
25 has vast experience in delivering and overseeing

1 behavioral health services, as well as locally
2 based Pittsburgh Modeling Consulting, who's
3 tasked with bringing voices of people into the
4 process. So their principal has supported
5 various local community engagement and planning
6 efforts. So that's the team. They've been
7 recently bought. A number of these groups have
8 been recently bought by TranSystems, so I hear.
9 You know, CDL and others, those are -- that's all
10 the same teams so -- but there's been a number of
11 kind of acquisitions and mergers. So that's the
12 team working on this project with us.

13 We recently kicked off -- I think
14 the folks were here last week or the week before.
15 The consulting team visited the jail for an
16 initial walk-through, and the process will
17 conclude in late 2023 with a set of design
18 options and accompanying cost estimates.

19 So over the next year, you know,
20 starting now, the team that I just mentioned will
21 review the relevant data and projects going on in
22 Allegheny County. They will conduct a deeper
23 operational assessment of the jail. They'll
24 conduct a physical assessment of the jail. That
25 includes things like lighting, HVAC system,

1 plumbing, things of that nature. They'll consult
2 with the two existing advisory committees that we
3 have. That's the Safety and Justice Challenge
4 Criminal Justice Reform Committee and then the
5 Institute of Politics Justice Reform Progress
6 Panel. They'll facilitate listening sessions
7 twice with 10 to 12 individuals that include
8 people that are currently incarcerated, friends
9 and family members of individuals who are
10 incarcerated, and they'll also talk with people
11 who are serving folks in the jail, service
12 providers and others. They'll certainly consult
13 with criminal legal system partners, including
14 the jail, public defender, judges, district
15 attorney's office, court staff and so on.

16 Then they'll issue a broader survey
17 to -- that all Allegheny County residents can
18 participate in, so everyone in this room will be
19 able to provide feedback on this process.

20 They'll use all of that feedback
21 and that planning process to develop a set of
22 design options with accompanying cost estimates
23 for the consideration of the county and the
24 courts, and then, you know, we'll go from there,
25 right? So we'll have a pretty extensive robust

1 planning process, use the results of that
2 planning process to develop multiple design
3 options, and then -- and then we'll see what the
4 county and the courts want to do with that
5 information.

6 And we will -- we will continue to
7 provide updates on the SJC, the Safety and
8 Justice Challenge Website on that process. We'll
9 make sure that folks are aware of how to complete
10 that survey when it's issued. And I have -- and
11 certainly will continue to urge the consultants
12 to listen in to the taped versions of these
13 meetings. We heard several comments tonight on
14 how the jail might be repurposed, how that space
15 might be used to better service for our current
16 needs, for intake, and library, and services and
17 so on.

18 And so I'll just say I do think --
19 I do hope people are excited about this project.
20 It is an opportunity to look around the corner
21 for what we need today, which is a smaller
22 facility, more diversion, more programs, in my
23 opinion. I'll -- they'll have an opportunity to
24 provide feedback on the survey I guess as well --
25 but to really think about what we -- what we want

1 for this facility for the next 30 years, if you
2 will.

3 So that's -- that's my update, and
4 I'm happy to answer any questions if there's
5 time.

6 JUDGE HOWSIE: Any questions?

7 Ms. Hallam.

8 MS. HALLAM: Thank you. I have a
9 few. First of all, I want to thank you for
10 coming. I know that you know that we've been
11 wanting you to come and report on this for a long
12 time. So before I get into my questions, I want
13 to start off by thanking you, okay?

14 So the first thing that I was
15 writing down is really just about language. I
16 know you talk a lot about the people we serve,
17 but like we incarcerate them, so our job is
18 really to mitigate harm. We're not serving them
19 by locking them up or any of the things we're
20 doing for them in there. So that was merely, you
21 know, language.

22 Another thing is that you talked
23 about the collaboration, participating in the
24 planning of things, but yet neither the Jail
25 Oversight Board, or County Council have been

1 involved in any of these conversations. And so
2 I'm wondering how -- how we can have a
3 collaboration when arguably two of the most
4 crucial oversight bodies of the Allegheny County
5 Jail have not been consulted, have not been
6 included in the conversation? This has been
7 going on for months, and this is the first time
8 we're getting anything on it.

9 MS. DALTON: Yeah. I mean, we have
10 made a couple of updates to the Jail Oversight
11 Board over the past year or so prior to
12 initialing -- the solicitation, I think when the
13 solicitation went out. And I'll work with other
14 county partners to think about other
15 participation, but certainly, the Oversight Board
16 and County Council will, as members of the
17 public, obviously have an opportunity to
18 participate in that survey.

19 MS. HALLAM: Right. I mean, I'd
20 really appreciate if members of the public are
21 included as well, but I'm not asking for our
22 participation as members of the public. I'm
23 asking for our participation as Jail Oversight
24 Board members, as County Council members, as
25 other various elected officials, judges,

1 community members, right?

2 It seems like every time we hear
3 anything -- because, yes, we were told this is
4 happening. That's the reports that we've gotten
5 so far. Why is it never, what should happen?
6 Why is it never, who do you all think should
7 happen? Why are we completely left out of the
8 conversation? We're literally the statutorily
9 mandated Jail Oversight Board, and this is
10 reimagining the jail that we're the oversight
11 Board of.

12 MS. DALTON: Yeah. I will -- I
13 will consult with -- with the team on
14 opportunities to bring groups in. I can
15 imagine -- there's sort of a couple of groups
16 that we see as key stakeholders. Obviously, the
17 people that are incarcerated in the jail and
18 their family members, people who are working with
19 folks who are in the Allegheny County Jail, but
20 also the members of the criminal legal system,
21 people, you know, in the PD, DA's office, perhaps
22 those -- we can arrange some stakeholder
23 engagements with you as -- in that context.

24 MS. HALLAM: Yeah. I was going to
25 say, is there a way that I can participate in

1 these stakeholder meetings? I am a stakeholder.

2 MS. DALTON: Right. So I will
3 absolutely take that back.

4 MS. HALLAM: Okay. Can you try to
5 like push it a little bit, too, when you take it
6 back? I would appreciate that. I'll be helpful,
7 I promise. I promise I will be.

8 Okay. Thank you. The next thing
9 that I have is about -- oh, so I was looking on
10 the website, the Safety and Justice or whatever
11 link I was looking at, and so one of the things I
12 noticed that was like a goal was providing
13 representation at bail hearings, and next to that
14 goal it says that it was fully implemented, but
15 it has not been. And so I'm just wondering what
16 you define as fully implemented because I know
17 for a fact that bail hearings are happening
18 without representation.

19 MS. DALTON: Yeah. I'll check
20 that. I don't think it has been fully
21 implemented. I -- that was a pilot, and I think
22 they're -- they're trying to get to full
23 implementation, so I'll check that language but
24 I -- and we can provide an update.

25 MS. HALLAM: And I can give you the

1 screenshot if you want or if you want to pull it
2 up. I have a screenshot of it.

3 MS. DALTON: No, I believe you.
4 Let me take a look. We want that information to
5 be correct. It's problem- -- it's likely that
6 the pilot was fully implemented, but that
7 clearly, we haven't gotten to full implementation
8 across the county.

9 MS. HALLAM: Yeah, so I do enjoy
10 the fact that there is the website there that
11 kind of seems that it's keeping things
12 up-to-date, but it's kind of useless if it's not
13 accurate.

14 MS. DALTON: Absolutely.

15 MS. HALLAM: So if we can just
16 change that language to either like maybe a step
17 process, like pilot started. It's happening.
18 Fully implemented, something like that.

19 MS. DALTON: Sure. Absolutely.

20 MS. HALLAM: And other than that,
21 just one thing I wanted to add is I was talking
22 to -- and maybe you can take this back until I
23 get my stakeholder invite -- but I was talking to
24 someone who was involved as part of the original
25 construction of this jail, and we switched

1 over -- and something that they were suggesting
2 that was brought up a lot, and again, I was like
3 in kindergarten when this happened, so I wasn't
4 there, but this was just relayed to me -- is that
5 if you notice that most detention centers are
6 horizon buildings and that's for a specific
7 purpose. Like there is an intention behind the
8 design of detention facilities for safety, for
9 security, just for the well-being of the people
10 incarcerated there and the people who work there
11 as well, and that folks fought really hard
12 against the vertical construction of the jail at
13 the time that it was built, and now we're seeing
14 the ramifications of that, of the pod system, and
15 we're seeing the problems that happen with that.

16 So do you think that -- I mean, I'm
17 not, I guess, asking you to commit to doing it
18 but that would be cool if you did, but like do
19 you think that you could take that back to make
20 sure that that's at least considered, that they
21 look into best practices of the physical
22 construction and design, and that we possibly --
23 if a facility has to be built, that we maybe do
24 it the right way this time as opposed to like
25 some riverfront, vertical property?

1 MS. DALTON: I -- absolutely people
2 will -- the team will look at what is
3 state-of-the-art now. I believe a bunch of the
4 proposals that we received referenced that at the
5 time, I guess that was like what they built --
6 they felt was state-of-the-art, so we need to
7 look at what state-of-the-art is today.

8 And the team that we've contracted
9 with has expertise in doing that, and so we
10 absolutely do want to be looking at what's
11 best -- you know, best today, what are those
12 standards, and then how we can try to figure that
13 out within the current space.

14 MS. HALLAM: Okay. Thank you very
15 much.

16 MS. DALTON: Uh-huh.

17 JUDGE HOWSIE: Any additional
18 questions?

19 CONTROLLER O'CONNOR: Sorry, I do.
20 Sorry, I'm late, everybody. We have -- wife has
21 the flu, and it's a crazy time at my house. I'm
22 good though, so don't worry. I told Judge that.
23 I should be sitting in the quarantine.

24 So just real quick. So I don't
25 have my exact note in front of me, but we did

1 question, or we reached out to the organization
2 that's doing this for you guys, and I guess in
3 September, they had only logged in ten hours of
4 work.

5 MS. DALTON: Uh-huh.

6 CONTROLLER O'CONNOR: Are we going
7 to be tracking that throughout the process of how
8 much they -- I mean, my thought is it's \$700,000.
9 Like are we going to be sho- -- taking care of
10 what they're actually doing, how many hours
11 they're actually working?

12 MS. DALTON: Yeah.

13 CONTROLLER O'CONNOR: I'm just
14 thinking from the Controller's standpoint, this
15 is taxpayer money. Let's make sure they're
16 actually doing the job, but it was just alarming.
17 Like they came in July, and they only had ten
18 hours in September. Maybe it's been more since
19 then, but is somebody going to just be tracking
20 that throughout?

21 MS. DALTON: Yeah, of course.

22 CONTROLLER O'CONNOR: Okay.

23 MS. DALTON: Of course, we will.
24 They will have to submit invoices with hours, as
25 you can tell.

1 CONTROLLER O'CONNOR: Yeah.

2 MS. DALTON: And they're clearly
3 not overbilling them.

4 CONTROLLER O'CONNOR: That's a good
5 sign.

6 MS. DALTON: No, I mean -- no, the
7 project really just started.

8 CONTROLLER O'CONNOR: Okay.

9 MS. DALTON: They were here a week
10 or two ago. I don't -- I don't even recall them
11 being in here in July. We've really just kicked
12 off the project. So there was -- there's -- and
13 then part of the reason we haven't been here to
14 provide updates is because there was really
15 nothing to update on. We executed a contract.
16 We've done some planning over the phone, and the
17 first real kickoff of the engagement was, you
18 know, a week or two ago when they were in town.

19 CONTROLLER O'CONNOR: Okay. Yeah,
20 that's fine.

21 MS. DALTON: But absolutely they
22 will be --

23 CONTROLLER O'CONNOR: Sorry. I
24 didn't hear your beginning, so I just got here.
25 But just to follow up on that, are we -- are

1 there going to be sort of like town hall meetings
2 and discussions in neighborhoods about, you know,
3 what they'd like to see, or are we going to do
4 any of that sort of outreach as well?

5 MS. DALTON: Right. There's a --
6 I did update on that. There's a bunch of
7 information on the website. There will be focus
8 groups with key stakeholders, including.

9 CONTROLLER O'CONNOR: Santa Claus
10 is coming too, yeah. Yeah, he'll be here soon.

11 MS. DALTON: Including
12 Santa Claus -- people who are currently
13 incarcerated, people who have been previously
14 incarcerated, family members of incarcerated.
15 There will be a survey available to the general
16 public.

17 CONTROLLER O'CONNOR: Okay. All
18 right.

19 MS. DALTON: And so anyone can
20 participate.

21 CONTROLLER O'CONNOR: Thank you.
22 Yeah. Those were my only two questions. Thank
23 you.

24 JUDGE HOWSIE: Ms. Hallam.

25 MS. HALLAM: Yeah, I'm sorry. I

1 was just reading my notes, and I forgot one of
2 the questions that I wanted to ask, which I -- I
3 mean, it's definitely the most important
4 question.

5 But I know you have talked, and
6 I've heard the County Exec talk about it as well
7 years past, about a goal of getting the
8 population down to a certain number. I know
9 that's kind of like the idea of the smaller
10 facility and the new facility, too. I know the
11 number that he referenced when I heard him
12 talk -- I think it was at an Institute of
13 Politics thing a few years ago -- was 600. Is
14 that still the target? Is it maybe lower than
15 that, or is what is the target population --

16 MS. DALTON: Yeah.

17 MS. HALLAM: -- that we're trying
18 to get down to?

19 MS. DALTON: For the purposes of
20 this project, we have not set a target. I
21 want -- I think we all want to hear ideas about
22 how to better use the space. And as part of the
23 MacArthur Initiative, we do make estimates on the
24 impact of those kinds of -- of the investments
25 that we're making. And so while we don't have an

1 actual target, we make estimates on if fully
2 implemented, this is what would likely happen and
3 look around at other -- at other jurisdictions.
4 And so we're going to shoot for the smallest safe
5 population that we can have with, you know,
6 courts moving as fast as they can move in order
7 to get expedited case disposition and so on.

8 MS. HALLAM: Yeah. Because it does
9 seem that we've been having a slight decline in
10 the population so far. I know when COVID hit,
11 and that initial reevaluation by judges was done,
12 the population really did go down by a decent
13 chunk.

14 MS. DALTON: Uh-huh.

15 MS. HALLAM: And, you know, I keep
16 waiting to see the population when it's like
17 under the 1,400 mark. That's why we keep
18 creeping towards it and not crossing it.

19 MS. DALTON: Yeah.

20 MS. HALLAM: But, I mean, the
21 number -- again, the numbers that I've heard
22 proposed in the past were a fraction of that. So
23 I was just hoping that that was still the target.

24 MS. DALTON: Yeah. I mean, and you
25 know, conditions, crime, COVID, things of that

1 nature will impact population. I think we want
2 to be -- also thinking about a flexible space
3 depending on what we need. It could go smaller
4 than that even if we don't need it. And not all
5 of our safety and justice initiatives are fully
6 implemented as you -- as you've noted. And so
7 hopefully we do -- like a number of the bigger
8 things, you know, better -- and this is really in
9 my court, diversion, so people who are in need of
10 behavior health needs service don't have -- you
11 know, aren't incarcerated in order to get some of
12 that care.

13 So a number of the bigger
14 initiatives could still create pretty significant
15 reductions.

16 MS. HALLAM: Okay. And then my
17 last thing isn't a question but a comment. It's
18 just, you know, we talk a lot about diversion,
19 but I want to make sure that if we're trying to
20 be state-of-the-art, state-of-the-art is true
21 diversion, not diversion in air quotes where it
22 requires a guilty plea or requires some sort of
23 punishment. It's actually diverting people
24 completely from the criminal-legal system, no
25 charges on their record, no convictions. So I

1 just want to make sure that when we're -- if
2 we're really trying to do diversion, that we do
3 it right this time.

4 MS. DALTON: Yeah. Yeah. There's
5 a number -- and you'll see in the SJC Plan
6 there's a number of diversion initiatives. Some
7 of them you would define as true diversion, and
8 others that are, you know, at the time of arrest,
9 what can we do for folks? So I think there's a
10 continuum of diversion efforts planned.

11 MS. HALLAM: What in the plan would
12 you describe as a part that is true diversion?

13 MS. DALTON: Yeah. We're doing a
14 lot of work so that people -- so that people who
15 are in crisis, you know -- as you know, a lot of
16 people who are in crisis have no other option but
17 to call the police, right? And so -- and things
18 can happen from that. If you see somebody on the
19 street who you think you're concerned about, the
20 public may only have -- feel like they have an
21 option of calling the police. We want to make
22 sure our crisis options like Resolve, like our
23 social workers to help respond, co-response
24 models which can be true diversion, are there so
25 that people can get the help that they need.

1 MS. HALLAM: Okay. And do you have
2 any plans to work with -- you know, I've been
3 reading a lot about the 2nd Avenue facility that
4 is recently opened. Is there any, like, plans
5 that you have with this RFP to kind of like work
6 in coordination with that facility?

7 MS. DALTON: Yeah. I mean, I
8 think -- I think folks are open to ideas about
9 how those things could work together, and those
10 can be part of what the consultants hear. But
11 certainly, we want to think about, you know, what
12 opportunities even in -- like, you can imagine
13 non-carceral space in the current Allegheny
14 County Jail where you could have services, maybe
15 not housing, maybe it is, you know, mental health
16 supports or workforce programs or something in
17 the actual jail in non-carceral space and/or with
18 other services that are nearby like new
19 2nd Avenue Commons.

20 MS. HALLAM: Okay. Yeah. I just
21 read an article today that it said that they're
22 already full, and so I had always imagined it as,
23 oh, it's right by the jail. This is going to be
24 a great place for us to help folks. And, I mean,
25 the ribbon couldn't have got cut more than like a

1 week or so ago, and it's already at capacity. So
2 I don't know if you define that as a success in
3 like should we build another or what it is, but
4 just something I want you to be mindful of.

5 MS. DALTON: Yeah.

6 MS. HALLAM: And hopefully, I will
7 be in those stakeholder meetings to remind
8 everybody myself.

9 MS. DALTON: Thank you.

10 MS. HALLAM: Thank you so much.

11 JUDGE HOWSIE: Just as a point of
12 clarification. The -- the website is actually
13 correct in that there is representation at the
14 bail hearings. The goal was always to have
15 representation at the bail hearings at City
16 Court. The majority of the crimes that occur
17 where their bail is being set occur in the City
18 of Pittsburgh. So there is representation at
19 those preliminary arraignments. There are no --
20 there typically is no representation outside of
21 the City because a lot of times those arrests
22 result in summons, you know, obligation by
23 subpoena to appear in court. But when you have a
24 person who is actually being arraigned in City
25 Court, there were additional attorneys hired in

1 the Public Defender's Office to ensure that that
2 representation occurred.

3 So I just wanted to say as it
4 relates to the MacArthur Grant and the
5 expectation, it was for providing City Court, and
6 that has occurred.

7 MS. DALTON: Thank you,
8 Judge Howsie.

9 CONTROLLER O'CONNOR: I'm sorry.
10 So just real quick. Part of this is going to
11 also be like the pretrial detention -- all of
12 that is implied in this process, is that what
13 we're saying?

14 MS. DALTON: The questions here
15 were about the broader Safety and Justice
16 Challenge Initiative and not about the Reimagine.

17 CONTROLLER O'CONNOR: Okay. So
18 pretrial, you know, limiting arrests through
19 that -- the process, that is part of this
20 discussion, or that's separate, but DHS is doing
21 that -- or is part of this conversation?

22 MS. DALTON: This initiative falls
23 within a broader set of strategies to continue to
24 reform, improve the criminal justice system --

25 CONTROLLER O'CONNOR: Right. So

1 that's part --

2 MS. DALTON: -- including --

3 CONTROLLER O'CONNOR: So that's
4 part of the conversation that reshaping is --

5 MS. DALTON: Sure. And if there --
6 if the physical plant could be arranged better to
7 do better intake for pretrial, different types of
8 diversion, programming, healthcare, reentry, I
9 think, you know, those are the kinds --

10 CONTROLLER O'CONNOR: Okay.

11 MS. DALTON: -- of the ideas we
12 want to think about for the.

13 CONTROLLER O'CONNOR: Yeah. I just
14 wanted to be clear that that's what I got from
15 it.

16 MS. DALTON: Yeah.

17 CONTROLLER O'CONNOR: Okay.

18 Thanks.

19 JUDGE HOWSIE: Yes.

20 MS. HALLAM: Yeah, I just want to
21 re-correct the record -- is the update that you
22 just gave is actually false. So if I'm
23 understanding what you're saying right here,
24 you're claiming that there is -- there is
25 representation at bail hearings for anybody who

1 is in City Court, but that's not true. People
2 are getting arraigned overnight, even through
3 City Court, without proper representation.

