

ALLEGHENY COUNTY
JAIL OVERSIGHT BOARD MEETING

Tuesday
September 1, 2026

Gold Room
4th Floor
Allegheny County Courthouse
436 Grant Street
Pittsburgh, Pennsylvania 15219

MEMBERS OF THE BOARD IN ATTENDANCE:

President Judge Susan Evashavik-Diluciente

Controller Amy Weise

Councilmember Bethany Hallam, for County Council

President Michelle Naccarati-Chapkis

Man-E, Citizen Member

Robert Perkins, Citizen Member

Barbara Griffen, Citizen Member

JAIL ADMINISTRATION IN ATTENDANCE:

Interim Warden Connie Clark

Chief Deputy Warden Lee Estock

Deputy Warden of Health Services Holly Martin

Deputy Warden of Programs and Services

Casey Walsh

COMMUNITY CORRECTIONS PRESENTERS

John Ross - The Renewal Center

Steve Esswein - Electronic Monitoring

PUBLIC COMMENT SPEAKERS

Anna Yatsko

Karen Burns Rutigliano

Frank Fikosky

John Kenstowicz

Brian Englert

Tanisha Long

Evie Sorg

Maria Guido

Sharon Bonavoglia

P R O C E E D I N G S

(4:03 o'clock p.m.)

CALL TO ORDER AND ATTENDANCE

JUDGE EVASHAVIK-DILUCENTE: Good afternoon, everybody. I'm calling the meeting to order.

Roll call.

MS. GRIFFIN: Barbara Griffin.

MS. WEISE: Amy Weise.

JUDGE EVASHAVIK-DILUCENTE: Susan Evashavik.

MR. PERKINS: Rob Perkins.

MS. HALLAM: Bethany Hallam.

MAN-E: Man-E.

JUDGE EVASHAVIK-DILUCENTE: Thank you. Community Corrections Reports. Renewal Center.

COMMUNITY CORRECTIONS REPORTS

MR. ROSS: Good afternoon. John Ross for the Renewal Center. Currently, the Renewal Center provides 180 alternative housing beds for the Allegheny County Jail for both alternative housing and drug and alcohol inpatient. We currently have 88 county work-release males, and 10 county males are in

1 drug and alcohol treatment.

2 There are 25 county work-release
3 females and 4 county females in our drug and
4 alcohol treatment program. Total county males is
5 98. We are up a little bit. July, we were at
6 91.

7 Total county females, we're holding
8 steady at 29. We were also at 29 in July. We
9 are contracted for 30 females. So we've been
10 doing -- the jail's been doing a nice job of
11 really filling those female beds, which is great.

12 Total contracted beds filled is
13 127. That's up 7 from the previous month, which
14 was 120. We do still currently have 53 empty
15 beds.

16 During the month of August, we had
17 67 reentrants exit the program, 39 successful, 28
18 unsuccessful, 17 escapes, and 11 program
19 revocations. During the month there were zero
20 deaths, zero non-fatal overdoses, zero use of
21 force incidents, zero self-harm incidents, zero
22 suicidal attempts. The number of times emergency
23 services were called to the building for county
24 reentrants was 12 since the last oversight
25 meeting. They were called for various reasons.

1 Special community service projects
2 continue -- our reentrants continue to
3 participate in community service with various
4 human service organizations within the Pittsburgh
5 area. They recently participated in the 13th
6 Annual Historic Hill 5K Walk/Run/Ride in the Hill
7 District. It was the middle of August, on the
8 15th. Renewal had 18 reentrants participate as
9 volunteers in this event.

10 Also, they will be participating in
11 the Recovery Walk, which is coming up on
12 September 12th from 9 to 1 in Downtown
13 Pittsburgh. It's the 11th Annual. We've --
14 we'll also have a table there, and, you know,
15 we'll get as many of our reentrants there as
16 possible.

17 The only other thing I wanted to
18 mention is, you know, Renewal also operates
19 Pathways to Care and Recovery, which is located
20 Downtown on 326 3rd Avenue. What that program
21 does, it offers 24/7 evaluations for drug and
22 alcohol treatment. I just always want to throw
23 that out there as a reminder because it's such a
24 much-needed service. It's rather unique.
25 There's no limitations, even if somebody isn't

1 sure if they want to get into treatment or have
2 to go engage with them. We work with all the
3 providers for inpatient detox, outpatient MAT.
4 We can help folks from the street go anywhere
5 they want to go, providing they need that level
6 of care.

