Organization(s): Community health choice blind consumer

Comment : I spoke with the magistrate Bethalpark office on 3/13/2024. I outlined, I am MS Copenhaver's blind client through Careways. I xpressed my concerns that law enforcement and the judge were getting confused over Victor Copenhaver's records compared to my caregiver. I further requested if the judge is retired the case against MS Copenhaver should be thrown out. I suggested that paystubs from Careways would reflect MS Copenhaver's ability to rehabilitate herself by careing for her blind client. I suggested this fiasco of mistaken identity caused a hardship on MS Copenhaver's blind client on her inability to obtain a lerners permit so MS Copenhaver could continue to proceed to enable her client the most independence allowing her to drive. Sincere

Comment : Have board members Bethany Hallam and Man-e told the board of their conflict of interest in being on the board together? They have an intimate relationship and live together. Should this be allowed according to the bylaws? section 12.c #7