4 The Office of the Public Defender
5 and the Jail are both Allegheny County, not just
6 city. But even if we are just talking about the
7 city, that's not true. The bail -- coverage is
8 sporadic. It's not overnight. There's a
9 District Attorney overnight, but not Public
10 Defender representation at bail hearings.

11 JUDGE HOWSIE: Well, it's just my
12 understanding based upon the Director of the
13 Public Defender's Office, a very qualified and
14 capable --

15 MS. HALLAM: Big fan, uh-huh.

16 JUDGE HOWSIE: -- who actually
17 implemented the process for ensuring that the
18 arraignments were covered. So people were hired,
19 and those hearings are covered overnight. And
20 there are attorneys working from the Public
21 Defender's Office during the evening shift to
22 cover those arraignments. There actually aren't
23 any district attorneys there because the district
24 attorney doesn't have any role in the arraignment
25 hearing. So I know for a fact that it's

1 occurring. I know for a fact it was put into
2 place, because I did it. So thank you.

3 MS. HALLAM: I'm not disputing that
4 they're happening at all. I just want to be
5 clear since you wanted to correct the record. I
6 just wanted to correct the record that they are
7 not happening, fully implemented in the city nor
8 the county.

9 JUDGE HOWSIE: Okay. Thank you.

10 We will now hear -- have a review
11 of the minutes.

12 Thank you, Ms. Dalton.

13 MS. DALTON: Thank you.

14 JUDGE HOWSIE: Has everyone had an
15 opportunity to review the minutes?

16 (No response.)

17 JUDGE HOWSIE: Is there a motion?

18 CONTROLLER O'CONNOR: So moved.

19 JUDGE HOWSIE: I'm sorry.

20 CONTROLLER O'CONNOR: So moved.

21 JUDGE HOWSIE: Is there a second?

22 JUDGE LAZZARA: Second.

23 JUDGE HOWSIE: Motion -- any
24 discussion?

25 (No response.)

1 JUDGE HOWSIE: All in favor?

2 (Chorus of ayes.)

3 JUDGE HOWSIE: Any opposed?

4 (No response.)

5 JUDGE HOWSIE: All right. The
6 motion carries.

7 I've been informed that there are a
8 number of Board members who are under the
9 weather, so we're going to go a bit out of order
10 and do the motions. Gail Moss actually asked me
11 to inform everyone that she had a death in the
12 family, and that is why she was unable to attend
13 the meeting tonight.

14 **NEW BUSINESS**

15 JUDGE HOWSIE: With that being
16 said, would you like to make your motion,
17 Ms. Hallam, regarding your request for money?

18 MS. HALLAM: Yes, I would. Thank
19 you so much. So again, this is a motion that I
20 make every month. This is a motion to request
21 money from the Incarcerated Individual Welfare
22 Fund account to be put on the joint tablet
23 commissary accounts of every person in the
24 Allegheny County Jail. At the time of my
25 drafting of this motion, there were 1,449 folks

1 currently incarcerated in the jail. At \$125 for
2 each person, that comes to a total cost of
3 \$181,125. I would like to motion to approve and
4 request a second.

5 JUDGE HOWSIE: Is there a second?

6 CONTROLLER O'CONNOR: Second.

7 MS. HALLAM: Thanks.

8 JUDGE HOWSIE: All in favor.

9 (Chorus of ayes.)

10 JUDGE HOWSIE: Any opposed?

11 (No response.)

12 JUDGE HOWSIE: Motion carries.

13 MS. HALLAM: One thing I just want
14 to add to that is every time I go to the jail, it
15 still seems like they're behind a month in
16 getting the money. And so I don't know if that's
17 Controller's office, Jail, or what, but if we
18 could just figure that out. One month they got
19 two on the same day. When I went on
20 Thanksgiving, it was -- they still hadn't gotten
21 November's. So what was that, three and a half
22 weeks after we approved it? So if we could just
23 try and make that a little more timely, whoever's
24 responsibility that is, I would appreciate it.

25 JUDGE HOWSIE: Is there another

1 motion?

2 MS. HALLAM: Yeah. So the next
3 one, this one actually came out of my visit,
4 which I'm going to talk about -- I guess we are
5 just doing the motions, not all of New Business
6 right now -- but my last visit on Thanksgiving, I
7 talked to incarcerated folks, and a couple of
8 them had asked me how they could follow along
9 with our meetings. I know we had discussed
10 before about streaming it to them and they seemed
11 like it provided logistical problems, but what
12 they did point out to me is that they couldn't
13 remember if it was February, March, or April, but
14 one of those three months of this year they
15 actually did get the minutes put on their tablet
16 from our jail Board meeting.

17 And so this is a motion to make
18 PDFs of Jail Oversight Board Meeting Minutes from
19 January 2022 and forward available at no cost to
20 the incarcerated individuals on the jail-provided
21 tablets. Meeting minutes will be posted on the
22 tablets each month within seven days of the
23 minutes being approved by us, which we just did
24 now.

25 So I would like to make a motion to

1 approve and request a second.

2 MS. KLEIN: Are we having
3 discussion?

4 MS. HALLAM: After we get the
5 second is the time for discussion.

6 MS. KLEIN: Sorry.

7 CONTROLLER O'CONNOR: So moved.

8 JUDGE LAZZARA: You seconded?

9 MS. HALLAM: You're the second,
10 Cory. Sorry.

11 CONTROLLER O'CONNOR: Oh, I thought
12 you said -- Second.

13 JUDGE HOWSIE: Any discussion?

14 MS. KLEIN: I have a question.

15 JUDGE HOWSIE: Ms. Klein.

16 MS. KLEIN: Do we know whether
17 there is -- that capability exists now that the
18 tablets can get a PDF.

19 MS. HALLAM: Yes. I spoke with the
20 tablet manufacturer, and also they had them once
21 before, and also the jail routinely puts
22 documents for them as they referenced to us in
23 the past, informational materials on there in the
24 form of a PDF?

25 CONTROLLER O'CONNOR: And I know

1 that -- oh, sorry. But our office can also add
2 to our website already, but prior meeting
3 minutes. As the Secretary of the Board, we can
4 do all of that, and try to actually form
5 something different internally so that if you go
6 on our website, you can get up-to-date
7 information. So we're working on that internally
8 as the Secretary. If we can do it internally
9 from the Controller's Office, that can be added
10 to the link as well.

11 MS. HALLAM: What I would say,
12 Controller O'Connor is -- so they don't actually
13 have access to like the World Wide Web browser.

14 CONTROLLER O'CONNOR: No, no, on an
15 app, on an app.

16 MS. HALLAM: Oh, on an app?

17 CONTROLLER O'CONNOR: Yeah.

18 MS. HALLAM: Oh, tell me about
19 that.

20 CONTROLLER O'CONNOR: Well, we're
21 trying to figure it out internally.

22 MS. HALLAM: Oh, okay.

23 CONTROLLER O'CONNOR: But the
24 thought would be to take all prior audits, all
25 public information, so nothing is security, no

1 issues there.

2 MS. HALLAM: Uh-huh.

3 CONTROLLER O'CONNOR: Onto that
4 link so that if this occurs, that can all be
5 there as well.

6 MS. HALLAM: That is cool. I hope
7 to see that in the future.

8 CONTROLLER O'CONNOR: Yeah.

9 MS. HALLAM: Yeah, but I mean, I
10 know that these are created -- you know, this is
11 probably a PDF printed out right here.

12 Again, it's free reading material.
13 It's all public information. Nothing is ever
14 discussed here that concerns the safety or
15 security of the jail. We know because the Warden
16 often cites that and takes us into Executive
17 Session. That's not included in meeting minutes.
18 So this is, again, only publicly available
19 information. I think it's only fair, you know?
20 Like, we're talking about people behind their
21 back. Let's let them hear what we're saying
22 about it. And I think it would help improve the
23 conditions at the jail.

24 MR. PILARSKI: My question would be
25 do we also get them back within seven days? I

1 knee sometimes it takes time.

2 MS. HALLAM: This is within seven
3 days of approval.

4 MR. PILARSKI: Okay.

5 CONTROLLER O'CONNOR: Approval,
6 okay.

7 MR. PILARSKI: Okay. I gotcha.

8 JUDGE LAZZARA: That was one of my
9 questions, too, where it says within seven days.

10 MS. HALLAM: I actually thought of
11 you, Judge Lazzara, when I wrote that because I
12 knew that was going to be a question.

13 MR. O'CONNOR: And then --

14 MS. HALLAM: No, it's okay. So
15 sometimes, I mean, we're a month or so behind. I
16 tell -- you know, that sucks, but I totally
17 understand that happens. This is -- we just
18 voted to approve the meeting minutes, so within
19 seven days, this PDF would go online.

20 MR. O'CONNOR: And then a little
21 more detail on ours. If we can do it internally
22 and we're working on it, but to also give
23 information where they can find necessary help,
24 other programs that are out there that we talk
25 about but isn't readily available.

1 So hopefully, it can all be in a
2 link, but we'll keep everybody posted on that.

3 MS. HALLAM: Yeah. Yeah, I would
4 love to help with that as well, as that comes
5 along. This is kind of -- you know, we talked
6 about bridges last meeting. This is kind of a
7 bridge until we have all of that available.

8 JUDGE HOWSIE: Miss Blythe.

9 DEPUTY WARDEN TOMA: Excuse me. So
10 there are statements of seven days from approval.
11 Is it posted on the Controller's website
12 within -- how quickly after approval because that
13 is where we have gotten them from in the past?

14 MR. O'CONNOR: When minutes are
15 proposed. Yeah, I mean, once everything is done,
16 we'll post everything.

17 DEPUTY WARDEN TOMA: So that's my
18 only -- so can --

19 MS. HALLAM: I get your question.
20 She --

21 DEPUTY WARDEN TOMA: So I propose
22 to --

23 MR. PILARSKI: I didn't mean to
24 interrupt. You guys pull it out of there. You
25 guys pull it from his website, is what you're

1 saying?

2 DEPUTY WARDEN TOMA: Correct. So
3 rather than approval, from posting to the public
4 website, because we don't get the minutes, or at
5 least I don't get the minutes.

6 MS. HALLAM: Corey, is that
7 something you guys can commit to a timeline?

8 MR. O'CONNOR: Yeah, we'll --

9 MS. HALLAM: I don't want to add
10 anything more, you know, burden?

11 MR. O'CONNOR: Yes, I mean, Jen
12 gets all of that together for us. So I -- it's
13 hard -- I mean, she works for hours to get all
14 this done. But we'll get it as soon as we
15 possibly can. We'll get you a timeframe that we
16 can be specific.

17 DEPUTY WARDEN TOMA: Because
18 currently, I'm not on any e-mail distribution
19 from the Jail Oversight Board so...

20 MS. HALLAM: We don't get any
21 e-mails distributed that don't come from you
22 guys.

23 MR. O'CONNOR: No. When we get
24 timelines and everything for all of this, we'll
25 let you know. And then as I said, the other --

1 MS. HALLAM: You're comfortable
2 with seven?

3 MR. O'CONNOR: -- the other
4 additional stuff we're talking on, talking about,
5 we'll show it to you as well.

6 DEPUTY WARDEN TOMA: And then the
7 only other statement is we have never put a
8 document that large, so I don't know if we have a
9 size restriction for the mechanism of what we
10 have been currently using.

11 MS. HALLAM: The way it was
12 explained to me is that the storage and the
13 limited number of things that are on there now,
14 that that shouldn't be a problem. I specifically
15 asked about that.

16 DEPUTY WARDEN TOMA: So that's with
17 the tablet.

18 MS. HALLAM: With the tablets, the
19 specific tablet.

20 DEPUTY WARDEN TOMA: Right. You're
21 talking about the physical tablet, and you talked
22 to the manufacturer, I'm assuming?

23 MS. HALLAM: Correct.

24 DEPUTY WARDEN TOMA: So we work
25 with a vendor, and there's other applications --

1 and like even our E-library and other things, so
2 we may have a physical limitation of what we can
3 upload -- whether or not it has the storage
4 capacity, a limitation of what we can upload?

5 MS. HALLAM: Sure. So if it
6 becomes an issue after a few months of posting a
7 document like this, we can readjust if you bring
8 that to our attention so...

9 We have a motion and a second.

10 JUDGE HOWSIE: All in favor.

11 (Chorus of ayes.)

12 JUDGE HOWSIE: Any opposed?

13 (No response.)

14 JUDGE HOWSIE: Motion carries.

15 MS. HALLAM: Thank you all very
16 much.

17 **WARDEN'S REPORT**

18 JUDGE HOWSIE: Now, with that being
19 said, we will now have the Warden's report.

20 WARDEN HARPER: Good afternoon
21 Board. Good afternoon Board.

22 JUDGE HOWSIE: Good afternoon.

23 WARDEN HARPER: The first thing I
24 would like to report on is voting at the
25 Allegheny County Jail at the last election, and

1 45 incarcerated individuals were able to vote in
2 the last election.

3 We still have not received the
4 report from the NCCHC, so as soon as we receive
5 that report, I will make sure that it's passed on
6 to the Jail Oversight Board.

7 The first thing I want to talk
8 about in the Warden's Report is reentry services
9 at that time Allegheny County Jail.

10 The Reentry Service Department
11 added an additional training opportunity for
12 incarcerated individuals that began this week.
13 With funding from the Partner 4 Work, the reentry
14 center is holding six-day asbestos removal
15 certification courses this week and next week at
16 the jail. There has been significant interest in
17 this program, with 37 applicants. The first
18 class had 17 participants, but the reentry
19 department hopes to host a second class based on
20 the significant interest.

21 The department also hosted its most
22 recent graduation for reentry services in early
23 November. A total of 145 graduates received
24 certifications from parenting, relationships, and
25 thinking for change classes. The next cycle of

1 classes will begin on November 21st with 216
2 participants.

3 Inmate programs. In conjunction
4 with the educational partners, the Allegheny
5 Intermediate Unit, the jail is developing a
6 behavior inclusion system for juveniles at the
7 Allegheny County Jail while in school. The AIU
8 adult education program also recently added a new
9 instructor, Mark Sepi, which we hope will allow
10 us to increase contact with our maximum security
11 incarcerated population.

12 Reintegrative services. With the
13 support of our partnership with Three Rivers
14 Youth and the development of human resources, the
15 Allegheny County Jail reintegrative service
16 department will now be submitting applications
17 for medical assistant benefits for individuals
18 who wish to participate upon their release from
19 incarceration. This will enable individuals
20 released from jail the opportunity for more
21 immediate medical treatment services.

22 Outside visits. Several different
23 entities visited the jail this past month. The
24 Washington County Jail staff toured the jail and
25 the Renewal Center on November 9th, as it looked

1 to expand its alternative housing program. The
2 jail also brought the Police Officer Support Team
3 to the jail on November 9th. Post is a peer
4 network of police officers who provide support
5 for all members of the law enforcement community
6 who might be suffering from stress or
7 stress-related difficulties. POST was on-site
8 for any jail employee who desired to speak with
9 them in a confidential setting, and help was
10 available through the organization by phone 24
11 hours a day, 7 days a week.

12 Also, six members of the County
13 Council toured our facility on November 16th.

14 Lastly, on November 22nd,
15 Rethinking of the Jail Team also toured the
16 facility.

17 Discharge and Release Center. The
18 Discharge and Release Center saw 172 individuals
19 in the month of November. The DRC made 23
20 referrals for food assistance; 20 referrals for
21 Hope After Care Services; 9 for career services,
22 and 7 for AHN's River Clinic Services. The DRC
23 also distributed 174 bus passes and 35 boxes of
24 Narcan.

25 Training. Jail employees continue

1 to participate in verbal deescalation and
2 communication training. So far, 206 jail
3 employees have completed this training process.

4 Employees of the month. We would
5 like to congratulate our employees for the month
6 of November. The Jail's Welcoming Committee
7 selected AIU educator Jamie Grimes and substance
8 abuse counselor Rachel Stat for this month's
9 honor.

10 Facilities. On Saturday,
11 November 19th, the heating system issue at the
12 Allegheny County Jail was identified.
13 Correctional officers immediately issued extra
14 blankets to the incarcerated individuals on
15 3-Bravo where the temperature complaints
16 originated. Officers conducted additional checks
17 on other pods and issued extra blankets when
18 requested.

19 The county's Facility Department
20 began addressing the heating concerns on Saturday
21 when they were reported. All issues with the
22 system were resolved by Tuesday. There are no
23 ongoing problems, and full heat functionality has
24 been restored to the pods. The incident did not
25 require moving incarcerated individuals to

1 different pods because it was determined that the
2 repairs could be made in a timely fashion.
3 Temperatures continue to be monitored inside the
4 facility to ensure no one's health or safety is
5 compromised. Jail administration has ordered
6 1,000 additional blankets for use on the housing
7 units in the event of any future issues.

8 On Monday, November 28th, the jail
9 was advised of a water main break at the
10 Renewal Center. The Pittsburgh Water Authority
11 cut the water to make repairs, and the
12 Renewal Center made arrangements for portable
13 water for drinking and cooking. It was restored
14 later that day with no more reported issues.

15 Our Chaplaincy Department. The
16 holiday season is a busy time for our Chaplaincy
17 Department, and we've also been increasing the
18 number of volunteers returning and resuming the
19 programming we offer with your chaplain's
20 department. So I've asked our director of the
21 Chaplains Department, Reverend Charissa Howe, to
22 give her special presentation about the
23 Foundation of Hope, including the -- including
24 the AA classes and NA classes, and the role the
25 chaplain's department and prerelease services

1 play in preparing our incarcerated population for
2 release.

3 So now, I would like to introduce
4 to you Reverend Charissa Howe.

5 REVEREND HOWE: Good evening. As
6 Warden Harper said, I'm Reverend Charissa Howe.
7 I'm the Director of Chaplaincy at the Allegheny
8 County Jail. The ACJ chaplaincy department is a
9 program within the Foundation of Hope, which you
10 may have heard mentioned a few times in the past
11 here in these meetings. I might be a new face to
12 many of you because I came on staff with Hope in
13 early 2021 in the height of COVID. So everything
14 has been a little bit wonky.

15 I'm a Presbyterian minister and had
16 been serving as a volunteer with several Hope
17 programs at the ACJ since 2014 until the time I
18 left church ministry to come on staff.

19 I'm often asked why I made the move
20 from the parish to the jail. It seems like an
21 interesting transition, and for me, the answer is
22 found in Matthew 25 where Jesus issues a clear
23 directive to Christians to care for the sick,
24 feed the hungry, and visit the prisoner. There's
25 something very holy and precious about the

1 ministry that happened in chaplaincy at the ACJ,
2 and so when I saw a staff position open up with
3 Hope, I jumped at the chance.

4 There are a few callings in this
5 world in which you have the opportunity to sit
6 and to listen and to non-judgmentally hold the
7 stories of those who are at their lowest point in
8 life, those who need a presence showing up for
9 them day after day, week after week, and year
10 after year. One thing I've learned in my years
11 of showing up at the ACJ, first as a volunteer
12 and now as staff, is that the greatest gift you
13 can give a person is your presence. So I'm
14 honored to serve with an incredible staff of
15 chaplains, administrative staff, volunteers, and
16 seminarians who are also dedicated to this work.

17 The Foundation of Hope serves
18 individuals currently incarcerated at the
19 Allegheny County Jail, those who have been
20 released from the ACJ, or any other correctional
21 facility, as well as those who are at risk for
22 being incarcerated. Our two community-based
23 departments are our aftercare program for those
24 who have been incarcerated, and the diversion
25 program that aims to keep first-time, non-violent

1 offenders out of the carceral system. We receive
2 referrals to the diversion program through local
3 schools and police, as well as other community
4 partners. It's a voluntary preventative program.
5 Most of our referrals to the aftercare program
6 come from our programs in the ACJ and through
7 word of mouth.