7 That's all I have today.

8 JUDGE EVASHAVIK-DILUCENTE:

9 Bethany.

10 MS. HALLAM: I just -- every time
11 you bring up Pathway is -- I want to say is my
12 favorite service in the whole world. I send
13 people there all the time. Anytime folks say,
14 hey, I'm ready for treatment, or I'm even
15 thinking about it, I tell them to go there
16 because it's 24/7, because it's right in the
17 middle of Downtown, easy to get to. I just think
18 it's incredible.

19 And it will let you stay there.

20 The hardest part of rehab is getting into rehab
21 and finding a rehab that meets your needs. You
22 go to Pathways and just say, here's who I am.
23 I'm ready to go, and they will find you the best
24 place and let you stay there and feed you and
25 give you shelter until they find the perfect

1 place that takes your insurance or lack of
2 insurance and meets your needs.

3 So I love it so much. Thank you.

4 MR. ROSS: No, you're absolutely
5 correct. It is a safe place to stay. Like you
6 said, we'll make them comfortable, give them the
7 time to figure out what they want to do.
8 Sometimes they're on the fence and need a day or
9 two to figure it out.

10 So, yeah, it's a very welcoming
11 environment. It's much needed.

12 JUDGE EVASHAVIK-DILUCENTE: Thank
13 you.

14 MAN-E: I have a couple questions.

15 JUDGE EVASHAVIK-DILUCENTE: Oh,
16 sorry.

17 MAN-E: You said there were 11
18 revocations?

19 MR. ROSS: I'm sorry. Go ahead.
20 Yes, 11 revo- -- yeah.

21 MAN-E: So these are people who
22 went back to the ACJ?

23 MR. ROSS: Yeah. Now they could
24 have -- they could have -- a warrant could have
25 popped up. An old case could have popped up, or

1 they could have gotten into an argument and, you
2 know, made threats to another resident, for
3 example.

4 MAN-E: I gotcha. For people in
5 that situation who, you know, violate the rules,
6 you know, with something like that, is there an
7 appeal process in place for them to challenge
8 that revocation?

9 MR. ROSS: Well, sometimes they
10 actually have hearings, and it's determined at
11 the time of the hearing. So the team from the
12 Allegheny County Jail provides that, you know,
13 and they may say that, look, this is your third
14 chance. We're giving you -- and, you know, look,
15 you haven't done real well. So yeah, there --
16 absolutely there's opportunities.

17 MAN-E: Okay. I gotcha. And the
18 hearing, does that take place at the Renewal or
19 at the ACJ?

20 MR. ROSS: Warden, help me out with
21 that to Renewal? They come to us. I'm sorry.

22 MAN-E: Okay. I gotcha. So that's
23 before they're ultimately returned to the jail?

24 MR. ROSS: Oh, yes. Yeah. They
25 don't always go back. We just report, and then

1 they determine, okay, look, that's enough.

2 Keep in mind, it's our goal to keep
3 these guys and ladies in the facility and, you
4 know, work with them on their process of
5 reintegration. So, you know, we'll hold on to
6 anybody as long as we can, as long as it's safe
7 for them and the other reentrants.

8 MAN-E: Oh, absolutely. The only
9 reason I'm asking is because, you know, it was
10 asked of me, and I just want to make sure I
11 understand it correctly.

12 After somebody has a hearing, you
13 know, and they're found to have violated some
14 type of rule, and they get sent back to the ACJ,
15 can they then appeal it afterwards, or is it
16 over?

17 MR. ROSS: That would be within the
18 jail.

19 INTERIM WARDEN CLARK: So they
20 could grieve it at that -- at that stage. You
21 know, as he said, we do hearings at Renewal
22 anytime that we can, and there's plenty of
23 hearings that get done where people get other
24 sanctions that are not being revoked to the jail.

25 But if that individual is an

1 immediate or serious threat to themselves or
2 others, we'll bring them back to the jail. The
3 alternative housing team will meet with them in
4 the jail, let them know what occurred and why
5 they're back in the jail.

6 And yes, they can grieve that --
7 that process.

8 MAN-E: Okay.

9 MR. ROSS: I believe there are
10 other times where, you know, after a period of
11 time, you know, they may say, you know, go to the
12 judge or go to the jail and say, hey, look, I
13 know I messed up. I'd like another chance, and
14 we'll certainly take a look at them.

15 MAN-E: Appreciate it. Thank you.

16 JUDGE EVASHAVIK-DILUCENTE: Thank
17 you.

18 MR. ROSS: Thank you.

19 JUDGE EVASHAVIK-DILUCENTE:

20 Electronic Monitoring.

21 MR. ESSWEIN: Good afternoon,
22 Board. Steve Esswein for the Probation Office.

23 So this reporting period, we had
24 576 individuals on the bracelet. 84 of those did
25 successfully complete, and we had 8 that were

1 removed for violations. Any questions?

