Comment : Why the administrative custody inmate getting punished by going back to A-E and their not giving no religious service, only three showers a week, and no tablet use. Why are they being punished for their on-going criminal charges. Due to the fault of the jail not working to open up a specific pod for 4 individuals that are placed on administrative custody with my grandson(Kesean Proctor), Why have he been denied religious service for 7 months?

Comment : Hello, My 18 yr old son is down at the Allegheny County Jail and the CO's are being racist and harassing him, his cell mate and other inmates in the jail. There are two specifically that are being extremely racist, he called my son "Chris Brown" and that is not his name. That is very racist. Also I want to get my son a blanket and there are no options in commissary, and the CO's are being racist and refusing to help the inmates when they are asking. My phone number is [REDACTED], and I will notifying other State entities and federal about these issues. They are already in jail, do they need to be treated like this? I need to talk to someone immediately