8 Inside the ACJ, we have chaplaincy,
9 which sees to the spiritual needs of the
10 population, and prerelease, which offers
11 spirituality based educational programming on
12 2-C, which is affectionately known as the Hope
13 Pod. We are committed to providing holistic care
14 to those at risk of, in the midst of, and
15 reentering from incarceration.

16 In addition to the more
17 spiritual-sounding chaplaincy things that we do
18 in the Chaplaincy office, like prayer services
19 and spiritual counseling, there are some very
20 concrete things that Hope Chaplaincy does in the
21 ACJ to provide hope, assistance, and community
22 connection to the individuals we serve.

23 Each year we provide hundreds of
24 copies of Bibles, Qurans, and other scriptures to
25 the individuals at the ACJ. We provide care

1 packages to indigent individuals within the
2 facility. Those care packages include extra
3 hygiene items, paper and pen, combs, and other
4 things. We provide reading glasses, denture
5 cleaning tabs, and more to those who need them.

6 All through COVID, we have made
7 sure that there are video worship and prayer
8 services available on the pods for individuals to
9 watch, while faith communities on the outside
10 were also turning to video and online services.
11 Our staff chaplains work tirelessly to fill the
12 gaps left when our volunteers could not come in
13 due to the pandemic.

14 As Warden Harper mentioned, we are
15 currently rebuilding our in-person programming
16 with staff-led services and study groups. Just
17 this month, in November, we were able to start
18 holding in-person Bible and Quran study groups on
19 the pods again. Since May, our volunteer
20 chaplains have been back in the building for
21 one-on-one spiritual counseling with individuals,
22 as well as weekly rounds on every pod.

23 Just today, just this morning, we
24 passed out holiday greeting cards to every
25 incarcerated individual in the facility. They're

1 each given two cards that can be mailed to their
2 loved ones at the chaplaincy office's expense.

3 Next week we will be packing 1,800
4 holiday gifts that include thermal shirts,
5 hygiene items, paper and pens, candy, and more.
6 These gifts will be distributed to every
7 individual in the facility two weeks from now,
8 and we keep the extras on hand for those who are
9 brought in after the distribution date. This is
10 a very difficult time of year for the
11 incarcerated, and this yearly gift is a bright
12 spot for those who are struggling this holiday
13 season. In fact, I've noticed this week in the
14 facility on the pods, word is getting around, and
15 we're being asked when those packages are coming.
16 And so people really look forward to that every
17 year.

18 Our prerelease program has
19 reinstated classes on the Hope pod, on 2-C, and
20 on November 11th, they had their first in-person
21 graduation since the pandemic began. It was a
22 huge celebration. It was a proud moment for all
23 of the individuals who completed the program.
24 The classes in prerelease include parenting,
25 spiritual formations, 12-step programming,

1 overcoming stinking thinking, anger management,
2 trauma recovery, yoga, and more.

3 Our new prerelease director,
4 Liz Lapore, came to us this year after over 30
5 years of programming experience at the Holy
6 Family Institute, and she has been an incredible
7 addition to the team. We're very excited about
8 what she brings to the table.

9 Our aftercare and diversion
10 programs are in large part grant funded,
11 including some grants that have allowed us to
12 increase our staff of caseworkers, peer support
13 specialists, and more. All of our programs
14 within Hope are currently fully staffed, and we
15 hope to continue growing.

16 Our diversion program serves both
17 youth and adults. The youth diversion program
18 works with youth ages 9 to 18 who are
19 non-violent, or have committed a low to medium
20 offense. We currently work in the North Side
21 Zone 1, Zone 2, the Hill District, and East
22 Liberty, which is Zone 5. These services include
23 but are not limited to linking participants to
24 local agencies for mental health and drug and
25 alcohol services, assisting and providing support

1 with educational services, such as 504 plans, and
2 IEPs, and court proceedings involving juvenile
3 court.

4 The adult diversion program
5 provides intensive case management, individuals
6 with high levels of need, with a focus on people
7 who use substances. This program is designed to
8 accept referrals from the community, as well as
9 law enforcement to reduce harm for community
10 members with unmet behavioral health and human
11 service needs, ancillary to substance use. As
12 such, the Hope program offers proactive adult
13 diversion, helping to prevent individuals at risk
14 of incarceration and overdose from ever
15 encountering police, or entering and, in some
16 cases reentering, the criminal justice system.

17 Our aftercare program has served
18 over 1,000 returning citizens in 2022, providing
19 bus and fuel cards, clothing, computer labs,
20 employment counseling, food, housing counseling,
21 reentry support groups, and more.

22 The Perk Positive Initiative to
23 Reinforce Change Group meets every Tuesday
24 evening in our North Side office, as well as on
25 Zoom, and is open to anyone who has ever been

1 incarcerated in any facility for any length of
2 time, and those who are supporting them.

3 The recidivism rate of Hope
4 aftercare participants is 37 percent compared to
5 the 65 percent national recidivism rate.

6 The Foundation of Hope programs
7 rely heavily on volunteer support and community
8 donations, both financial and in kind, and we
9 have a deep desire to build relationships with
10 faith communities on the outside. So far in
11 2022, over 1,700 volunteer hours have helped to
12 keep our programs going, and that is in a year
13 with limited and rebuilding volunteer services.

14 So I'm going to toss in a shameless
15 plug here for anyone that's here or watching.
16 Any faith communities that would like more
17 information on how to volunteer or donate are
18 invited to connect with us for more information.
19 I'm always happy to answer questions for those
20 who would like to know how to be a part of this
21 work, and you can find us at
22 FoundationofHope.org.

23 MS. HALLAM: I have some questions.

24 REVEREND HOWE: Yeah.

25 MS. HALLAM: Yeah, before you walk

1 away. Okay. Thank you for coming, first of all.

2 REVEREND HOWE: Of course.

3 MS. HALLAM: I'm familiar with your
4 program and the organization, and thank you.

5 So the first thing I wanted to say
6 was about -- you talked about the recidivism rate
7 of folks who were in -- I guess, it's the Hope
8 Pod. Is that what it is, people who are on the
9 Hope Pod, or was that just the reentry?

10 REVEREND HOWE: That was just
11 aftercare, correct.

12 MS. HALLAM: For aftercare.

13 REVEREND HOWE: I don't have the
14 numbers for prerelease, but I could get them.

15 MS. HALLAM: Yeah, could you,
16 because I'm really interested to see -- like I
17 understand the national average. I didn't know
18 if Allegheny County Jail or anyone in the county
19 tracked overall recidivism rates at the Allegheny
20 County Jail. I'd like to see the comparisons
21 between the Hope Pod aftercare services and the
22 county in general just to kind of compare those
23 two. So that would be really, really helpful.

24 The next question is for the
25 aftercare services or participation on the Hope

1 Pod, is there anybody who is court-ordered to
2 that?

3 REVEREND HOWE: No, they are
4 voluntary based.

5 MS. HALLAM: Okay. And what are --
6 who is ineligible?

7 REVEREND HOWE: Who is ineligible?

8 MS. HALLAM: Uh-huh.

9 REVEREND HOWE: I do not have the
10 exact parameters in front of me, but I know there
11 are some -- for aftercare, there are no -- if
12 have been incarcerated under any circumstances,
13 you can participate in aftercare.

14 For prerelease there are some
15 stipulations. You can only have minimum and
16 medium security folks on the pod and things like
17 that, and I can get you that information as well.

18 MS. HALLAM: Okay. Yeah. I would
19 really appreciate that. What do volunteers do
20 with your organization if somebody comes on as a
21 volunteer, because I saw some people's like eyes
22 perk up out there whenever you said that. I know
23 we have a lot of members from the faith community
24 who, you know, no pun intended, religiously come
25 to these meetings. But -- I know. That was

1 funny. It just came to me. Anyway -- sorry.
2 And so I know that there's a lot of folks here
3 who are really interested. Maybe if you could
4 detail what that looks like if you're a
5 volunteer?

6 REVEREND HOWE: Uh-huh. We have a
7 lot of ways people can volunteer. There are
8 mentors that work one-on-one with people through
9 our aftercare program. We do always need support
10 at those perk meetings, those Tuesday night
11 meetings. We have volunteers that come in and
12 teach prerelease classes. And so those, like I
13 said, there's a wide range of different classes.
14 That's one of the programs that I came in as a
15 volunteer as and wound up eventually working for
16 the program.

17 So in addition, in Chaplaincy, we
18 have volunteer chaplains, mostly clergy and
19 elders in their faith communities who do some of
20 the pastoral counseling, study groups, scripture
21 study groups. We also have outside spiritual
22 advisors who sometimes come in to meet with
23 people one-on-one, as well as worship teams.
24 They are not in the building at this time just
25 because we're still rebuilding that volunteer

1 base and figuring out what the needs are with the
2 new lower population. But that is also another
3 opportunity is to help lead prayer and worship
4 services.

5 MS. HALLAM: Okay. And what
6 about -- is the entire -- what about people who
7 are not spiritual?

8 REVEREND HOWE: We'll see anybody.
9 I have met with people all over -- all over the
10 map in regards to that, that care and counseling.
11 And so our staff is dedicated to being
12 interfaith. We do not specify that you have to
13 be spiritual necessarily. If you need someone to
14 talk through some grief with that maybe doesn't
15 qualify as a mental health need, but you just
16 need someone's ear, we're happy to meet with
17 anyone at any time.

18 MS. HALLAM: And do you have a
19 waitlist for your services of people who are
20 incarcerated currently?

21 REVEREND HOWE: No.

22 MS. HALLAM: Because I know -- I'm
23 just, you know, thinking out loud, but you are
24 offering counseling services. The people in the
25 jail are not receiving counseling services -- to

1 the extent that we wish, and they wish that they
2 could because of all the vacant mental health
3 staff positions -- and so I'm just wondering if
4 there could be more of an overlap if you're
5 providing the kind of services that we're kind of
6 desperate for?

7 REVEREND HOWE: So we do not have
8 therapists on staff in chaplaincy, and so it
9 really is just like a pastoral care and
10 listening. We're not counselors, or therapists,
11 or psychiatrists in any way, but we do do some
12 cross referral with mental health services if
13 they have someone that doesn't quite, you know,
14 elevate to needing a therapist, they just need,
15 you know, sort of a friendly face to talk to.

16 MS. HALLAM: Oh, and how do they go
17 about like -- let's say I'm incarcerated at the
18 ACJ. How do I go about just having somebody to
19 talk to, you know?

20 REVEREND HOWE: There's a couple of
21 different ways that folks get connected with us.
22 Some put in requests on the tablets. Some write
23 us handwritten requests. Sometimes we get notice
24 from an officer, hey, so-and-so could really use
25 someone to talk to. Can you send a chaplain?

1 And then we also, like I mentioned, we have at
2 least weekly rounds on every -- on every pod
3 where a staff or volunteer chaplain will be
4 there, and so word just kind of gets out that one
5 of the chaplains is on the pod.

6 MS. HALLAM: Okay. And did you
7 ever consider, like -- I know when I hear
8 chaplain, I immediately think like religion. And
9 so I'm just thinking about people, you know, who
10 don't observe any faith or any spirituality and
11 want to make sure that they're not maybe -- I
12 mean, for lack of a better term, being scared
13 away from really awesome services that could be
14 being offered because that like jumps. Have you
15 ever like thought about the title and -- of
16 chaplain or like if we could -- I don't want to
17 like change your job. I'm just saying like, you
18 know, to make it more accessible for people of --
19 not just all faiths, but also people who don't
20 observe any faith?

21 REVEREND HOWE: Uh-huh. Yeah, and
22 that's a really interesting question. And one
23 thing that I will say is that we don't all wear
24 collars on the pod. You know, we don't all dress
25 like our Imam does or anything like that. And so

1 especially when some of those volunteers come on
2 the pod, I do think that they are a little more
3 approachable in that way too.

4 MS. HALLAM: Okay. That's awesome.

5 And then the other thing is why
6 isn't the -- isn't like the Hope Pod expanded
7 onto more pods? You know, like is there not a
8 need? It sounds like if your recidivism rate is
9 half of the national average, that, like, at
10 least something is going right. And how could we
11 provide the same services that it seems like a
12 small subsection within the jail -- I get it
13 seems like there's a lot of people outside the
14 jail being served. But, you know, I've been on
15 the pods, and I know it's a lower population on
16 the Hope Pods than any of the other pods in the
17 jail. Is it, you know, staffing needs? Is it
18 financial needs? Like what -- what would you
19 need in order to expand it, and would those
20 services be utilized if you were to expand?

21 REVEREND HOWE: Those are all
22 really great questions that I can't necessarily
23 answer, I guess, as fully as you want right now.

24 MS. HALLAM: Okay.

25 REVEREND HOWE: One of the reasons

1 is simply because it is a fairly transient
2 population, and we have a ten-week program for
3 the Hope -- for the Hope program. And so that
4 is -- I'm sure that does play into it. We are
5 just rebuilding things after COVID as well, and
6 I'm sure -- you know, I could connect you with --
7 with our new Prerelease Director to kind of talk
8 through those things too. But, I mean, we would
9 love to see 2-C filled and then some.

10 MS. HALLAM: Yeah. That's kind of
11 what I'm wondering too. And then I guess my -- I
12 promise my last question -- is since it's a
13 ten-week program, how -- I guess one, how often
14 are you admitting people to the program who
15 aren't finishing it because they're getting
16 released?

17 Two, does participation in the
18 program -- because I know when I was in jail, it
19 was always like I don't want to do that program
20 or that class -- not this one specifically -- but
21 because then I have to finish it, and then if I'm
22 going to get out, I'm not going to get out in
23 time because I have to finish this program. So I
24 guess like three-part question. How many people
25 start the Hope Pod and can't finish it? How

1 many -- are you only taking people who are
2 servicing sentences or people who are stuck there
3 until their trial plays out? How are you kind of
4 determining that so that people aren't leaving
5 before the program is over?

6 REVEREND HOWE: Okay. Was there a
7 third question?

8 MS. HALLAM: No. I think I
9 combined two into one, so I have two.

10 REVEREND HOWE: Okay. No problem.
11 So we do have people that don't finish the
12 program. They can still come in even if they're
13 not sure what their timeline is, and I think they
14 still get a lot out of the classes in the program
15 even if they don't get that completion
16 certificate at the end of it. It does tend to be
17 kind of a rolling thing -- participation on that
18 pod. And people are moved on weekly. So it's
19 constantly being repopulated. And it's not only
20 those who have been sentenced.

21 MS. HALLAM: Okay.

22 REVEREND HOWE: Yeah.

23 MS. HALLAM: Okay, but -- okay.
24 That's cool. That's awesome. Thank you so much.

25 REVEREND HOWE: Yep.

1 JUDGE HOWSIE: Any additional
2 questions?

3 JUDGE LAZZARA: No. I just want to
4 thank you for the work that you do, because I see
5 the people that come into my courtrooms with
6 their Hope certificates, and they absolutely want
7 to share the fact that they have completed the
8 program, and they are, I think, in much better
9 ways prepared to return to the communities
10 because they've had those learning experiences.

11 We don't sentence people. It is a
12 voluntary thing, but I certainly encourage all of
13 my folks, you know, to make sure that they do the
14 Hope Pod because I think it is such a valuable --
15 a valuable experience for them.

16 And just so you know, I've had
17 people, Bethany, who have chosen to stay in the
18 Allegheny County Jail to finish the last few
19 weeks of the Hope Pod before they leave, and that
20 is their request because they want to stay. I'm
21 like ready to go. You're done in 72 hours.
22 They're like can we please delay it for a couple
23 of weeks to finish it? So I'm sure you've heard
24 those people too, and it's because they really
25 want those -- those last couple of weeks, and

1 they want to be able to say that they've
2 completed it.

3 And they really -- you really do
4 fantastic work. So I want to thank you very much
5 for the work that you do.

6 REVEREND HOWE: Thank you.

7 JUDGE HOWSIE: Ms. Hallam.

8 MS. HALLAM: Yeah, I did forget a
9 question. It wasn't one of the three I was
10 ordinarily referencing, but I just know that in
11 previous meetings, we had heard when we have been
12 talking a lot about books, which you'll hear like
13 later in the meeting, we have been talking a lot
14 about books. And I know that the Foundation of
15 Hope, the chaplain's office have been referenced
16 when it comes to certain things about books. And
17 I can't remember now exactly what was said -- if
18 anyone else does -- but I know you're not like on
19 the approval process of who gets books and who
20 doesn't, but do people get books through you?
21 Are you the keeper of the books? What is your
22 role in books in the Allegheny County Jail?

23 REVEREND HOWE: I am not the
24 bookkeeper. We do have limited supplies of like
25 spiritual, self-help-type readings, so Purpose

1 Driven Life. Like I said, we have hundreds of
2 copies of Bibles and Qurans and Holy Piby. You
3 name it, we've got all those scriptures and
4 things like that. So we do have some -- some
5 books that we are able to give to the folks
6 within the -- within the facility, and we're part
7 of the review process that is being instated.

8 MS. HALLAM: Oh.

9 REVEREND HOWE: But we do not
10 oversee the library or anything like that.

11 MS. HALLAM: Okay. So you're part
12 of the -- the review process of determining what
13 books can come into the facility and which can't,
14 like...

15 REVEREND HOWE: Because sometimes
16 books that people order are religious in nature,
17 and so they want to have someone, yeah, with that
18 background to be a part of that process.

19 MS. HALLAM: Okay. Is this like a
20 committee that you're on?

21 REVEREND HOWE: I'm going to let --
22 I'm going to let Deputy Toma speak to that later.

23 MS. HALLAM: Okay. I just wanted
24 to specifically ask about your experience and
25 your role on it. If you could speak to your

1 specific experience and your role on this group,
2 because I know we'll hear generally about it
3 later, but I'd like to talk to somebody who is on
4 it.

5 REVEREND HOWE: Right. Yeah. I
6 mean it's -- you know, if something comes to,
7 then a committee would be called, but yeah.

8 MS. HALLAM: And how many times
9 would you say you participated in that process?

10 REVEREND HOWE: I'd -- I don't know
11 that right now. I don't know a number.

12 MS. HALLAM: Have you ever
13 participated in that process yet?

14 REVEREND HOWE: Yes.

15 MS. HALLAM: You have. Would you
16 say it's like dozens or like a couple?

17 REVEREND HOWE: We're -- it's a
18 newly forming committee at this point that I've
19 been called onto. I can't speak to the past
20 before I was on it.

21 MS. HALLAM: Oh, it's forming?
22 It's not formed yet?

23 REVEREND HOWE: I'm recently new on
24 it. I don't know about the history of it.

25 MS. HALLAM: Okay. Okay. That's

1 what I was asking.

2 REVEREND HOWE: Yeah.

3 MS. HALLAM: But you have, even
4 though you're new on it, you've already been a
5 part of the process?

6 REVEREND HOWE: I've been -- I've
7 been pulled in to be part of the process. Yes,
8 I've been asked to be one of the people that are
9 available for that.

10 MS. HALLAM: Okay. And, I mean,
11 are we talking like five titles you've reviewed
12 so far? I'm just trying to get an idea of how
13 long this has been going on and how you feel it's
14 working.

15 REVEREND HOWE: I don't have -- I
16 don't have the numbers for how many have been
17 reviewed by the group.

18 MS. HALLAM: Okay. All right.
19 Thank you very much.

20 JUDGE HOWSIE: I just wanted to say
21 thank you for your efforts. It's impactful, so
22 keep up the good work, and thank you.

23 REVEREND HOWE: Thank you.

24 JUDGE HOWSIE: Anyone else?

25 (No response.)

1 JUDGE HOWSIE: Thank you very much.
2 Warden?

3 WARDEN HARPER: Your Honor, that's
4 all I have for the Warden's Report.

5 JUDGE HOWSIE: Any questions for
6 the Warden?

7 CONTROLLER O'CONNOR: Yes. Just --
8 sorry, just real quick. On the inspection report
9 update, so they don't have a final report, but if
10 they have drafts are we able to get those? Like
11 if they've done Section 1, Section -- I'm just
12 using general terms, but is that available to us
13 as they go through that, like a draft of the
14 first report, anything like that?