2 (No response.)

3 JUDGE EVASHAVIK-DILUCENTE: Thank
4 you.

5 Okay. Before we go any further, I
6 would like to note in -- on our Unit Manager,
7 Gerald Roundtree. He died on August 8th. He was
8 only 55 years old. He was really a beloved
9 employee, loved by the residents and by the other
10 employees of the jail. I noted also that he was
11 the Prison Society's 2025 Correctional
12 Professional of the Year. Just all around a
13 really good guy, and his absence will be felt.
14 Whoever takes his place will have some big shoes
15 to fill.

16 So I would just like to please
17 stand and have a moment of silence for Mr.
18 Roundtree.

19 (Moment of silence.)

20 JUDGE EVASHAVIK-DILUCENTE: Thank
21 you.

22 **REVIEW OF THE MEETING MINUTES FOR AUGUST 6, 2026**

23 JUDGE EVASHAVIK-DILUCENTE: Okay.
24 Do I have a Motion to approve the meeting minutes
25 of August 6th?

1 MS. HALLAM: So moved.

2 JUDGE EVASHAVIK-DILUCENTE: Second?

3 MAN-E: Second.

4 JUDGE EVASHAVIK-DILUCENTE: All in
5 favor?

6 (Chorus of ayes.)

7 JUDGE EVASHAVIK-DILUCENTE: Any
8 opposed?

9 (No response.)

10 JUDGE EVASHAVIK-DILUCENTE: Motion
11 carries.

12 Any Old Business from any of the
13 subcommittees? Anybody have a report?

14 (No response.)

15 JUDGE EVASHAVIK-DILUCENTE: Okay.
16 Thank you.

17 **NEW BUSINESS**

18 JUDGE EVASHAVIK-DILUCENTE: Okay.

19 New Business we have -- oh, and I'm sorry. There
20 was no Public Comment on our Board Action Motion.

21 Okay. So New Business.

22 Mr. Perkins, you have a Motion.

23 MR. PERKINS: Yes. I have -- we'd
24 continue with the IIWF monthly disbursements at
25 the same rate, twice a month through December.

1 And we did get some financial projections of the
2 impact of the tablet contract because that did
3 impact revenue. We're safe at least until the
4 end of the year, but it -- there is a -- a
5 deficit monthly, so we'll have to have
6 conversations in the future about how to -- how
7 to either increase revenue or expenses.

8 But in any event, I Motion to keep
9 it the way it is until the end of the year.

10 MS. HALLAM: Second.

11 JUDGE EVASHAVIK-DILUCENTE: All in
12 favor?

13 (Chorus of ayes.)

14 JUDGE EVASHAVIK-DILUCENTE: Any
15 opposed?

16 (No response.)

17 JUDGE EVASHAVIK-DILUCENTE: Motion
18 carries.

19 **WARDEN'S REPORT**

20 JUDGE EVASHAVIK-DILUCENTE:
21 Warden's Report.

22 INTERIM WARDEN CLARK: Good
23 afternoon, Board. I just want to reiterate what
24 Your Honor said regarding Unit Manager Roundtree.
25 It was certainly a sudden and tragic loss of

1 somebody that the employees and the incarcerated
2 population cared very much about. He, you know,
3 worked with people just because they're people
4 and didn't judge or view them based on why they
5 were there, what they had done, or what their
6 past looked like. He truly just treated people
7 as human.

8 And, you know, that went a long way
9 with the population, particularly with the
10 juveniles. He was a father figure to many of
11 them. They also took this loss hard. Of course,
12 we, you know, provided supports for them as well
13 as employees through this. But just wanted to
14 acknowledge the incredible work that he did and
15 how much he will be missed.

16 I also want to acknowledge, you
17 know, how the jail family really came together
18 through this. The Honor Guard who showed up and
19 represented us proudly, and Unit Manager
20 Roundtree proudly, as well as a memorial service
21 that was held in the jail on Monday. And the
22 Foundation of Hope, their chaplaincy services
23 facilitated that.

24 So I just want to extend my
25 gratitude for everyone for their support, but

1 mostly our condolences to the Roundtree family
2 and to April, his wife. He will be dearly
3 missed.

4 We have expanded the operations
5 schedule, so before Warden Wingard left, he did
6 say that we were looking at implementing an
7 operational schedule throughout the jail. That
8 was started on 3-A and 3-F, and we have since
9 expanded to 3-B and 3-E. We will continue
10 expansion of that until every housing unit in the
11 jail has an operational schedule, and as Warden
12 Wingard spoke to, you know, the intent of this
13 operational schedule is so that the incarcerated
14 population and the officers know what a day is
15 going to look like on any housing unit that you
16 would go to. It really just adds consistency for
17 everyone involved. So that will continue.

