Comment : Why does it take 24 hours for an inmate to be released once a bond is posted. [REDACTED] is still incarcerated and being held. I am told that the computer says she is released but no one is able to find the paperwork. I am told to all another number and I get shuffled around until I reach the original person I spoke with. If your loved one was in the shithole aka Allegheny county jail, you would want to know. I was just told that she most likely will be held until Monday. What is going on. It seems like Allegheny County is playing games with [REDACTED] because her ex husband was a former police officer and he has filed these fraudulent charges. I cannot wait until the lawsuit settles. This is absolutely ridiculous.

Comment : Medical necessities for inmates are not being met by the law of medicine by the Bureau of professional occupation. Why is that? Why are inmates not receiving adequate medical care at hospitals? What is being done with imthe guards that are intimidating inmates and being abusive to inmates? What is the ACJ going to do to stop these actions?

Comment : why is everyone on the board not using their official government name? if this is an official board that is supposed to be in charge of something why are nicknames being used. if someone is in an official position on this board shouldn't their legal name be used instead of a made-up nickname?