15 WARDEN HARPER: We don't give
16 drafts of any documents.

17 CONTROLLER O'CONNOR: Okay.

18 WARDEN HARPER: So as soon as the
19 final report is available, I will get it to the
20 Board.

21 MR. O'CONNOR: So their initial
22 reports, that's all -- they just do an internal,
23 and then they give you a final report? Or do
24 they do -- is there stages of the report, or it's
25 just a final report, and that's it?

1 WARDEN HARPER: There's drafts, but
2 we're waiting for the final.

3 MR. O'CONNOR: Okay.

4 JUDGE HOWSIE: Ms. Hallam.

5 MS. HALLAM: Yes. I have some
6 questions.

7 So the first question that actually
8 like jumped off of the last part of your
9 presentation, are all -- are religious groups
10 allowed to do communal prayer in the jail? Like,
11 for example, people who practice Muslim faith,
12 are they allowed to do their communal prayers in
13 the jail? How does the jail or in coordination
14 with the Hope Foundation, anything like that,
15 facilitate that?

16 WARDEN HARPER: On the pod.

17 MS. HALLAM: It takes place on the
18 pod, in the general area of the pod?

19 WARDEN HARPER: It takes place on
20 the pod. Yes, ma'am.

21 MS. HALLAM: And how often does
22 that happen, or is it just kind of like you leave
23 it up to them to do during rec time?

24 JUDGE HOWSIE: What religious
25 group?

1 WARDEN HARPER: What religious
2 group are you talking about in particular?

3 MS. HALLAM: I'm talking
4 specifically about a communal prayer for
5 Muslim-practicing folks.

6 WARDEN HARPER: Right now, the
7 Muslims practice their religion in communal on
8 the pod. We don't bring them together as we used
9 to before COVID.

10 MS. HALLAM: Okay. So are -- is
11 that something that's planning to come back,
12 because it seemed to me like most of the COVID
13 mitigation efforts, like they go away, and that
14 doesn't seem like something that has come back.

15 WARDEN HARPER: We just received
16 some new updated guidelines from the CDC, and
17 Dr. Brinkman will talk about that in the next
18 step. But right now, we have not allowed the
19 Muslim community to get together, or any
20 communities to get together, mixing up the pods
21 because of the COVID mitigation.

22 MS. HALLAM: Okay. Next question.
23 I got a whole stack here for you. Okay. So I'm
24 just going to -- oh, first thing to mention, like
25 it was -- I definitely do appreciate having the

1 chaplain here to speak tonight. I definitely
2 appreciate having Ms. Dalton here to speak about
3 the RFP, but if this is going to be like one of
4 those things where you guys like bring people to
5 give us presentations, again, would really like
6 to hear from the dietician, would really like to
7 hear from the medical director, would really like
8 to talk to the exterminator. Like we ask a lot
9 of information about various things at the jail
10 that is -- and we're told we need to hear that
11 from someone else. And so if you're able to
12 bring those folks in, I'm just wondering if any
13 effort has been made to bring any of those other
14 people we've asked to speak to in as well?

15 WARDEN HARPER: I think the Judge
16 has indicated to the Board that Summit, or the
17 vendor -- the food vendor was willing to talk to
18 you guys, so we -- he's -- the Judge has already
19 talked about that.

20 Also, the medical director, I had
21 to get approval -- he has to get approval from
22 our partner, AHN, to actually come and talk to
23 the Board, so we will ask again. And who -- the
24 dietician?

25 MS. HALLAM: You said dietician.

1 Exterminator.

2 WARDEN HARPER: Exterminator, I can
3 ask.

4 MS. HALLAM: Yes, can you? Or
5 actually, do you know the exterminator's name,
6 what company it is?

7 WARDEN HARPER: Fort Pitt.

8 MS. HALLAM: Fort Pitt, like the
9 bridge?

10 WARDEN HARPER: Fort Pitt.

11 MS. HALLAM: Okay. Cool. Thanks.

12 Okay. Next question is -- so my
13 handwriting sucks so bad. Oh, you talked about
14 when we were talking about the heat going out.
15 Okay, I'm like super mad about that, and I'm
16 going to try to cool it while I talk about it
17 just to not upset anyone's feelings. But I found
18 out about it on Facebook, man. We have talked
19 about this so many times how serious issues are
20 happening in the jail, and I bet most of yinz
21 didn't even know about it until you saw it on the
22 news, or maybe you found out about it today. I
23 found out about it on Facebook that the jail
24 didn't have heat on certain pods for three whole
25 days. I'm mad about that. This entire Board has

1 expressed serious frustration about finding out
2 about huge issues in the jail from Facebook, from
3 the news. Hell, I got a tweet from the ACJ comms
4 account before I got an e-mail from you letting
5 me know that it happened. That's the only
6 confirmation I got, and it was because somebody
7 sent it to me on Twitter. It wasn't like he
8 reached out. It was like, hey, by the way, I'm
9 using Twitter to let you know. No, it was
10 Facebook posts. And the only reason there were
11 even Facebook posts was because incarcerated
12 people from the pod thought to reach out and hope
13 that someone would listen and do something about
14 it.

15 So can you please explain to me how
16 many other issues like this have happened, and we
17 didn't get a letter about it, we didn't have a
18 Facebook post about it, your comms act did not
19 Tweet about it? How many other times have there
20 been health violations like not having heat in
21 the middle of winter for three whole days?

22 WARDEN HARPER: Ms. Hallam, there's
23 no way that I can talk about how many other times
24 there's been issues in the jail but I -- what I
25 will tell you is this. We will make sure that in

1 the future we communicate information like that
2 through our Communications Department.

3 MS. HALLAM: To the Board?

4 WARDEN HARPER: We can do that,
5 ma'am. Yes, ma'am.

6 MS. HALLAM: Because you have told
7 us this many times before that you're going to
8 let us know about issues, when people are taken
9 to the hospital. Still haven't gotten a single
10 notification of that. When the heat is out, when
11 there's emergency bags being given out, bag
12 lunches because the food is not there, because
13 you're out of the items. None of these things
14 are being told to us. When there is an issue at
15 the jail, we need to be told.

16 I spoke with representation for a
17 woman the other day who -- last month -- a woman
18 attempted suicide, and another woman beat her
19 face into a cell wall daily because they were
20 being deprived rec and other privileges thanks to
21 the tier system, which I know we're going to get
22 to that later. But why can't we get an e-mail
23 about an attempted suicide? Why can't we get an
24 e-mail about heat being out? Why did -- the same
25 thumbs that typed it on Twitter couldn't type it

1 in an e-mail inbox and send it to us? Can you
2 just tell me why that is? I'm trying to be chill
3 about it, but I am very upset because every
4 meeting, you keep coming here and telling us that
5 we're going to get this information. I didn't
6 make that up. You all can verify that we have
7 been told we would be notified of these things.
8 I'm mad. And you can smirk at me all you want,
9 but can you please give me an answer, and this is
10 where I will rest the issue, why you have not --
11 you did not notify us about no heat in the jail
12 for three days and that you will never, ever,
13 ever not do that again.

14 WARDEN HARPER: We will notify the
15 Board, and our Communications Department will
16 Tweet heating issues going forward, Ms. Hallam.

17 MS. HALLAM: Cool. Thank you. The
18 next thing is, again, related to that. But you
19 talked about not moving -- that you didn't move
20 them to a new pod. Like if I didn't have heat in
21 my house, I'd go stay at somebody else's house.
22 The incarcerated population --

23 JUDGE LAZZARA: Ms. Hallam, just
24 one question. Can I ask how you're going to
25 notify us?

1 MS. HALLAM: Yeah.

2 JUDGE LAZZARA: Because -- because
3 personally, I don't Tweet. I don't do Facebook.
4 I mean, it's not a good thing for judges to do
5 that kind of stuff. And so I would like to know
6 just how we're going to be notified, because if
7 you're going to use those sort of social media
8 accounts -- you know, I don't know about
9 Judge Howsie, but I certainly don't do any of
10 those, so an e-mail would be awesome.

11 JUDGE HOWSIE: Can we have an
12 e-mail when something like that happens?

13 DEPUTY WARDEN TOMA: When the
14 communications -- we'll have them send an e-mail
15 as well as when they're doing their normal social
16 media.

17 JUDGE LAZZARA: Yeah. Thank you.
18 I'd appreciate that.

19 DEPUTY WARDEN TOMA: I'll give that
20 directive to him.

21 MS. HALLAM: Thank you. And not
22 just heat, be any serious issue. This is our
23 job.

24 WARDEN HARPER: Hold, hold, hold.
25 So the Board wants to know about every serious

1 issue?

2 MS. HALLAM: Yes.

3 WARDEN HARPER: E-mail.

4 MS. HALLAM: Yes.

5 WARDEN HARPER: Okay.

6 MS. HALLAM: Man, I can't believe
7 you weren't doing that this whole time.

8 Next, you talked about how you
9 assumed that the issue would be fixed in a timely
10 fashion. That was your words, "timely fashion,"
11 and so that's why you didn't move anyone. I
12 don't really think being without heat in the
13 jail, which we know is already -- the temperature
14 is all out of whack, being without heat for three
15 days is not a timely fashion. Why with all the
16 empty pods that we have, where no additional
17 staff is needed -- we're not asking you to open
18 more pods in addition but to just move one pod
19 for the next, why did you not just move them?

20 WARDEN HARPER: Ms. Hallam,
21 temperatures was taken on the pod, and we made
22 the determination that the inmates did not need
23 to be moved. So therefore, they were given
24 additional blankets. The temperature was
25 appropriate enough to keep them on the pod. So

1 we made that decision, and it was a good decision
2 made by my team.

3 MS. HALLAM: What was that
4 temperature?

5 WARDEN HARPER: I don't have that
6 at this time, ma'am.

7 MS. HALLAM: But yet you can state
8 with confidence that it was a good decision made
9 by your team?

10 WARDEN HARPER: Absolutely.

11 MS. HALLAM: And why do you believe
12 that as opposed to the alternative option?

13 WARDEN HARPER: Because they took
14 temperatures. Officers on the pod and
15 supervisory staff reported to the pod, and they
16 made the determination that the incarcerated
17 individuals did not need to be moved to another
18 pod. They were on the pod.

19 MS. HALLAM: Okay. I would like to
20 request that you provide us with that
21 documentation of what that temperature was that
22 your team decided was okay for them to be in
23 there for.

24 Next thing is you said that you
25 provided additional blankets when requested. Was

1 that one request for blankets to be provided to
2 all the people on all the pods where the heat was
3 out? Was that when the corrections officers on
4 the specific pods requested it? Was that when
5 the incarcerated individual requested them? When
6 requested, what does that mean?

7 WARDEN HARPER: Supervisory staff
8 at the jail solicit input from inmates on all of
9 our pods, and any inmate on the pods that made a
10 request for an additional blanket, they were
11 given additional blankets. I think it was like
12 three or four pods that was given additional
13 blankets. Chief?

14 CHIEF DEPUTY WARDEN BEASOM: Yes,
15 sir. We had administrators in the jail on
16 Saturday when we were made aware of this issue,
17 as well as facilities, engineers, personnel to
18 address the HVAC issues. The temperature didn't
19 fall down because there's several air handlers
20 that feed a particular stack, right?

21 MS. HALLAM: Uh-huh.

22 CHIEF DEPUTY WARDEN BEASOM: So we
23 had an issue with one. Another air handler was
24 put up to 100 percent capacity, meaning that
25 sufficient airflow was flowing up to these areas.

1 The temperature dropped, but it never got to an
2 unsafe level, okay? I don't have the exact
3 numbers like the Warden referenced, but it was --
4 it was mid-60s I would guess.

5 So we took extra blankets to those
6 areas. Anybody that wanted one, we gave it to
7 them.

8 MS. HALLAM: Okay. Because the
9 statement that was originally put out by the
10 comms account said that everyone was given
11 blankets.

12 CHIEF DEPUTY WARDEN BEASOM: The
13 complaint originated from Pod 3-Bravo.

14 MS. HALLAM: Correct.

15 CHIEF DEPUTY WARDEN BEASOM:
16 Everybody was given a blanket on there.

17 MS. HALLAM: Okay. So that pod,
18 everybody got a blanket?

19 CHIEF DEPUTY WARDEN BEASOM: We
20 sent supervisors to all the other areas in the
21 jail to see if anybody else wanted one. If they
22 did, we gave them a blanket.

23 MS. HALLAM: What other pods were
24 in the stack where the system failed?

25 CHIEF DEPUTY WARDEN BEASOM: It

1 would have been the B-stack.

2 MS. HALLAM: All the -- so it is
3 all the B's? I didn't want to just assume that.

4 CHIEF DEPUTY WARDEN BEASOM: Yeah.

5 MS. HALLAM: It's all the B's?

6 CHIEF DEPUTY WARDEN BEASOM:

7 Correct.

8 MS. HALLAM: So why specifically
9 was 3-B the focus?

10 CHIEF DEPUTY WARDEN BEASOM: That's
11 where the complaint originated from.

12 MS. HALLAM: Okay.

13 CHIEF DEPUTY WARDEN BEASOM: We had
14 one complaint coming up that was filed on behalf
15 of 60 other individuals.

16 MS. HALLAM: Uh-huh.

17 CHIEF DEPUTY WARDEN BEASOM: Right.

18 MS. HALLAM: You didn't receive any
19 other complaints from any other pods at that
20 hearing?

21 CHIEF DEPUTY WARDEN BEASOM: No.

22 MS. HALLAM: Okay. Thank you very
23 much.

24 Okay. Next question is about --
25 I'm going to try to like stay organized here, but

1 the next question is about -- oh, so I know that
2 the use-of-force statistics were being made --
3 were being posted, but I'm wondering instead of
4 just numbers we can get incident report details
5 about use of force.

6 WARDEN HARPER: Incident report
7 details, so you have to talk to me specifically
8 exactly what you're asking for.

9 MS. HALLAM: What the force was
10 that was used.

11 WARDEN HARPER: So you just want to
12 know whether or not a taser was used, et cetera?

13 MS. HALLAM: I want to know
14 everything that you will give me about it, but
15 more than just the number of incidents.

16 WARDEN HARPER: Well, I just --
17 give me exactly what you want, and we can try to
18 provide it.

19 MS. HALLAM: Okay. Can I provide
20 that to you later? I will craft something up,
21 and I'll send it to you.

22 WARDEN HARPER: Yes, ma'am.

23 MS. HALLAM: Okay. Yeah, the other
24 thing is, is it true that you're -- you are
25 required to report use-of-force incident reports

1 to the PADOCC?

2 WARDEN HARPER: Yes, ma'am.

3 MS. HALLAM: And what level of
4 detail is involved in those reports?

5 WARDEN HARPER: Numbers.

6 MS. HALLAM: You're just providing
7 numbers? Nothing else at all? It just says like
8 7, 8, 9, 10, 500?

9 WARDEN HARPER: Numbers.

10 MS. HALLAM: Okay. No other level
11 of detail is provided to them? I'm sorry. You
12 just say it with such sarcasm that I can't really
13 tell if you're telling me the truth. Okay.

14 What is the use of force? Is there
15 a use-of-force review process that's in place for
16 every incident of the use of force?

17 WARDEN HARPER: Yes, ma'am.

18 MS. HALLAM: And can you detail
19 what that looks like?

20 WARDEN HARPER: Not in this forum,
21 ma'am. No, ma'am.

22 MS. HALLAM: Okay. Why won't you
23 do that in this forum? We're not -- we're just
24 talking about the review of the use of force.

25 WARDEN HARPER: Not in this forum,

1 ma'am.

2 JUDGE HOWSIE: Do you have any
3 other questions?

4 MS. HALLAM: I just want to know
5 why I can't get answers. I'm looking for someone
6 to back me up.

7 JUDGE HOWSIE: It's not the
8 appropriate time. Do you have another question?

9 MS. HALLAM: But why?

10 JUDGE HOWSIE: Any other questions?

11 MS. HALLAM: I have lots of
12 questions, but are they all going to be answered
13 like this?

14 JUDGE HOWSIE: Ms. Hallam, ask your
15 next question.

16 MS. HALLAM: Okay. So these are
17 some questions for the Deputy Warden. Okay.

18 The next is I'm still awaiting
19 additional information about the most recent jail
20 death of Anthony Talotta, and I'm wondering if
21 there is any update to be provided? The last
22 time we got an update, his death was recent, and
23 we had not gotten full -- any information about
24 any of the results, findings of the investigation
25 into his death, cause of death.

1 WARDEN HARPER: I can't talk about
2 that, ma'am.

3 MS. HALLAM: Ever?

4 JUDGE HOWSIE: You know he can't.
5 Do you have -- next question.

6 MS. HALLAM: You told me to not
7 keep asking the same question over and over
8 again, but I'm not getting an answer.

9 JUDGE HOWSIE: Do you have another
10 question?

11 MS. HALLAM: I do. This is for the
12 Deputy Warden.

13 Okay. So next, I want to ask
14 specifically about -- you mentioned some classes,
15 programming, stuff along those lines in your
16 presentation. So can you -- do you have a list
17 in front of you of all the classes that are
18 available to incarcerated people?

19 WARDEN HARPER: I do not.

20 MS. HALLAM: Do you know the
21 classes that take place in your jail?

22 WARDEN HARPER: We can get you a
23 listing of the classes, but I don't have that
24 information available at this time.

25 MS. HALLAM: Man, if I told my boss

1 I didn't know the programs that we offered in my
2 workplace -- okay.

3 So when are the classes provided?
4 Are they year-round classes that are provided, or
5 are there certain seasons? Do you do semesters?
6 How do the classes work?

7 WARDEN HARPER: If you submit me
8 all the questions that you want pertaining to the
9 programs, ma'am, we can answer them at a later
10 time. Right now, I don't have that information
11 at this time.

12 MS. HALLAM: But you presented on
13 it. My questions are based off of your
14 presentation.

15 WARDEN HARPER: If you give me
16 questions, Ms. Hallam, we can answer that, and we
17 can provide it to you at the next meeting.

18 MS. HALLAM: Okay. How about the
19 things that I'm asking for, you bring those
20 answers to the next meeting, and I'll ask you
21 about them here.

22 WARDEN HARPER: Um.

23 MS. HALLAM: Yes.

24 WARDEN HARPER: Give me a list in
25 e-mail of the questions that you want, and I will

1 make sure that somebody is here to address all of
2 your issues.

3 MS. HALLAM: Gotcha. Does the
4 jail -- I've been looking a lot into newspapers
5 that are happening in other detention facilities,
6 like state and federal detention facilities, some
7 county jails, where they actually have
8 newspapers, and it's kind of editorial things
9 that are run by the incarcerated individuals. It
10 kind of doubles as a writing program, and just
11 something for them to, you know -- another
12 extracurricular to take up their time while
13 they're in jail. Is that something the jail has
14 ever had?

15 WARDEN HARPER: I remember we did
16 have a creative writing program with Chatham that
17 Mr. Pischke was in charge of that we were trying
18 to get back. But I can look into, you know,
19 whether or not, you know, we can get that program
20 back. I know Mr. Pischke was looking at trying
21 to get the creative writing program back. But
22 that's the only thing that I know of thus far
23 pertaining to writing.

24 MS. HALLAM: Is that something that
25 the jail would potentially look into instituting

1 is a jail-run newspaper for the incarcerated
2 individuals to create content, circulate amongst
3 themselves, kind of a feeling of comradery, and
4 help them with their writing skills at the same
5 time?

6 WARDEN HARPER: That's something
7 that I can bring to my team and see if it's
8 something that we think that we can do. So I can
9 definitely bring it to the team.

10 MS. HALLAM: Yeah, please. I would
11 appreciate that.

12 My next question is about --
13 specifically about bag lunches. So I saw that
14 there is a policy that exists. It's called
15 Policy Number 315, that specifically deals with
16 bag lunches and when those are provided. I was
17 wondering if you could detail that because, like,
18 the -- some of the policy was redacted in what
19 was posted, and I'm just wondering if you could
20 talk about if bag lunches, bologna sandwich brown
21 bags, if that's ever used as a form of punishment
22 instead of giving folks a regular meal tray, or
23 if it's ever used for people in the various
24 mental health tiers?

