Independent Auditor's Report
Allegheny County Sheriff's Office
U.S. Department of the Treasury Equitable Sharing Fund
For the Year Ended December 31, 2018

Dear Sheriff Mullen:

Report on the Financial Statements

We have audited the accompanying financial statements of the Allegheny County Sheriff's Office (Sheriff's Office) U.S. Department of the Treasury Equitable Sharing Fund as of and for the year ended December 31, 2018.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Sheriff's Office's U.S. Department of the Treasury Equitable Sharing Fund as of December 31, 2018, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Sheriff Mullen
May 30, 2019

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 30, 2019 on our consideration of the Sheriff's Office internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Sheriff's Office internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Sheriff's Office internal control over financial reporting and compliance.

Kind regards,

Chelsa Wagner
Controller

Lori A. Churilla

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Allegheny County Sheriff's Office (Sheriff's Office) performs a variety of functions ranging from serving writs, to apprehending criminals, to conducting Sheriff's sales.

The Allegheny County Sheriff's Office participates in the U.S. Department of the Treasury's Equitable Sharing Program. Under the program, any state or local law enforcement agency that directly participates in an investigation or prosecution that results in a federal recovery of forfeited property may request an equitable share of the proceeds of the forfeited property. The federal investigative agency or the Director of the Treasury Executive Office for Asset Forfeiture may approve that an equitable share of the forfeited property be remitted to the agency based on its participation in the case. The authority of the Secretary of the Treasury to share federally forfeited property with participating federal, state and local law enforcement agencies is established by federal law 18 U.S.C. Section 981(e) and 19 U.S.C. Section 1616a.

A provision of the U.S. Department of the Treasury's Equitable Sharing Program requires that a separate special revenue fund be utilized to account for deposits of funds received under the program, as well as disbursements of those funds. The Sheriff's Office U.S. Department of the Treasury Equitable Sharing Fund (the Fund) is a special revenue fund that was established for that purpose.

The accompanying Fund financial statements are intended to present only the assets, liabilities, fund balance, revenues, expenditures and changes in fund balance of the Fund and not those of Allegheny County taken as a whole.

Basis of Accounting

The Fund's accounting records are maintained and the accompanying financial statements have been prepared on the modified accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America. Under the modified accrual basis of accounting, revenues are

Basis of Accounting (Continued)

recognized in the period in which they become measurable and available. For revenue recognition purposes, amounts collected within 90 days of the financial statement date are deemed to be available. Expenditures are recorded when a liability is incurred.

NOTE 2 **DEPOSITS AND INVESTMENTS**

Pennsylvania statutes provide for investment of governmental funds into certain authorized investments. The statutes also allow pooling of governmental funds for investment purposes, and the cash in the U.S. Department of the Treasury Sharing Fund is pooled with Allegheny County's (County) cash for investment purposes. The County Investment Board has adopted an investment policy that adheres to State statutes and further limits permitted investment types and procedures. This policy was last revised June 2018. The primary objectives, in priority order, of the Board's investment activities are safety of principal, liquidity, and return on investment.

The County Treasurer is authorized by the County Board of Investment to invest in U.S. Treasury Obligations, directly issued U.S. Federal Agency securities, repurchase agreements, deposit accounts, obligations of the Commonwealth of Pennsylvania, shares of investment companies (mutual funds), certificates of deposit, commercial paper, the Pennsylvania Local Government Investment Trust (PLGIT), and INVEST. INVEST is a government pool established by the State Treasurer exclusively for investment by Pennsylvania municipalities.

The County's cash deposits are subject to custodial credit risk. Custodial credit risk is the risk that, in the event of a bank failure, an entity's deposits may not be returned to it. The County's investment policy mitigates custodial credit risk by requiring collateralization of uninsured balances of certain investments, including certificates of deposit, savings accounts, time deposits, checking with interest accounts, and repurchase agreements. The County's investment policy limits

NOTE 2 DEPOSITS AND INVESTMENTS (Continued)

collateral to U.S. Treasury Obligations and U.S. Government Agency investments. The policy requires a collateralization level of 102% of the market value of principal and accrued interest and that collateral be pledged in accordance with Act 72 of the Pennsylvania State Legislature, Section 3836-1 through Section 3836-6. Act 72 requires a financial institution to pool collateral for all governmental deposits and have the collateral held by an approved custodian in the institution's name.

The County's investments are subject to credit risk, custodial credit risk, concentration of credit risk and interest rate risk. The County's investment policy minimizes credit risk by permitting only certain types of investments and establishing minimum quality levels for riskier investments. With respect to custodial credit risk, the County's safekeeping and custody policy minimally requires that all security transactions be conducted within the confines of Act 72. Direct security transactions must be on a delivery versus payment basis. All securities are to be held in the Treasurer's name. If a counterparty is used, the counterparty must send written confirmation of the transaction to the Treasurer. According to the County's investment policy, diversification will prevent over concentration in a sector and minimize the opportunity for risky investments. With the exception of U.S. Treasury securities, no more than 55% of the County's total investment portfolio will be invested in a single security type or with a single financial institution. The County's investment policy attempts to minimize interest rate risk by limiting investment maturities to a maximum of 13 months from the purchase date, with limited exceptions.

NOTE 3 FIXED ASSETS

Forfeited funds may be used to purchase vehicles and equipment necessary for law enforcement purposes. Fixed assets are recorded as expenditures at the time of purchase. Fixed assets with a purchase price of \$5,000 or more and At-Risk Assets with a purchase price between \$500 and \$5,000 are recorded at cost on the County's fixed asset listing. The Sheriff's Office also maintains a listing of the fixed assets purchased using the Fund's resources.

NOTE 4 FUND BALANCE RESTRICTION

The fund balance of the U.S. Department of the Treasury Equitable Sharing Fund is restricted for conducting law enforcement activities as stipulated in the joint U.S. Department of Justice and U.S. Department of the Treasury's *Guide to Equitable Sharing for State, Local, and Tribal Law Enforcement Agencies*.

NOTE 5 SHARED REVENUE

Amounts reported under the caption shared revenue represent amounts received from the U.S. Department of the Treasury attributable to the Sheriff's Office participation in the U.S. Department of the Treasury's Equitable Sharing Program.