25 WARDEN HARPER: First of all, we

1 don't use any type of food for punishment. And I
2 would have to look at that policy and report back
3 to you at the next meeting about, you know,
4 Policy 315. So that's something I can report
5 back on at the next meeting.

6 MS. HALLAM: Okay. So you never,
7 in any instance, trade out as some form of
8 punishment for anything a bag lunch instead of
9 the meal tray?

10 WARDEN HARPER: As I stated, I will
11 have to look at the policy and I can report back
12 to you at the next meeting.

13 MS. HALLAM: Okay.

14 WARDEN HARPER: I don't want to
15 give false information.

16 MS. HALLAM: Do you also know if
17 folks who are on any of the various mental health
18 tiers and the mental health pods are being given
19 different food, not in trays or bag lunches,
20 different than the other pods?

21 WARDEN HARPER: I have to report
22 back on that also.

23 MS. HALLAM: Okay. I think that's
24 all I have for now for him.

25 MR. O'CONNOR: I just had a heat

1 question. So when it was reported, what was the
2 actual issue? Was it the HVAC?

3 MS. HALLAM: It flooded. The water
4 came down. Sorry.

5 MR. O'CONNOR: For the heat?

6 CHIEF DEPUTY WARDEN BEASOM: I got
7 the follow-up with Facilities, Mr. O'Connor. I
8 don't know the --

9 MR. O'CONNOR: Okay. That's okay.

10 CHIEF DEPUTY WARDEN BEASOM:
11 Technically --

12 CONTROLLER O'CONNOR: Because I
13 know you guys gave us, I think you said it, today
14 was the capital budget request and that link,
15 which is helpful from our side. But how often is
16 it inspected? I mean, do we do this -- it's more
17 a county-wide question I would guess. How often
18 do we do our inspections on facilities, heating,
19 and all that stuff?

20 CHIEF DEPUTY WARDEN BEASOM:
21 There's preventative maintenance completed on the
22 HVAC, plumbing, electrical, those things, but I
23 don't have the schedule in front of me.

24 MR. O'CONNOR: Okay. All right. I
25 just didn't -- I didn't know if we knew that

1 offhand, okay.

2 JUDGE HOWSIE: Any else, Warden?

3 WARDEN HARPER: No, Your Honor.

4 JUDGE HOWSIE: Thank you.

5 Chief Deputy Warden.

6 CHIEF DEPUTY WARDEN BEASOM: Thank
7 you, Your Honor. Good evening again, Board.
8 I'll start with staffing. Since the last
9 Oversight Board meeting, we have not had any
10 promotions in the jail operations side of things.

11 We graduated six cadets on Friday,
12 November 11th. Our next cadet class begins this
13 coming Monday, December 5th, consisting of four
14 cadets.

15 We have upcoming physical agility
16 tests scheduled for January 10th, 12th, 14th,
17 17th, and 19th. And the application process
18 continues to be currently opened and perpetually
19 opened. And I'll continue Reverend Howe's
20 shameless plugs, that anyone interested to apply
21 can go to joinACJ.com.

22 The suicide-resistant cells, the
23 installation and finalization of this project
24 resumed this morning and is expected to be
25 complete by early next week. We're hopeful

1 Monday or Tuesday the last three cells will be
2 completed.

3 State transfers. We currently have
4 19 males, zero females with 300B's in the
5 facility. We have four males with 300B's that
6 have detainers and three males with open cases
7 and also 300B's. The longest wait time on the
8 300B right now was received on November 1st, and
9 the shortest wait was received on 11/23. And we
10 have three scheduled transport dates coming up
11 this month of December.

12 The use-of-force numbers for
13 November were 22.

14 That's all I have. Is there any
15 questions before I pass it to Dr. Brinkman?

16 JUDGE HOWSIE: Ms. Hallam?

17 MS. HALLAM: I actually don't have
18 any questions for that, but one of the things I
19 would ask is just so that I don't do what I seem
20 to do every meeting now that we have like
21 multiple other people presenting. Can we break
22 it up on the agenda? You know, like can yinz
23 submit what you're going to -- so that I don't
24 ask a question that you're going to answer
25 because I thought you didn't address it because I

1 don't know which Chief Deputy Warden is reporting
2 on it?

3 CHIEF DEPUTY WARDEN BEASOM: What's
4 your question pertaining to?

5 MS. HALLAM: Well, I mean, I have a
6 whole bunch, but are you talking about anything
7 else on this list?

8 CHIEF DEPUTY WARDEN BEASOM: No.

9 MS. HALLAM: Okay. Cool.

10 CHIEF DEPUTY WARDEN BEASOM: Okay.

11 JUDGE HOWSIE: Any additional
12 questions?

13 (No response.)

14 JUDGE HOWSIE: All right.

15 Dr. Brinkman.

16 DR. BRINKMAN: All right. Good
17 evening. For Old Business related to COVID-19
18 updates, incarcerated individual infection rates
19 and testing, there are currently three
20 incarcerated individuals presently positive in
21 the facility with zero hospitalized from
22 COVID-19. The total amount of incarcerated
23 individuals tested during November was 1,814. Of
24 those 32, or 1.76 percent, were positive.

25 Of employees, throughout the

1 pandemic, we've had 337 staff report positive
2 results, presently awaiting one to return to work
3 from their recovery process.

4 Vaccination clinics have continued
5 with our incarcerated individuals, and currently,
6 617 or 44 percent of the population have received
7 the full series.

8 The Warden had referenced that
9 there are new CDC guidelines related to
10 correctional facilities, and it was just released
11 yesterday, so I have not consumed every bit of it
12 yet. But we are scheduled to meet with the
13 Allegheny County Health Department and the
14 Allegheny Health Network to decide what kind of
15 changes we might be able to make based on those
16 guidelines, hopefully in the next week or so.

17 For medications for opioid use
18 disorder and the expansion of efforts, our
19 continuation of medication-assisted treatment
20 includes the following during the month of
21 November: 16 individuals prescribed oral
22 Naltrexone, with one receiving the Vivitrol
23 injection prior to community release; 101
24 individuals treated for -- with Suboxone and
25 seven of those treated with Sublocade. Of these,

1 two patients transitioned from Suboxone to
2 Sublocade to support their recovery; methadone
3 continuation services have treated 16 individuals
4 with 12 current patients.

5 Of our Torrance commitments and
6 admissions during November, five were admitted
7 and transferred to Torrance State Hospital. Six
8 patients were committed to Torrance State
9 Hospital. Two had their commitment to Torrance
10 for competency restoration rescinded due to
11 clinical stabilization. Currently 22 are
12 awaiting admission to Torrance State Hospital,
13 with the longest waiting since August 12th.

14 For Tiers IV and V mental health
15 data, as a reminder, Tier V includes any patient
16 actively suicidal or self-harming, while Tier IV
17 includes any patient who is at imminent risk of
18 self-harm, suicidal or homicidal ideation as a
19 result of their mental illness. In November, one
20 individual was identified as a Tier V in the
21 mental health tier system, and 15 unique
22 individuals identified as Tier IV.

23 For our reporting of appointment
24 queues to review our current wait times, this was
25 as of this morning or early afternoon. Our

1 medical sick call requests had 24 waiting, with
2 the longest waiting four days. Our mental health
3 sick call requests had four, with the longest
4 waiting two days. Our psychiatrist's
5 appointments have 236, with the longest waiting
6 40 days. And our mental health specialists,
7 which is a follow-up service beyond their initial
8 request, has six, with the longest waiting two
9 days.

10 And the final portion that I kindly
11 ask for you to allow me to add were healthcare
12 successes last month. So in one of our
13 department meetings a discussion came up of what
14 makes our team proud to serve our patients. We
15 acknowledge that individual patient successes may
16 look different in our facility than others, you
17 might imagine because our patients have an
18 enormous range of needs and functioning. This
19 range includes severe medical cases all the way
20 through anxiety from being incarcerated. One
21 patient with a terminal illness with less than
22 six months to live had exceeded all expectations
23 through our care, where he has now experienced an
24 improved quality of life a year beyond his
25 original six months prognosis.

1 Another individual struggled with
2 her activities of daily living, specifically
3 attending to her self-care. Through our staff's
4 empowerment, she has developed a greater sense of
5 self-respect, even pride, and now consistently
6 showering and independently supporting her own
7 needs.

8 Our staff recognizes the disruption
9 of incarceration posing on an individual's life,
10 and one staff member quickly found how the
11 anxiety of incarceration was impacting someone's
12 well-being due to concern for their pet and who
13 would be caring for their pet while they were
14 incarcerated. A staff member quickly coordinated
15 to ensure that the pet was safe and cared for.

16 While these examples may seem less
17 important to some, these are the patients that
18 our staff care for every day, a wider range of
19 anything, like I mentioned from just the
20 adjustment of having this disruption, all the way
21 through severe medical issues.

22 And early findings of our
23 interdisciplinary team clinic expansion that I
24 talked about the last month or so, what I found
25 incredibly important as an outcome that the

1 expansion has directly impacted staff retention,
2 some staff feedback that was very welcomed. What
3 I heard was that they -- the program itself has
4 allowed for them to spend more time with their
5 patients, which supports their own personal
6 missions to serve, see patient improvement, and
7 finding meaning in their work. And we believe
8 that a fulfilled team member is going to be a
9 better care member and care provider, which was
10 made clear when we found that appointments
11 managing our patients' chronic illnesses showed
12 an increase of completion of approximately
13 29 percent since the pilot was expanded from
14 August through the past month.

15 That's all that I have.

16 JUDGE HOWSIE: Any questions?

17 MR. O'CONNOR: Just two quick ones.

18 The wait time, has it gone down more with the
19 pilot program.

20 DR. BRINKMAN: Yes.

21 MR. O'CONNOR: I don't know if you
22 said -- what is it now?

23 MS. HALLAM: Yes.

24 MR. O'CONNOR: I know --

25 DR. BRINKMAN: So the wait times

1 that I brought with me, the longest initial
2 request was waiting for four days.

3 MR. O'CONNOR: Four days. That's
4 it? On when -- but it's not on every floor?
5 It's just the floor that it's roving to?

6 DR. BRINKMAN: No, the clinic is in
7 operation throughout the building.

8 MR. O'CONNOR: It is? Sorry. So
9 what I meant is it's four per floor was the
10 longest you heard?

11 DR. BRINKMAN: No, no. So the very
12 initial request of somebody never talked to us,
13 but they have a new issue.

14 MR. O'CONNOR: So that was four
15 days? So on --

16 DR. BRINKMAN: Four days.

17 MR. O'CONNOR: So on the third
18 floor, four days?

19 DR. BRINKMAN: No, out of the whole
20 building.

21 MR. O'CONNOR: Oh.

22 DR. BRINKMAN: The longest waiting
23 was four days.

24 MR. O'CONNOR: Was four days, okay.

25 DR. BRINKMAN: As of today.

1 MR. O'CONNOR: As of today. So the
2 roving cart, let's put it that way, or however
3 you want to say it, and the pilot and when -- and
4 when I went a couple weeks ago, we understood
5 that -- and we have a report. I'm not going to
6 speak about that now because it's not posted yet,
7 but if that cart is working everywhere that the
8 longest wait that, at least I was told, was on
9 intake more than anything else. So does that
10 ever go down there, or is it just on the pods
11 upstairs?

12 DR. BRINKMAN: Wait of what kind of
13 service?

14 MR. O'CONNOR: I mean, a lot of it
15 was mental health, and we'll have that
16 conversation later, but just -- it seems like a
17 lot of people are getting serviced quicker.

18 DR. BRINKMAN: Uh-huh.

19 MR. O'CONNOR: So can that be used
20 at intake as well just for basic needs to speed
21 some of those waits up?

22 DR. BRINKMAN: I'm not sure I --

23 MR. O'CONNOR: I know it was
24 basic --

25 DR. BRINKMAN: The information that

1 you have doesn't seem to match what I see
2 happening in the building, so I'm not sure what
3 exactly you're asking about. I'm sorry.

4 MR. O'CONNOR: So, I mean, when I
5 was in intake, it seemed like it took a while for
6 somebody to get seen because of understaffing.

7 DR. BRINKMAN: Okay.

8 MR. O'CONNOR: So now that this
9 program is being successful -- and I'm not asking
10 that you do it tomorrow --

11 DR. BRINKMAN: Sure.

12 MR. O'CONNOR: -- but if it's being
13 successful on all these other floors, and it's a
14 four-day wait, which you know, hopefully,
15 somebody is not down in intake for that long,
16 but --

17 DR. BRINKMAN: No.

18 MR. O'CONNOR: But it seems like a
19 lot of people are having issues just getting seen
20 down there because the staff was so short.

21 DR. BRINKMAN: Sure.

22 MR. O'CONNOR: Is there a
23 possibility of doing something like this down
24 there as well? I understand you're understaffed,
25 but can that float around a little bit more to

1 speed some of that process up?

2 DR. BRINKMAN: We're working on
3 some other plans with the --

4 MR. O'CONNOR: Okay --

5 DR. BRINKMAN: -- with the team to
6 be able to address how we handle things at
7 intake.

8 MR. O'CONNOR: Okay.

9 DR. BRINKMAN: That's something
10 that's going to take its own workflow.

11 MR. O'CONNOR: Its own course, but
12 you're working on something regarding that?

13 DR. BRINKMAN: Yes, yes.

14 MR. O'CONNOR: Okay.

15 JUDGE HOWSIE: Ms. Hallam?

16 MS. HALLAM: Thank you. I do have
17 some questions because -- first of all, when you
18 say like the longest wait was four days, like, as
19 of today, I have seen documentation that shows
20 people waiting for sick calls much -- many more
21 days than the number that you're reporting to us
22 here. So I'm wondering why on paper is it
23 looking like people are waiting longer to see
24 medical or mental health than it actually gets
25 reported to us here?

1 DR. BRINKMAN: I'm not sure what
2 you're talking about. What kind of documentation
3 you're talking about.

4 MS. HALLAM: Documentation from the
5 jail, the list of people, and what day they've
6 been waiting to see medical since.

7 DR. BRINKMAN: So we have multiple
8 types of appointments that somebody might be
9 waiting. So the four-day wait that I was talking
10 about is this is the first that you've
11 communicated to us that there's something you
12 want to talk to us about. So that's the four-day
13 wait. And then when we come to see you and find
14 out what's going on, you might be waiting to talk
15 with a provider after that. So it's kind of like
16 you walk into your PCP's office. The very first
17 person you see is that medical assistant that is
18 kind of triaging what's going on, and then
19 they're making some medical decision-making in
20 the background of what kind of service we need to
21 do to help support that.

22 So there are different types of
23 appointments that you could be waiting for.

24 MS. HALLAM: So it's basically like
25 if we're equating it to like someone on the

1 street going to the doctor -- I was under the
2 impression when you were giving us wait times
3 that was how long people waited for medical
4 treatment, not just for someone to acknowledge
5 their request for medical treatment. I don't
6 know if I'm the only one.

7 MS. KLEIN: I thought that.

8 MS. HALLAM: You also thought that?
9 Yeah, I feel very misled because I thought that
10 the numbers that were you telling us were they
11 requested medical treatment, and then they're
12 waiting four days to get it.

13 What you're saying is they wait
14 four days for their doctor's office to pick up
15 the phone.

16 DR. BRINKMAN: No -- what I -- so
17 what I'm trying to explain though is we're trying
18 to make sure there's a face-to-face to do a
19 triage of what exactly is going on. We want to
20 make sure that there's not an incredibly terrible
21 thing going on with you. Even if -- so we don't
22 always see what the initial request was for,
23 like, what was the initial concern that you had.
24 So we're coming to find out and triage what the
25 medical decision-making is going to be from

1 there.

2 MS. HALLAM: Okay. So how long are
3 folks waiting for medical treatment, not for
4 triage, for treatment of.

5 DR. BRINKMAN: That's going to
6 depend on what the issue is. So if somebody is
7 saying I broke my glasses, I didn't get my
8 glasses, or I didn't have them when I was
9 arrested, the wait for them to see the
10 optometrist is going to be very different from
11 the wait for them to see one of our primary care
12 providers. Those are all -- it's very dependent
13 on what the actual issue is.

14 MS. HALLAM: So do you track those
15 issues? Do you track this person needed to see a
16 cardiologist, and they didn't get to see one for
17 six months? Do you track this person has been
18 having issues with their insulin, and they need
19 to see whatever kind of doctor does diabetes? I
20 don't even know what kind of doctor does that.

21 JUDGE LAZZARA: An endocrinologist.

22 MS. HALLAM: An endocrinologist.
23 Thank you, Judge. Why do you roll your eyes? I
24 didn't know that. I'm sorry.

25 Okay. But yeah, do you track that

1 at all from request to treatment, or do you only
2 track from request to triage?

3 DR. BRINKMAN: We have -- not in
4 the very specificity that you just described, no.
5 But I have in terms of like levels of care, so
6 how long they're waiting to see the provider
7 versus how long they're waiting to see the
8 optometrist. Yes, I do have, because the
9 optometrist is a specific on-site service that we
10 have.

11 The cardiologist, very different
12 because there's an awful lot of assessment that
13 has to go on before they even get to the point of
14 making a referral to a specialist. So when you
15 go to see your primary care provider, you're not
16 immediately going to the cardiologist. You're
17 going through whatever that primary care
18 physician wants to screen and test for prior to
19 making that referral.

20 MS. HALLAM: Right, but I'm also
21 getting treatment on the spot.

22 DR. BRINKMAN: You're getting
23 treatment to the generalized information. You
24 might not have the diagnosis identified at first.

25 MS. HALLAM: Right. I feel like

1 you're just like playing semantics here, and I
2 just want to know how long people are waiting for
3 medical treatment.

4 DR. BRINKMAN: I'm not trying to
5 play semantics. I'm really not.

6 MS. HALLAM: Okay. So what I'm
7 saying is, is medical treatment being provided in
8 four days from request?

9 DR. BRINKMAN: Not across the
10 board, no.

11 MS. HALLAM: Okay. So can --

12 JUDGE LAZZARA: But if somebody
13 is -- somebody within four days, right?

14 DR. BRINKMAN: Yeah.

15 JUDGE LAZZARA: So the request to
16 the jail would be like making the phone call to
17 your PCP.

18 DR. BRINKMAN: Yes.

19 JUDGE LAZZARA: And the four days
20 would be the initial assessment at the PCP.

21 DR. BRINKMAN: Right. So, it's a
22 nurse, or it's a provider. It's somebody coming
23 to say what's going on when you answer it.

24 MS. HALLAM: I understand.

25 DR. BRINKMAN: Right.

1 MS. HALLAM: I very much
2 understand. I used that same phone call analogy.
3 I understand. I'm just saying, so people aren't
4 being addressed at all for four days. And then
5 after, they receive treatment at an undetermined
6 period of time. That's what's being said unless
7 I -- correct me if I'm wrong, but that's what's
8 being said here.

9 JUDGE LAZZARA: But if you call
10 your PCP today, Bethany, you're not going to get
11 an appointment right this minute.

12 MS. HALLAM: I can walk into an
13 urgent care right this second and no one in jail
14 can. So yes, I could get treatment right this
15 second. If that's what we're going to compare it
16 to, right -- this whole time that we've been
17 talking about wait times, I truly thought that we
18 meant treatment, and I'm not the only one. It's
19 a big difference.

20 MS. KLEIN: I think to clarify this
21 at least for me, could you maybe tell me who that
22 first touch is, what level of provider?

23 DR. BRINKMAN: Most often, it's a
24 nurse.

25 MS. KLEIN: Okay. Could it be an

1 MA? Could it be --

2 DR. BRINKMAN: It could. And the
3 MA would make the decision make -- we train our
4 staff as qualified healthcare professionals to be
5 able to make the immediate referral. So it could
6 be somebody -- and I think I referenced this in
7 the last meeting, that at the -- their
8 face-to-face interactions -- encounter that they
9 had, the provider got engaged immediately, and it
10 ended up becoming a send-out off-site. So it
11 doesn't mean that treatment is concluded on that
12 time because you might have a complicated issue
13 that you're not going to be able to resolve
14 everything in that moment, but you're connected
15 to healthcare to get access to what needs done as
16 quickly as the medical need deems necessary.

17 MS. HALLAM: Okay. I'll continue
18 on with my question because my next thing aligns
19 with this. So the thing I was going to ask is
20 you read off a lot of numbers when you come here,
21 and I do think they're very helpful numbers, but
22 it's not even that you're reading too fast. It's
23 just a lot of numbers and a lot of stuff to write
24 down. We already get this, like, packet that has
25 lots of other information. Is there any reason

1 that the numbers you're reading to us -- I can't
2 even remember what they all were, like COVID,
3 vaccines, positive COVID cases, people on MOUD,
4 because I see that there's a line in here about
5 substance use services. But it doesn't seem that
6 those numbers align with people who are receiving
7 MOUD. So basically all the numbers, the report
8 that you come here and give us, is -- can you put
9 it in this packet, like, for the meetings every
10 month?

11 And then with that, you could maybe
12 actually put the wait times that people are
13 waiting for treatment.

14 DR. BRINKMAN: So the packet there
15 is something that's compiled pretty large-scale,
16 so I don't get to make that decision. We can
17 look at it as a team.

18 MS. HALLAM: You don't get to make
19 that decision, if your information is allowed to
20 be printed as opposed to just told to us at a
21 meeting?

22 WARDEN HARPER: So you're asking
23 that the report that Dr. Brinkman gave the Board
24 today to actually be in the packet that you just
25 showed?

1 MS. HALLAM: Correct. Truly any
2 numbers. You guys got numbers about something,
3 you got data, statistics that you're going to
4 come here and report to us. Can we see it ahead
5 of time so that we can review it? I mean, I know
6 you had it probably when you made this.

7 WARDEN HARPER: We can definitely
8 look into it.

9 JUDGE HOWSIE: Any additional
10 questions?

11 JUDGE LAZZARA: Hey, Ms. Hallam,
12 can I just interrupt because I have a family
13 obligation that I have to leave in the next few
14 minutes, and I'd like to ask something and report
15 on some things that I was doing.

16 MS. HALLAM: Yeah, we can like go
17 to that and then resume this.

18 JUDGE LAZZARA: And then you can
19 resume this?

20 MS. HALLAM: I just have more
21 questions.

22 JUDGE LAZZARA: I'm not saying you
23 shouldn't ask your questions.

24 MS. HALLAM: Yeah, I get it.

25 JUDGE LAZZARA: I'm just saying

1 that I need to -- I need to leave, and so I would
2 like to be able to address a couple of things
3 that are on my plate, so...

4 So the first thing is I always like
5 to provide the numbers about the jail population.
6 Ms. Hallam was hopeful that at some point we
7 could get below 1,400, and I can tell you that
8 the status of the jail population as of 4:30 p.m.
9 on November 29, 2022, was 1,373 people in the
10 Allegheny County Jail, and 129 in alternative
11 housing. That does not include anybody with
12 federal holds.

13 MS. HALLAM: Oh, okay.

14 JUDGE LAZZARA: Well, that's --

15 MS. HALLAM: I count that.

16 JUDGE LAZZARA: These are the
17 county's number, so that's -- 7 percent of the
18 people in the jail are serving a county sentence
19 as a result of a new conviction; 29 percent of
20 those people are in alternative -- 29 percent of
21 the people in alternative housing are serving a
22 county sentence. So a lot of those people
23 serving county sentences are being moved to
24 alternative housing.

25 20 percent of people in the jail

1 are on an external hold from either other
2 counties or other jurisdictions. 42 percent of
3 the people in the jail itself were detained by
4 Allegheny County Adult Probation. These people
5 were detained for violating probation on a crime
6 for which they had previously been convicted.
7 88 percent of those were of moderate or high risk
8 to re-offend based on Probation Proxy scores.

9 24 percent of the people in the
10 jail were held pretrial only, meaning that there
11 were no external holds or detainers keeping them
12 in jail. Of those people, just over 1 percent
13 screened as low risk for re-offense. 20 percent
14 of the people in alternative housing were held
15 pretrial only.

16 66 individuals, that's about
17 5 percent of the population, are currently being
18 held on monetary bonds. Of these, only six
19 screened as low risk, and only two of the people
20 in alternative housing are held pretrial on
21 monetary bonds. And all pretrial monetary bonds
22 are reviewed for possible bail modification,
23 every single one of them.

24 In terms of declines over the
25 course of the time, from March 16th, there were

1 2,075 folks in jail, 1,859 in the jail itself,
2 and 216 in alternative housing. That is a 20
3 percent decrease in the population of the jail,
4 and a 40 percent decrease in the housing
5 population, the alternative housing population,
6 as of the end of November.

7 The detainer population has also
8 had a 34 percent decrease since March 16th of
9 2020, so that's being worked on. It's a process
10 all the time, and we are working on that. So
11 those are those numbers.

12 MS. HALLAM: Can we get that -- I
13 know you said last meeting you were going to
14 start sending it to us.

15 JUDGE LAZZARA: I know. The
16 problem is, I didn't get it until right before I
17 walked in today.

18 MS. HALLAM: Even if you send it
19 after the meeting, just so that I can have it.

20 JUDGE LAZZARA: Okay. Okay. I
21 just --

22 MS. HALLAM: Yes. Yeah, that would
23 be good.

24 JUDGE LAZZARA: I just -- I just --
25 some days they give it to me early, and some days

1 I get it right when I'm walking out. So I got it
2 right before I walked out.

3 MS. HALLAM: I think that's
4 different than the information that we're
5 requesting from them. I don't think I need that
6 ahead of the meeting. It's nice to get the
7 report here, but yeah, the PDF would just be
8 helpful to see it.

9 JUDGE LAZZARA: Okay. Okay.

10 MS. HALLAM: Thank you.

11 JUDGE LAZZARA: There were -- there
12 were some things that were on for Old Business,
13 so that was the update on the statistics.

14 The liaison position, we have --
15 it's been amazing. We've gotten what, like 55 --
16 I think approximately 55 applications for the
17 liaison position, and that's one of the reasons
18 why it has not happened in response to the young
19 lady in the back, because we have gotten 55
20 resumes from folks and applications from folks
21 who were interested in those positions.

22 I know I spent several nights going
23 through the original grunch of 43 of them, and
24 then we got another 13 of them that we were just
25 provided with the information for today.

1 So once we're able to -- the IIWF
2 take a look at those last 13, then we've already
3 started talking about when we can have a meeting
4 to sit down and talk about who out of that group
5 we would like to do the initial interviews with.
6 We will not be interviewing all 55 or 56 of them.
7 That's too many, so it will be the people that we
8 all can sort of agree on giving the interviews
9 to. So it's really been a tremendous response.
10 And I know for me looking at it, I know that I've
11 seen some people that I think are the right
12 people for this job, and so I'm very excited
13 about what's in there. So we will be hopefully
14 before the next meeting, although with December,
15 I don't know. Hopefully, having that
16 conversation and being able to at least schedule
17 the interviews, which would be awesome. So I
18 wanted to update everybody on that.

19 The other thing that I wanted to
20 bring up before I left was a matter that was
21 brought to everybody's attention by Mr. K, and
22 Mr. Korinski, who could also be a Mr. K. In
23 terms of the exit interviews, because I know that
24 Judge Clark was really the person who was sort of
25 spearheading the exit interviews, and I know

1 Bethany was on -- you guys sort of had a little
2 committee that was doing the exit interviews.
3 And then I know that we were waiting for a form
4 to be drafted for the exit interviews that
5 Judge Clark was talking about at some of the
6 meetings. Do you remember that? She was talking
7 about a form for the questions and sort of trying
8 to institutionalize it, and then she left the
9 Board. And I think that what happened is she was
10 the head of that committee, and I think it sort
11 of got lost. So I would sort of be making a
12 motion to reinstitute --

13 MS. HALLAM: Second.

14 JUDGE LAZZARA: -- a committee for
15 those exit interviews so that we can start doing
16 that on a more consistent basis and learn why
17 people are leaving the jail.

18 MS. HALLAM: I'll second that
19 motion, and also I would like to be on that
20 committee very much so. Because what I will say
21 is I know -- and this is kind of also in response
22 to Public Comment, although I know I'm not
23 allowed to do that, but I -- I do exit interviews
24 with some people. Again, I cannot get to every
25 single person that reaches out to me, but I get

1 reached out to by a lot of people -- also people
2 currently working in the jail, but specifically
3 for exit interviews, people who leave the jail
4 and want to tell me about it. Their problem is
5 they're very worried about their anonymity, and
6 they hear from someone that they can talk to me,
7 and I talk to them. They do not want to talk to
8 the full Board. So maybe if when we start this
9 committee, we can figure out a solution to that
10 as well. They are very worried about
11 retaliation. They are very concerned about that,
12 and I think that's a fair thing for them to be
13 worried about.

14 So I do have conversations with
15 people, but again, I don't write up a written
16 report. I don't have a form that I could fill
17 out. If I had that, even the ones that I do by
18 myself, I could fill it out and provide that
19 information maybe with a redacted last name or
20 something to the Board. But I -- I do not find
21 myself qualified to create that form.

22 JUDGE LAZZARA: Yeah, and that's --
23 that's I think -- Judge Clark was working on that
24 form if you guys don't recall.

25 MS. HALLAM: I don't remember that.

1 JUDGE LAZZARA: I don't think I'm
2 crazy about that, but I think she was working on
3 that, and then she left the Board, and so she
4 turned it over to Judge Howsie. And I think that
5 that project may have gotten lost in the shuffle.
6 So I appreciate the fact that Mr. K and
7 Brad Korinski have brought that up again.

8 MS. HALLAM: Awesome.

9 JUDGE LAZZARA: And I would make
10 that motion that perhaps we reinstitute the
11 subcommittee that was going to look at exit
12 interviews and what we should ask people and how
13 we should go about doing that.

14 MS. HALLAM: And I seconded that.

15 JUDGE HOWSIE: Any other
16 discussion?

17 Is that something that we want to
18 waive until we have an Executive Session about?

19 MS. HALLAM: No. We have a motion
20 and a second. We need to vote.

21 JUDGE HOWSIE: Thank you,
22 Ms. Hallam.

23 MS. HALLAM: You're welcome.

24 JUDGE HOWSIE: Is that something we
25 should talk about in Executive Session? I've

1 never heard of any discussion.

2 MR. PILARSKI: Saying that you are
3 not going to talk to the entire Board is a
4 problem. I mean, you're painting a --

5 JUDGE LAZZARA: Well, no, it's
6 not -- I don't think it's going -- it's a
7 subcommittee that would be deciding how to go
8 about those exit committees and everything. So
9 I'm not saying --

10 MR. PILARSKI: You're saying that
11 the --

12 JUDGE LAZZARA: I'm not saying that
13 the entire Board should sit there and talk to
14 them, but I think the Board should know why
15 people are leaving.

16 MR. PILARSKI: Hiring and firing
17 goes under the Executive Branch. I don't know
18 what you're going to do with the information.

19 MS. HALLAM: Remind him -- you're
20 not speaking into your microphone, first of all.
21 And also the Executive -- we're not talking --
22 you said hiring and firing goes under the
23 executive is what he said off mic, but leaving,
24 quitting your job is not.

25 JUDGE LAZZARA: Well, because we

1 want to --

2 MS. HALLAM: People voluntarily
3 leaving.

4 JUDGE LAZZARA: -- see why -- we're
5 not -- we're not -- we're not doing hiring and
6 firing. We just want to see why they're leaving
7 and is it something that we can remedy? Is it
8 something that we can suggest to the
9 administration about how to do something
10 differently? Are they leaving because of how
11 things are occurring in there? Are they leaving
12 because -- you know, why are they leaving? We
13 have no idea. So it would be nice to know
14 because I think staff retention, especially in
15 this day and age, is a huge issue. And if we can
16 do something to retain staff, that would be an
17 awesome thing. So it's just a matter of let's
18 figure out where we can go with it. I know we
19 were working on it before and it sort of fell off
20 the radar.

21 JUDGE HOWSIE: Any votes in favor?
22 (Chorus of ayes.)

23 CONTROLLER O'CONNOR: Is it a
24 confidential form?

25 JUDGE LAZZARA: We're not even

1 talking about the form. We're just talking about
2 how to do it.

3 MS. KLEIN: Forming a subcommittee.

4 MS. HALLAM: Looks like four yeses.

5 JUDGE HOWSIE: Mr. O'Connor, is
6 that a yes?

7 CONTROLLER O'CONNOR: Yeah, yeah.

8 JUDGE HOWSIE: Okay. Motion
9 carries.

10 Anything else, Judge Lazzara?

11 JUDGE LAZZARA: No. That's it.

12 Sorry. And I apologize I have to leave, but I
13 have -- I have pickup duties and there's nobody
14 else to do it, so it's me. We all have lives out
15 of this too. So sorry about that.

16 JUDGE HOWSIE: Do you have any
17 additional --

18 MS. HALLAM: I have a lot more.
19 Yeah.

20 Okay. Where did she go? Did she
21 leave on purpose?

22 JUDGE HOWSIE: Why don't we go on.
23 I'm sure she'll be back.

24 JUDGE LAZZARA: Yeah, she just --
25 she went to the bathroom.

1 MS. HALLAM: Okay. Do you think
2 that --

3 JUDGE HOWSIE: Why don't we go to
4 Deputy Toma?

5 MS. HALLAM: Okay. Okay. Cool.
6 All right. So -- oh, you're going to go and then
7 I'm going to ask you questions, or do you want to
8 try to answer some of the questions that I have.

9 DEPUTY WARDEN TOMA: Why don't I go
10 first, and then maybe I'll be answering some of
11 yours.

12 MS. HALLAM: Sure. I hope so.

13 DEPUTY WARDEN TOMA: So in regards
14 to the inmate mail policy, it actually has become
15 very robust in nature, considering that we've
16 addressed a lot of the comments from the Board as
17 well as outside and other stakeholders. So we're
18 looking to actually separate both the inmate mail
19 portion of the policy and the book review portion
20 of it to be two separate policies. So that
21 policy is still currently under review.

22 But some of the procedures or
23 changes that we have put into place that we are
24 currently monitoring and measuring and gathering
25 feedback, as I mentioned before, we added the

1 book orders appeals process to the tablet, so
2 that is active. And we've also implemented the
3 book requests, which is also active. To date,
4 we've received over about 175 requests regarding
5 books. This is both to be added to the E-library
6 as well as physical books. Those are from 109
7 individual users.

8 Facility messaging is still being
9 used to communicate any books that are returned
10 to sender for administrative reasons. You guys
11 were provided that document. I would like to
12 make a note that we had some issues with the
13 export from the program, so some of the
14 languaging -- yeah, so some of it is missing some
15 literal letters due to how the document was
16 exported. So we are working to get that problem
17 resolved, but we wanted to get you something
18 because that was requested to the Board, and
19 we'll -- like I said, we're going to work on the
20 export, so you have something that is complete.

21 The book review committee has been
22 established. Representation from both Chaplaincy
23 as well as Adult and Juvenile Education sits on
24 that review committee. They did meet and
25 reviewed all the books that were previously

1 rejected from the facility that were disseminated
2 as well to the Board. All those books,
3 rejections, were overturned. We are working to
4 have that information posted on the website.

5 Additionally, we went ahead and
6 purchased physical copies of all those books, and
7 they will be added to the library, the physical
8 library and disseminated through the facility.
9 They've been also disseminated to the committee
10 to review to put onto the E-tablets.

11 One of the things that the
12 committee has identified is that the E-library is
13 also available to the juvenile population, so the
14 Intermediate Unit is reviewing all books for
15 appropriate content for accessibility to that
16 population as well. We have expanded our
17 E-library based on the requests of the books, and
18 we continue to do that.

19 The physical library is in the
20 process of being moved -- to -- we identified the
21 previous location and size was not conducive to
22 the expansion of the new procedures. So we
23 actually built a completely new space for the
24 library, and we are in the process of finishing
25 that up. So the current requests we have been

1 receiving for physical books have been delayed as
2 we move that -- move the physical library and
3 re-inventory those books and organize them.

4 Next steps that we are working on
5 as it applies to the BIP policies, things that
6 we're implementing that are reflected in the
7 revision are working with our community providers
8 and other programs within the facility to better
9 utilize our library as well as the E-book system
10 to expand upon the existing programs.

11 So with the Narcotics Anonymous,
12 Alcohol Anonymous, we actually had a meeting
13 today with them, looking to see what books they
14 recommend so that they can be continuations of
15 those services, as well as we're working with
16 AIU, the juvenile and adult education where
17 they're able to use our book libraries and
18 systems to expand upon their programs that they
19 are running, to include -- AIU would like us to
20 use that for extra credit projects for the
21 juvenile population. So we're also looking to
22 expand those resources to support those programs.

23 JUDGE HOWSIE: Do you mind speaking
24 to the -- would you like to comment on the
25 commissary and food service vendors?

1 DEPUTY WARDEN TOMA: Yeah.
2 Commissary was awarded. That contract is
3 still -- it was awarded. Oasis was the company
4 that was awarded. I did not provide a final
5 execution of the contract for that. It was as of
6 yesterday. It was not issued a contract number,
7 so I did not have a final version to disseminate
8 to you. But they were the awarded vendor. They
9 started today.

10 MS. KLEIN: Can you spell that?

11 DEPUTY WARDEN TOMA: Oh, O-A-S-I-S,
12 Oasis.

13 MS. KLEIN: Oh, Oasis. And that's
14 just the commissary?

15 DEPUTY WARDEN TOMA: Yeah, it's
16 just commissary. The food RFP is still out
17 pending. I have no further comment on that item.

18 JUDGE HOWSIE: Any questions?

19 MR. O'CONNOR: Yeah. So the books
20 that you were sending us back, is that the reason
21 why they were banned? Is that the document that
22 didn't go through properly?

23 DEPUTY WARDEN TOMA: No. That --
24 that document that was the issue was the
25 communication to the individual that was the

1 recipient of the books notifying them these books
2 were returned to sender and the reason that they
3 returned to sender.

4 CONTROLLER O'CONNOR: Okay. But
5 the reason for other banned books we asked for.

6 DEPUTY WARDEN TOMA: That was given
7 another document that was previously
8 disseminated?

9 MR. O'CONNOR: Oh, we have that.
10 I'm sorry. I didn't --

11 DEPUTY WARDEN TOMA: That was given
12 and --

13 MS. HALLAM: It was like today was
14 the e-mail.

15 MR. O'CONNOR: Sorry. That's fine.
16 I didn't see anything today.

17 DEPUTY WARDEN TOMA: Okay. And all
18 of the books that are on there, like I mentioned,
19 went to committee, and those were overturned. So
20 again, we have purchased all those books and have
21 added them to our physical library.

22 MR. O'CONNOR: Okay. And then just
23 on the commissary. I'm sure others are going to
24 ask about this, but -- and I know somebody new
25 has that. I just hope for the wellness of

1 everyone in there and, you know, the kitchen, I
2 know, is going to be out there as well. I hope
3 that it is a different vendor. I know I can't --

4 DEPUTY WARDEN TOMA: So I can speak
5 to that real quick just to --

6 MR. O'CONNOR: Okay, yeah.

7 DEPUTY WARDEN TOMA: Oasis is only
8 a commissary vendor. So your concerns are
9 alleviated because they don't even have a --

10 MR. O'CONNOR: Okay. That's very
11 good news, because we had a -- as you know from
12 our office, I mean, we -- it's good that you're
13 doing that separate because, you know, there was
14 no incentive for the last person to do anything
15 good in either one because that was the only
16 option. Now at least if it's separate, there
17 will be more transparency, hopefully more
18 nutrition, and then I still have requests for
19 nutrition at a federal level, but that's a
20 different conversation. But I'm glad that it's
21 going to be separate and it's going to be two
22 different people because that way we can
23 hopefully ensure that this is changing.

24 Do we know when the kitchen
25 contract is going to be done? Is that in

1 January?

2 DEPUTY WARDEN TOMA: I wish I had
3 an answer for you.

4 MR. O'CONNOR: Okay. That's fine.
5 I mean, I'm just glad that it's two different. I
6 think that is -- it's a step in the right
7 direction from where we were before. So good to
8 hear that. So that was my question.

9 JUDGE HOWSIE: Do you have any
10 questions, Ms. Hallam?

11 MS. HALLAM: I do have some. Thank
12 you, Judge Howsie.

13 So my first question -- sorry, I
14 actually have a whole bunch. But my first
15 question was -- and actually going off of
16 Controller O'Connor, if you remember, I was
17 reviewing the meeting minutes earlier to make
18 sure I wasn't imagining this, but this -- you had
19 asked for this. This was this -- show us the
20 notification because the policy had been
21 effective for two years, and we had -- no one had
22 received this, so you specifically asked for this
23 as proof that this has been happening. The dates
24 on this are from November 2nd forward after that
25 already happened. I want to see that you were

1 doing this since this policy was implemented.

2 DEPUTY WARDEN TOMA: And I can
3 speak to that. We did a process assessment. We
4 went through the entire process with those
5 individuals that handled that. We identified
6 through that process that it was documented and
7 communicated to the pod officers through the
8 system and only upon request by the incarcerated
9 individual when they asked about their books,
10 then it was communicated to them.

11 So, no, I recognize that we were
12 not following the policy, but since we have
13 identified that, and actually prior to
14 identifying that, this was implemented, and we
15 have since closed that loop.

16 MS. HALLAM: Great.

17 DEPUTY WARDEN TOMA: So we
18 completely acknowledged that that was not being
19 done, and it was only done as a verbal
20 communication when that individual asked.

21 MS. HALLAM: Great. Thank you
22 very, very much. I appreciate that.

23 So then my next question is, I just
24 want to understand this list of the books since
25 they started tracking returned July 2022. When

1 you were explaining was I understanding that the
2 ones that don't say no receipt, are those -- like
3 that say like violent imagery content -- I think
4 that's what they all say, violent imagery
5 content -- yeah, are these the ones that you're
6 saying that you took with the review committee
7 and you overturned it?

8 DEPUTY WARDEN TOMA: Yes. That
9 review committee reviewed the books, and they
10 determined that they did not violate any of the
11 policy requirements and would be appealed. So we
12 initiated our own appeal process as opposed to
13 those individuals having to do the appeal, and
14 you know, it was overruled, and the books are --
15 no longer would be...

16 MS. HALLAM: So did you give, for
17 example, I'm trying to like find a book in here,
18 Animal 1, 2, 3. Did you -- when you overturned
19 it, did you give that book to the person that it
20 was originally sent to?

21 DEPUTY WARDEN TOMA: No. We added
22 it to the library since it is now permissible.
23 So it's in the physical library.

24 MS. HALLAM: But why didn't -- why
25 didn't -- why didn't you give the person their

1 book? Like, what are you going to do going
2 forward with your process? I'm assuming that
3 some of these were older ones?

4 DEPUTY WARDEN TOMA: Oh, yes.
5 These were older. The books -- so the books will
6 be held now while it went through the review
7 process. So those books were already returned,
8 so we did not have the books that were sent to
9 them to give to them. So --

10 MS. HALLAM: Go ahead.

11 DEPUTY WARDEN TOMA: So in the
12 future, the procedure requires us to hold that
13 book if it's under question, to go to the review
14 committee. If it's -- you know -- if it's
15 determined that the book is permissible, then it
16 would be given to them. If it was not, it would
17 be returned because the -- and they will -- they
18 would have the opportunity to appeal, and it
19 would go through it again.

20 MS. HALLAM: How long is that
21 process?

22 DEPUTY WARDEN TOMA: We're still --
23 that's part of why the document is in draft, so
24 we're still working out those details.

25 MS. HALLAM: So if -- so I was

1 under the impression that this was in place
2 already?

3 DEPUTY WARDEN TOMA: These are
4 things that we have established, but the policy
5 has not been finalized. That's why we're working
6 through the procedures to determine what is
7 reasonable and what can be accommodated within
8 that group, and then for us to monitor that
9 procedure, and then make sure that we can
10 implement it appropriately and hold it.

11 MS. HALLAM: Okay. So I'm confused
12 because I thought the chaplain said earlier that
13 this review process -- review committee has been
14 happening?

15 DEPUTY WARDEN TOMA: Yep. They
16 reviewed -- they reviewed those books like I
17 stated.

18 MS. HALLAM: Right.

19 DEPUTY WARDEN TOMA: There's also
20 instances where we get book requests to add new
21 books.

22 MS. HALLAM: Did you not get any
23 new books that you had to use the review
24 committee for since that committee has been in
25 place?

1 DEPUTY WARDEN TOMA: Correct.

2 MS. HALLAM: They have only
3 reviewed old books?

4 DEPUTY WARDEN TOMA: There's
5 nothing else that's come up that has been needed
6 to go to the committee.

7 MS. HALLAM: Okay. So when -- is
8 this policy written down somewhere what you're
9 doing already? I understand that you say it's
10 not finalized, but you know?

11 DEPUTY WARDEN TOMA: Yeah, it's in
12 draft, and we're actually working with everybody,
13 all the departments that sit on the review
14 committee to work through the draft policy and
15 finalize it.

16 MS. HALLAM: Okay. Did you let the
17 people know whose books were -- the senders or
18 the incarcerated individuals of the books that
19 you appealed and overturned? Did you let them
20 know that their loved one can now send them that
21 book?

22 DEPUTY WARDEN TOMA: So at the time
23 of that process, that was not maintained in that
24 list as to the individuals, so...

25 MS. HALLAM: So you have no idea

1 who these books were supposed to go to?

2 DEPUTY WARDEN TOMA: So we are
3 actually working to determine if we can pull that
4 out of the system. So it's another thing that
5 we're working on.

6 MS. HALLAM: Okay. And these books
7 are where? The books are now physically on the
8 pods?

9 DEPUTY WARDEN TOMA: No. We have
10 them physically in the facility, and like I
11 stated, we are moved to the physical library. So
12 we're waiting to fulfill requests to the pods for
13 any books that are physical in nature.

14 MS. HALLAM: So I know that was a
15 public comment. The request earlier was for a
16 physical library that people can check books out.
17 Is that what you're doing?

18 DEPUTY WARDEN TOMA: We have a
19 physical library where we store the books. The
20 books are then put on the carts, as you have
21 seen, and we fill those carts with the requests.
22 So on the pods they have the ability to check out
23 books from the carts, and through the tablet,
24 they're able to request specific genres of books
25 to be added to their pod carts.

1 MS. HALLAM: How can they go browse
2 to see what their options are?

3 DEPUTY WARDEN TOMA: Currently,
4 there is not that option.

5 MS. HALLAM: Is that something
6 that's in the works?

7 DEPUTY WARDEN TOMA: That's
8 something that we have discussed. Like we said,
9 we're working as we do this move to physically
10 complete the inventory of the facility. We
11 already have a significant amount of books
12 inventoried, but because of the transient nature
13 of our population and the books, that inventory
14 that we currently maintain may not be accurate
15 for us to be able to post anywhere for it -- for
16 people to request specific book titles. That's
17 why we only allow for genres of books.

18 MS. HALLAM: But we've heard it
19 referenced numerous times, the 20,000 books. So
20 how do you have an inventory to know that but not
21 to know what you have?

22 DEPUTY WARDEN TOMA: Because I can
23 physically walk downstairs and I know the amount
24 of books on the shelves and I can look at the
25 books. So I'm kind of confused.

1 MS. HALLAM: I can't look at books
2 and tell you there's 20,000 there. Is that just
3 a guesstimate that you've been giving us?

4 DEPUTY WARDEN TOMA: No. We
5 physically have inventoried the books at one
6 point in time.

7 MS. HALLAM: So then why don't you
8 have the list of titles?

9 DEPUTY WARDEN TOMA: We do have
10 that list of titles, as I mentioned, but it's in
11 a -- we do not currently have the ability to
12 export a CSV or XL file from that system, and
13 that's one of the other issues that we're working
14 on as I previously stated.

15 MS. HALLAM: Man, I don't know if
16 we just have the most antiquated technology in
17 the world in this county. This just seems like
18 it's being made so much more difficult than it
19 really is. Like if people want to request a
20 book, they say I want -- you keep saying genre.
21 I want -- I know that my family tried to send me
22 Animal 1, 2, 3. Why can't I put in a request to
23 get Animal 1, 2, 3?

24 DEPUTY WARDEN TOMA: We might have
25 one copy of that book in the facility, and it's

1 already located and not available. So again, we
2 do -- we are not designed to track a book to a
3 singular level and it to stay there. That
4 individual could also move once it's given to
5 them from a housing unit to a housing unit and
6 then pass it amongst themselves, so we cannot...

7 MS. HALLAM: They have a unique
8 identification number called their DOC number.
9 You could very easily track it. There's a
10 barcode on their wristbands, and you can very
11 easily track who has what books, like a bar --
12 like a library card.

13 DEPUTY WARDEN TOMA: But if a book
14 itself can be passed around and not with -- no
15 longer with that individual.

16 MS. HALLAM: Not if they own it as
17 theirs that they took out, just like a library
18 card does. It's not like when I go and get a
19 book from the library, it gets implanted with a
20 chip that says Bethany Hallam has this book.

21 DEPUTY WARDEN TOMA: They're all
22 really great points, and it's something that
23 we're looking at as part -- as we go onto this
24 process. Right now, we have established these
25 ones, and we're working to make the current

1 procedures that we have implemented sustainable,
2 measurable, and we can improve upon them.

3 I absolutely agree there's areas
4 for us to improve, and we'll work towards those
5 other areas. But right now, what we've already
6 identified as the best course of action, we want
7 to make sure that those are sustainable, and we
8 continue to be able to meet and fulfill those
9 procedures that we've established.

10 And I completely agree with you
11 that, in time, we'll be adding to other processes
12 and procedures within the realm of books.

13 MS. HALLAM: Did you consider that
14 maybe a solution would be that like the members
15 of the Jail Oversight Board could have input in
16 it? It just seems like you keep coming with
17 these things that you're saying you're doing to
18 address problems, but then it never happens
19 because it's never done the way that we've heard
20 and we know it should be done.

21 DEPUTY WARDEN TOMA: Actually,
22 Ms. Hallam, I believe you're going to chair the
23 book review committee --

24 MS. HALLAM: Uh-huh.

25 DEPUTY WARDEN TOMA: -- from the

1 next meeting, so I look forward to being invited
2 to that committee to hear your ideas and thoughts
3 with the other members.

4 MS. HALLAM: Will you come and
5 listen?

6 DEPUTY WARDEN TOMA: Absolutely.

7 MS. HALLAM: All right. Cool.
8 I'll put you down.

9 All right. Am I allowed to keep
10 going? Should I just like try the questions?

11 DEPUTY WARDEN TOMA: Sure.

12 MS. HALLAM: Just to make sure --
13 see if you could consider them? Okay.

14 Can you speak at all to the mental
15 health tiers?

16 DEPUTY WARDEN TOMA: No.

17 MS. HALLAM: Okay. Can you speak
18 at all to -- okay, you can't speak at all to
19 that. Okay.

20 Oh, yeah. You talked about the
21 healthcare successes. And again, I'm super
22 interested in that because the level of detail
23 we're getting in your like puff-piece reports is
24 so much more than the level of detail we're
25 getting about people being sent to the hospital,

1 medical emergencies, people dying. I just can't
2 figure out why you can come and talk about
3 healthcare successes, again not saying anybody's
4 name, not saying any personally identifiable
5 medical information, but to just come here and
6 talk about specific incidents? Why can't we do
7 that for people getting rushed to the hospital,
8 people dying in the jail?

9 DEPUTY WARDEN TOMA: I would have
10 to defer back to Dr. Brinkman since she is the
11 Health Service Administrator and is responsible
12 for that unit.

13 MS. HALLAM: Okay. I held my
14 questions while you were gone for you. So I do
15 have a few for you. But thank you for your
16 answers.

17 Okay. Are you ready? I just
18 wanted to let you get situated. Are you sure?

19 DR. BRINKMAN: Okay. All right.

20 MS. HALLAM: Thank you so much. So
21 I have a couple of questions based off of some of
22 the things that you had mentioned. The first
23 thing is about the folks on Mental Health
24 Tier IV, IV and V specifically. And so, you
25 know, I keep referencing back to like the

1 solitary confinement ban, the referendum that was
2 passed that the jail must comply with, and it's
3 very clear that, you know, if someone is in
4 the -- their cell less than four hours is allowed
5 out of their cell, less than four hours a day by
6 definition of the law, they are in solitary
7 confinement. But we know that people on those
8 higher level mental health tiers are not getting
9 at least four hours out of their cell every day.
10 So there are, you know, exceptions listed under
11 the referendum, but none of them are being
12 reported on this person was held in solitary
13 confinement because of their mental health tier
14 classification.

15 DR. BRINKMAN: I'm pretty certain
16 we are reporting those who are not -- am I
17 wrong -- we are reporting those by the 5th,
18 right?

19 WARDEN HARPER: By the 5th of the
20 month.

21 DR. BRINKMAN: Uh-huh.

22 MS. HALLAM: No, what I'm talking
23 about is including the people who are being held
24 in solitary confinement because they are on the
25 mental health tiers, because it says that no

1 person, no person at all, regardless of mental
2 health tier, may be held in emergency or
3 short-term solitary confinement unless the Warden
4 has made and documented an individualized
5 determination of the necessity for this person's
6 confinement.

7 DR. BRINKMAN: Uh-huh.

8 MS. HALLAM: I mean, you know all
9 of these reasons because we brought them up a
10 bunch of times. But when I look at the report of
11 the people who are in solitary confinement each
12 month, I don't see any of these classifications
13 listed there.

14 WARDEN HARPER: For the last couple
15 of months, the institution has been on split
16 recreation. So therefore, nobody in the facility
17 has been receiving the four hours of out-of-cell
18 time. So Chief Beasom, do you want to talk a
19 little bit about that?

20 MS. HALLAM: The whole jail?
21 You've had the whole jail in solitary for the
22 last few months?

23 WARDEN HARPER: Hold on, ma'am.
24 Hold on.

25 CHIEF DEPUTY WARDEN BEASOM: It's

1 been the -- it's been the same recreation process
2 for the last several months under COVID
3 mitigation. Half the tier -- half the housing
4 units at a time are out for recreation. When
5 they go in, the other half comes out.

6 MS. HALLAM: Right. But, you know,
7 math-wise, there's 24 hours in a day. Why is
8 that prohibiting people from getting four hours
9 out of their cell a day?

10 CHIEF DEPUTY WARDEN BEASOM: We
11 only have movement until the 8:00 count, 8 p.m.

12 MS. HALLAM: Okay. So from what,
13 7 a.m. to 8 p.m.?

14 CHIEF DEPUTY WARDEN BEASOM: 7 a.m.
15 is when we start our breakfast feeds, medication
16 pass, then we start recreation. And then we get
17 into the 11 a.m. count, lunch, afternoon shift
18 change, count again. So there's things in
19 between those hours.

20 MS. HALLAM: That takes up 12
21 hours, right? So if each person needs four hours
22 and you're splitting rec, all you need is eight
23 hours in a day to make sure that every person on
24 every pod gets four hours out of their cell.

25 CHIEF DEPUTY WARDEN BEASOM: And we

1 get them out as much as we can.

2 MS. HALLAM: But you just said that
3 no one has gotten four hours out of their cell in
4 the past two months.

5 CHIEF DEPUTY WARDEN BEASOM: I
6 don't believe I said that.

7 MS. HALLAM: Someone just said
8 that. I didn't imagine that. That was literally
9 just said. Was it the Warden?

10 WARDEN HARPER: We've been on split
11 recreation for the last couple of months. So
12 under the split recreation guidelines, I thought
13 we are reporting that the facility, the
14 majority -- the facility was not getting the four
15 hours.

16 CHIEF DEPUTY WARDEN BEASOM: We get
17 them as much out of cell time as possible, yes.

18 MS. HALLAM: Okay. So that's wild,
19 but I will go back to my line of questioning,
20 specifically about the tiers. So -- but even
21 when you're not on split rec, people on Tier IV
22 and V are not getting four hours out of their
23 cell?

24 DR. BRINKMAN: One of the
25 exceptions is a medical emergency and -- and the

1 Tier IV and V is something that is clinical in
2 nature. So we're talking about somebody that, as
3 a result of their medical crisis, they are not
4 safe to be outside. So this would be similar to
5 somebody who is in Forbes Hospital under a
6 72-hour observation because of a 302. These are
7 people who are unsafe because of their medical
8 diagnosis and status, that it is not safe for
9 them to be outside of their cell because they
10 have an imminent risk of harm to self, others,
11 and things like that.

12 MS. HALLAM: Okay. Now you are
13 correct, it is for emergency, but very clearly
14 it's emergency or short-term solitary
15 confinement. So that means for a short-time
16 emergency somebody needs to put in -- be put in
17 solitary confinement. These are people who,
18 because of a classification that was assigned to
19 them, a mental health classification, they are in
20 solitary confinement.

21 DR. BRINKMAN: But no, it's based
22 on a clinician's assessment. It's not based on a
23 security classification or anything like that.
24 It is -- it is based on a clinical assessment
25 that has found that they are not safe to be

1 outside of their cell and have access to the
2 things that other people would have access to.

3 MS. HALLAM: But you referenced
4 Forbes Hospital. Forbes Hospital, they're
5 allowed to leave their room.

6 DR. BRINKMAN: Not at all levels of
7 care.

8 MS. HALLAM: They are not locked in
9 a cell for 24 hours a day at Forbes Hospital. I
10 am positive of that. I have been there.

11 DR. BRINKMAN: Okay. I don't know
12 what you --

13 MS. HALLAM: I just want to -- man.

14 Okay. I just feel like I'm not
15 asking for much. I just very much want to make
16 sure that we are not discriminating against
17 people with mental health diagnoses and
18 disabilities, and that is what it seems like the
19 more and more I learn about these tiers. It very
20 much seems like that, and now it's seeming to
21 overlap with the violation of the referendum,
22 which we know has been going on since it was
23 passed.

24 DR. BRINKMAN: I do not believe
25 that it's a violation of the referendum, and

1 maybe -- maybe it's the way we understand it.

2 MS. HALLAM: So this was -- I just
3 want to like bring up for the rest of the Board,
4 this is the reason why we need our own solicitor
5 here on the Jail Oversight Board because in
6 they're claiming they're not breaking the law.
7 The only legal person who is here is for them.
8 We need a solicitor to help us tell them if they
9 are breaking the law. Are they allowed to give
10 us the information they're giving us? We need
11 somebody to do that. So I don't know if anyone
12 else wants to like meet with me after this and
13 figure that out, but this is -- it's truly a
14 conflict that the only legal opinion that is ever
15 given in these meetings is the County's own
16 lawyer.

17 JUDGE HOWSIE: Do you have any
18 other questions? Can we move to another
19 question?

20 MS. HALLAM: Okay. Well then we
21 shouldn't meet only once a month, and I wouldn't
22 have this many questions every meeting.

23 Yeah. So the next thing is can you
24 describe when people transition from different
25 medications for opioid use disorder what that

1 looks like, because I know people are
2 transitioning to different medications are on or
3 off? What does that transition look like?

4 DR. BRINKMAN: So most often, the
5 only time it would be was from an oral Suboxone
6 to the long-acting injectable of Sublocade. So
7 the prescriber would be working with them to
8 determine what that dosing looks like.

9 MS. HALLAM: Okay. So it's just
10 dosing. It's not like anything like people --
11 are people going through withdrawal or people.

12 DR. BRINKMAN: No, no.

13 MS. HALLAM: There's no like kind
14 of lag time when you're switching from one med to
15 the next?

16 DR. BRINKMAN: I think that would
17 be experienced of any kind of dosing adjustment.
18 So it's no different than any other dosing
19 adjustment you would be going through. So you're
20 just changing the -- the method, the route of
21 administration.

22 MS. HALLAM: Okay.

23 DR. BRINKMAN: Oral to long-acting
24 injectable.

25 MS. HALLAM: Okay. What about --

1 you had referenced about the competency -- I
2 think it was last meeting, the competency
3 restoration pilot program, that there was an RFP
4 for that. Can you give us an update on that?

5 DR. BRINKMAN: I know that it's
6 being managed by DHS, so I don't know the state
7 of where that RFP is.

8 MS. HALLAM: Okay.

9 DR. BRINKMAN: I just knew that --
10 I know that Torrance State Hospital commitment is
11 something that we're all passionate about, and I
12 wanted you to know that I became aware of that
13 RFP.

14 MS. HALLAM: Okay. Bless you.

15 The next thing is about the BC
16 holds. So I know we have gotten reports about
17 the number of people that are on BC holds, but
18 I'm wondering if we can somehow get a more
19 detailed list, like this person has a behavior
20 competency hold, and they have this charge? I'm
21 trying to see the correlation between BC holds
22 and what charges they're being placed on people
23 for.

24 DR. BRINKMAN: We don't place them
25 on the BC holds. All that I --

1 MS. HALLAM: I thought you guys do
2 the evaluation to determine?

3 DR. BRINKMAN: No, we don't. No.
4 Pretrial Services does that. It's a third-party
5 objective psychiatrist. It's not my healthcare
6 department.

7 MS. HALLAM: They come into the
8 jail and provide a healthcare assessment, but
9 it's not through us, through the jail?

10 DR. BRINKMAN: It's specifically
11 intended to be a third-party objective so that
12 there's no -- no way that there is any influence
13 on what the outcome of that evaluation is.

14 MS. HALLAM: Okay. So if I want a
15 list of BC holds, the only place that holds that
16 is Pretrial?

17 DR. BRINKMAN: They communicate to
18 us who they placed on a hold.

19 MS. HALLAM: And you know the
20 person's charges that are in your jail.

21 DR. BRINKMAN: In healthcare, I
22 don't explicitly look at every person's charges.

23 MS. HALLAM: Right, but you have
24 access to it. So you know who has a BC hold, and
25 you know what that person's charges is -- are.

1 DR. BRINKMAN: Yes, but the most
2 efficient way to get that information, because I
3 would have to be looking up every individual. I
4 don't -- I don't track that in the way that they
5 do because I'm only looking at how can we
6 facilitate getting them to Torrance. So the most
7 efficient way for you to get that information is
8 definitely through Pretrial Services.

9 MS. HALLAM: Yeah. My only problem
10 is I'm not on the Pretrial Services Oversight
11 Board, and I know that it's something that's
12 happening at the jail. So I can ask them, but if
13 there is any like problem with it, can I tell
14 them to talk to you or work with you to figure
15 out a way to streamline it?

16 DR. BRINKMAN: I can try.

17 MS. HALLAM: Okay. So do you even
18 have a list of who has a BC hold in the jail?
19 Because I know if I call the jail, they'll tell
20 me that, but I don't know everyone or how many.

21 DEPUTY WARDEN TOMA: I can bring it
22 with me.

23 MS. HALLAM: Yeah. You have it.
24 Is that something that you can provide to us?

25 DEPUTY WARDEN TOMA: Not with the

1 patient information.

2 MS. HALLAM: No, I don't need the
3 patient information; just this person has a hold.
4 That's not HIPAA. That's a legal designation.

5 DEPUTY WARDEN TOMA: I'll find out
6 if I'm allowed to, yes.

7 MS. HALLAM: Okay. Thank you.

8 The next one, and this might
9 be you -- yeah -- we had asked at the last
10 meeting -- you had said that you were going to
11 short tracking uses of force by housing pod and
12 that you were going to bring that to this meeting
13 and report on it and I didn't hear it in the
14 report.

15 CHIEF DEPUTY WARDEN BEASOM: We
16 were talking about the document retention system
17 at the last Board meeting, and I said I was going
18 to find out if it is tracked by individual
19 housing units and it does.

20 MS. HALLAM: Right. And you said
21 you were going to bring those breakdowns to us.

22 CHIEF DEPUTY WARDEN BEASOM: I
23 absolutely did not say that.

24 MS. HALLAM: If you read these
25 meeting minutes --

1 CHIEF DEPUTY WARDEN BEASOM: I said
2 I looked, and I could see if Onbase, where we put
3 all of those incident packets, has the ability to
4 break it down by housing unit, and I did. And it
5 does break it down by that.

6 MS. HALLAM: Correct. And you said
7 that last meeting. I was just reading about it.
8 You said that last meeting, and that you were
9 going to bring those numbers here today.

10 CHIEF DEPUTY WARDEN BEASOM: I
11 reported on the use-of-force numbers.

12 MS. HALLAM: Not by housing pod.

13 CHIEF DEPUTY WARDEN BEASOM: No.

14 MS. HALLAM: Right. That's what
15 you were supposed to bring here today.

16 CHIEF DEPUTY WARDEN BEASOM: That's
17 not my recollection of what I said I was going to
18 bring.

19 MS. HALLAM: Okay. There is a
20 video on YouTube and the verbatim meeting minutes
21 are in the packet if you want to read it, but can
22 we try for that for the next meeting then?

23 CHIEF DEPUTY WARDEN BEASOM: Sure.

24 MS. HALLAM: Okay. I would
25 appreciate that very much. I just --

1 CHIEF DEPUTY WARDEN BEASOM: For
2 what time frame?

3 MS. HALLAM: Like when you give our
4 monthly report on use of forces, those six, I
5 would like to say this is the total number, and
6 this is, you know, a breakdown by housing pod.
7 You can put it in here if you want.

8 CHIEF DEPUTY WARDEN BEASOM: For
9 our January report, you're asking for the number
10 of use of forces and what housing unit they
11 occur?

12 MS. HALLAM: Correct. There were
13 15 on this pod; there were 10 on this pod. That
14 would be very helpful to like follow that going
15 forward.

16 CHIEF DEPUTY WARDEN BEASOM: I can
17 do that.

18 MS. HALLAM: Thank you very much.
19 Another thing is -- wait. Maybe that's it. Oh,
20 no. Okay. So whoever wants to answer this one.

21 Something that I have been
22 wondering a lot about is, you know, I know people
23 are still going to, I guess it's 4-B is like the
24 COVID quarantine pod for everybody that comes in.
25 Is that right? That's what it is, the intake

1 pod? Everybody has to go there and like
2 quarantine before they can go into gen pop?

3 DR. BRINKMAN: It's one of the
4 intake housing units, yes.

5 MS. HALLAM: Okay. But is that
6 like -- are they still being quarantined for a
7 certain amount of time there as a result of
8 COVID?

9 DR. BRINKMAN: Yes. That
10 mitigation effort is still in place. And like I
11 mentioned earlier, yesterday there were some new
12 guidelines that were released by the CDC, so --

13 MS. HALLAM: I just didn't hear you
14 say what they were.

15 DR. BRINKMAN: We're still reading.
16 It's a long document.

17 MS. HALLAM: Oh.

18 DR. BRINKMAN: So we're still
19 reading it to see how -- because like I said, it
20 just came yesterday, and for this meeting, that's
21 a lot to be -- have ready.

22 MS. HALLAM: Okay. I get it. I
23 get it. Is there somewhere like online? Can I
24 see it? Is it on the CDC website?

25 DR. BRINKMAN: Yeah. Honestly, all

1 you need to do is Google it.

2 MS. HALLAM: Is it the same thing
3 that I have been following in like, you know,
4 since COVID started, like the congregate care
5 setting guidelines?

6 DR. BRINKMAN: Correctional. Yeah,
7 correctional settings.

8 MS. HALLAM: Okay. I'll check that
9 out. So then I can -- I can read it. And your
10 policy on what -- because I was going to ask, you
11 know, questions about the procedures and
12 everything. Are you going to just follow their
13 recommendations for the policy going forward?

14 DR. BRINKMAN: Theirs are pretty
15 general typically, like, even from the get-go of
16 the whole pandemic. So we follow them in --
17 sorry.

18 MS. HALLAM: I know you can handle
19 it. That's why I asked for it.

20 DR. BRINKMAN: No, no. He's just
21 reminding me. That's all. He's being -- he's
22 being my partner.

23 AHN as -- since they oversee a lot
24 of our services as well as the County Health
25 Department. So we take all of that information

1 to see what makes the most sense.

2 MS. HALLAM: Okay. I appreciate
3 that. I will look through that. I actually
4 didn't know about that either. Was that my last
5 question? Yeah. I can't remember. I really did
6 have one more. I just can't think of what it is.

7 JUDGE HOWSIE: Thank you very much
8 for your report.

9 MS. HALLAM: Thank you.

10 OLD BUSINESS

11 JUDGE HOWSIE: Ms. Hallam, any Old
12 Business you wanted to discuss? A conversation
13 with the Warden for work performed by
14 incarcerated individuals? Do you have an update?

15 MS. HALLAM: No, I don't have an
16 update. I think you just keep putting it on the
17 agenda every month, but that's cool.

18 I don't have any update at all
19 since last time. The -- I mean, I think the --
20 most of the questions are answered about
21 logistics. I -- you know, when I was there, I
22 went for a visit on Thanksgiving, and when I was
23 there -- and we went with council.

24 Oh, I do have one more question,
25 but I'll say this first -- and when we went with

1 council, we went and saw where the units are, the
2 Novatime, like actual timekeeping things. And
3 it's -- I think I reported on this the last time
4 about how it's biometric plus a number, so they
5 could use their DOC number plus a thumbprint.

6 But I truly think that unless
7 anyone else from the Board has any additional
8 questions to help inform their vote on, you know,
9 starting this pilot program, any other
10 information anybody wants or requests that I
11 gather or I bring to you in order to make a
12 decision on that, I'm not sure what else we're
13 waiting on from me.

14 Do you have any -- like, is there
15 anything anybody wants to know about it, or
16 should on the next agenda be a vote to pay the
17 incarcerated workers? Because we have figured
18 out from the payment side of things. We have
19 figured out from the portal, like the actual
20 timekeeping side of things. I have talked to the
21 IRS about the tax implications. We have state
22 law to follow regarding disbursement. Like, they
23 don't get all their money. They actually get
24 one-third, restitution; victims, dependents get
25 portions of their pay. I mean, I think I have

1 all the information unless anybody else tells me
2 they need something else to support this. And
3 we're going to do it as a pilot out of the
4 Incarcerated Individuals Welfare Fund at the
5 beginning.

6 If all goes well, we can budget for
7 it next year.

8 Mr. Pilarski, do you want to say
9 something into the microphone?

10 JUDGE HOWSIE: I think there's
11 probably a concern -- there are a lot of
12 questions that I'm sure that remain unanswered,
13 at least I haven't been told of any answers
14 regarding what if a person -- just for
15 instance --

16 MS. HALLAM: Uh-huh.

17 JUDGE HOWSIE: This is just for
18 instance. What if a person is receiving benefits
19 and they get paid and now they've exceeded the
20 amount of money they can earn and it negatively
21 or adversely affects their benefits? What do you
22 do with that? What do you do when a person is
23 released from --

24 MS. HALLAM: I know.

25 JUDGE HOWSIE: These are just

1 hypothetical -- I mean, rhetorical questions.
2 What happens if a person leaves the jail and
3 they've been paid, how do you get them a W-2?
4 How does a person who is receiving welfare report
5 that income and not exceed the amount of money
6 that they can make, which might potentially
7 subject them to criminal prosecution for welfare
8 fraud?

9 So there are a lot of questions I
10 think that need to be discussed that I don't know
11 that we've all gotten answers to those questions.

12 MS. HALLAM: That's the first time
13 I've been asked those questions. I would be more
14 than happy to get those questions answered if you
15 want to send me a list. I have three right now.

16 The release thing, they would just
17 provide an address. That's something we
18 actually -- I had talked about. But yeah, if you
19 want to provide me those list of questions.

20 JUDGE HOWSIE: I understand that
21 they will provide you a release. My experience
22 working in the court briefly has been that
23 information that a person provides from the
24 moment of arrest until sometimes just their next
25 court date changes. So to think that because

1 they've given you information, they've given you
2 a phone number, that information will be valid a
3 year later when it's time to supply people with a
4 W-2, I don't know that that's realistic.

5 MS. HALLAM: That's true with any
6 employment.

7 JUDGE HOWSIE: So there are a lot
8 of questions we have to answer. We can keep
9 moving.

10 MS. HALLAM: Does anybody else have
11 any questions that they would like me to bring
12 answers to for the next meeting or ahead of the
13 next meeting about this proposal specifically,
14 any questions or concerns you have?

15 JUDGE HOWSIE: I think -- I thought
16 that the plan was for you to get as much
17 information so that you could update us
18 regarding --

19 MS. HALLAM: I've been doing that
20 every meeting, Judge Howsie.

21 JUDGE HOWSIE: But it's saying here
22 that no one has answers to these questions. So
23 clearly, we haven't been updated.

24 MS. HALLAM: Because you haven't
25 asked me. I've been bringing you all the answers

1 to all the questions that have been asked.

2 JUDGE HOWSIE: Fair enough.

3 MS. HALLAM: And then I add. I
4 will bring these next meeting. I promise.

5 JUDGE HOWSIE: Thank you so much.

6 MS. HALLAM: You're welcome.

7 JUDGE HOWSIE: We've gone --

8 MS. HALLAM: I have one more
9 question I forgot to ask.

10 I think it's you. I think. But I
11 have gotten reports from folks -- we actually
12 even heard public commits about it today. I know
13 my colleague who is in attendance today also got
14 complaints that people are leaving the jail,
15 whether they're going to alternative housing like
16 I think the public commenter's partner was, or
17 they're going out to the streets, and they are
18 not -- they don't have -- they don't know what
19 medications they were on, they are going to other
20 facilities, they aren't receiving their
21 medications, sometimes they're coming into the
22 jail, and they're waiting weeks and months
23 without their medication. And I know that it's
24 not a one-off because I have heard it from
25 multiple people and other people have as well,

1 including people who have come here to comment.

2 So I'm just wondering if we could
3 talk about what that procedure is. So if I get
4 arrested today -- which let's hope I don't, but
5 if I do, what happens to find out what meds I'm
6 on? If I get released today, what happens to get
7 me my meds going out the door? I know we were
8 told when we went on our council visit a couple
9 weeks ago that they are given like a little --
10 what are they called, them little blister packets
11 of the meds that they were given in the jail? It
12 just doesn't seem that that's happening to
13 everyone, and it seems like the issue is even
14 more prevalent whenever they're going to a
15 different, like alternative housing facility or
16 rehab, something like that.

17 DR. BRINKMAN: So when somebody
18 comes into the facility, we have a verification
19 process that's built into our health record that
20 will run any of the pharmacies that they have
21 been -- typically someone will say, yeah, I go to
22 the Rite Aid on whatever street -- so whatever
23 meds have been filled at the pharmacy that they
24 had current active orders for. Now we won't go
25 back endlessly in continuation of medications,

1 but any of the most recent meds that they have
2 been taking and filling prescriptions for.

3 MS. HALLAM: How far back?

4 DR. BRINKMAN: We go back a month.

5 MS. HALLAM: Some people only get
6 their meds filled every 90 days.

7 DR. BRINKMAN: If it was a 90-day
8 supply and it was filled 80 days ago, 90 days
9 ago, then we would continue it. It depends on it
10 being an active script.

11 MS. HALLAM: Okay. So if someone
12 hadn't been on their meds for a couple of
13 months -- let's say maybe they were experiencing
14 homelessness, let's say, you know, they were on
15 the run, anything like that?

16 DR. BRINKMAN: If they didn't have
17 an active script that they were filling, then
18 we're not continuing it automatically, and they
19 would get -- they would be -- have to be
20 reevaluated to see what meds make sense for their
21 current medical conditions.

22 MS. HALLAM: If you skip a month,
23 is your prescription no longer active?

24 DR. BRINKMAN: If you haven't
25 filled them? Right.

1 MS. HALLAM: So like if I get a med
2 every month, I missed one month, is my
3 prescription immediately not active?

4 DR. BRINKMAN: We wouldn't have a
5 record to verify it, so we would have to do --

6 MS. HALLAM: Man.

7 DR. BRINKMAN: -- we would have to
8 do an evaluation to see what the current state of
9 your medical condition is.

10 MS. HALLAM: And then you do that,
11 and then what's next? You figure out all these
12 things that they need.

13 DR. BRINKMAN: Then the medication
14 orders are put in. We work with a pharmacy that
15 delivers medications daily, and then we would be
16 able to deliver those on your med pass once
17 they're received.

18 MS. HALLAM: Can folks self-report
19 medications to you? If you aren't seeing it and
20 they say I need this medicine, what do you do to
21 look into it to see if they actually are supposed
22 to have it?

23 DR. BRINKMAN: We wouldn't -- we
24 would be looking to find out where they're
25 receiving their medications from, and trying to

1 get verification for either the pharmacy or the
2 provider.

3 MS. HALLAM: Okay. And then how
4 long are they waiting for that from the time they
5 get arrested to the time they receive that
6 medication? What would you say is the span of
7 time?

8 DR. BRINKMAN: If we're not able to
9 verify it, we would have to try -- we would have
10 to be doing an assessment to see what we can
11 prescribe based on what we're seeing, our
12 providers are seeing.

13 MS. HALLAM: Okay. And then -- all
14 right. So then they get their meds. They're on
15 it. They're in jail. Now they're leaving jail
16 and they're like what did they give me?

17 Because I know also sometimes there
18 are drugs that people have active prescriptions
19 for that the jail does not allow to be
20 administered to them.

21 DR. BRINKMAN: Right. There are.
22 There are some medications that we do not
23 continue because of the abusive nature of those
24 medications.

25 MS. HALLAM: And so what do you do

1 for people who are on those medications and have
2 active prescriptions for those medications?

3 DR. BRINKMAN: The providers would
4 be reviewing for therapeutic alternatives.

5 MS. HALLAM: Is that the
6 prescribing provider? Is that the jail
7 providers?

8 DR. BRINKMAN: Jail providers.

9 MS. HALLAM: Okay. So basically,
10 the jail providers are, in a sense, overruling
11 what the prescription provider had prescribed
12 them?

13 DR. BRINKMAN: It's not necessary
14 that it's an overrule. It's a fact that there
15 are some things that are not safe in jails
16 because of the nature of the correctional
17 environment. So we look for therapeutic
18 alternatives, things that they consult with the
19 pharmacy to say, what types of medications are
20 appropriate substitutions.

21 MS. HALLAM: Okay. And then I get
22 my appropriate substitution, and now I'm going to
23 leave jail. And so I was taking these drugs
24 before I got to jail. The jail switched me to
25 these drugs. What happens now when I go to

1 leave? Am I getting back on these drugs or these
2 drugs? Like what are you?

3 DR. BRINKMAN: So when you're
4 getting ready to leave, we -- we get up to two
5 days' notice when you're leaving. So we're
6 working with our pharmacy to order a supply so
7 that you can go home with those medications.
8 When they come in, then we bring that supply to
9 intake, which everyone leaves physically through
10 intake.

11 MS. HALLAM: Okay. So -- and how
12 would an instance happen where someone was on
13 medication in the jail and did not leave with it
14 in their hands?

15 DR. BRINKMAN: If it didn't arrive
16 in time by the time they physically walked out
17 the door.

18 MS. HALLAM: Okay. And like you
19 didn't want to keep them just to give them their
20 meds, so they left and didn't leave with their
21 meds?

22 DR. BRINKMAN: Right.

23 MS. HALLAM: Okay. Is there any
24 other instance that you can think that would
25 happen?

1 DR. BRINKMAN: Not an intentional
2 instance that I can think of.

3 MS. HALLAM: Okay. And then how
4 often does that happen?

5 DR. BRINKMAN: I don't -- I don't
6 actually know that. With -- like -- I don't have
7 numbers to support and give you any accurate
8 information.

9 MS. HALLAM: Okay. That's all.
10 Thank you.

11 JUDGE HOWSIE: Can I have a motion
12 to adjourn?

13 SHERIFF KRAUS: Motion to adjourn.

14 JUDGE HOWSIE: Happy holidays,
15 everyone. Stay safe. See you in the new year.

16 (The meeting concluded at
17 approximately 7:40 p.m.)