18 We've also expanded the vocational
19 training incentive payments for custodians that
20 are working on the housing units to Level 3, so
21 currently Level 3 and Level 4 are receiving those
22 incentive payments. These are for individuals
23 working directly on the housing units, and we
24 will be expanding to 5, 6, and Level 2 as well.
25 So more to come on that, but that is still

1 underway.

2 As far as the communication
3 contract, just a couple of updates on some
4 progress that has been made with the
5 implementation of that contract. The Flex Units,
6 which we commonly call kiosks have been installed
7 on all of the housing units, and they are active.
8 The only housing unit currently not operational
9 is 8-E, and they are continuing to work on that
10 one. But all the rest are up and running.

11 And that is so that people who, you
12 know, maybe don't have a tablet for some reason,
13 can still access the law library, commissary, and
14 things like that. So those have been installed
15 and are operational.

16 In addition, in this communication
17 contract, there was desire from the jail, as well
18 as Jail Oversight Board Members, to have a way
19 for the incarcerated population to communicate
20 confidentially with the Jail Oversight Board
21 liaison. So there is a mechanism for that to
22 happen. Ms. Duffola is being trained on how to
23 use that system, and then we will go live with
24 it. So that we will still have the hard
25 copies -- the paper will be available, but it

1 will be a more streamlined process that will cut
2 out jail -- the jail staff entirely. So we will
3 still collect her forms for those that want to do
4 it on the form, but residents will be able to
5 message directly on the tablet any concerns that
6 they may have. We are unable to view those. It
7 is a confidential messaging system.

8 Lastly, next Friday, September
9 11th, we have a cadet class graduating. So, of
10 course, the Board is invited to attend. And if
11 anybody would like to, please reach out to me so
12 that we can make sure that you are on the list.

13 That concludes my report. I'll
14 pass it off to Deputy Martin.

15 DEPUTY WARDEN MARTIN: Good
16 evening, Board.

17 For our substance use team, our --
18 for medication, we had treated 481 patients.
19 That involved all medications, both oral and
20 injectables. For the counseling services, we
21 weren't able to calculate those numbers yet for
22 this month, but I'll be able to report out for
23 next month.

24 For mental health data, following
25 last month's meeting, after consulting with our

1 partners at the behavioral assessment meeting and
2 the Department of Human Services, I'm going to
3 introduce a new method of reporting the state
4 hospital wait times.

5 MS. HALLAM: I agree with that.

6 DEPUTY WARDEN MARTIN: Have at it.
7 Congratulations. I have historically reported
8 the numbers of individuals waiting for the state
9 hospitals and the longest wait time. This often
10 focuses on a specific situation, such as the
11 individual waiting for a civil bed or refusing
12 medical testing required for admission. This
13 does not reflect an experience of most. This new
14 report will provide the current and year-to-date
15 median wait times and will also identify how many
16 individuals have been waiting longer than that
17 median time due to individual circumstances.

18 For some background information,
19 the 2026 state hospital admissions to date, the
20 median wait time has been 43 days. This is a
21 reduction from the median wait time of 82 days.
22 That is the data from 2018 to 2024. This is also
23 prior to the implementation of a mobile
24 competency restoration and support team in early
25 2025.

1 So currently there are 14
2 individuals in the jail awaiting admission to the
3 state hospital. The current median wait time is
4 27 days, with the longest being July 14th of
5 2026. And there are no individuals that have
6 exceeded that median time as of this month. This
7 number will fluctuate throughout the month
8 because of it being influenced by new admissions
9 and commitments.

10 There was also -- able to rescind
11 four commitments this -- or this month.

12 For tier data, for Tier V, which is
13 a constant observation, we had 1. Tier IV, close
14 observation is 16.

15 For the mobile competency team,
16 they're currently serving 89 clients; 41 are
17 housed in ACJ, 48 are in the community. Three
18 commitments have been rescinded through them, and
19 three individuals were also found competent.

20 More historical background for
21 them, to date, and they've been with us a little
22 over a year now; they have served 218 unique
23 individuals and diverted 55 patients from the
24 state hospital system during the first year.

25 The team also wanted me to share

1 that in August they reached their threshold of
2 more than 50 percent of its caseload being served
3 in the community rather than in the jail. As of
4 today, it was 54 percent. The team's goal is to
5 serve patients in the least restrictive setting,
6 so this is a big win for that team to be serving
7 them in the community.

8 For sick calls, after last month
9 and a couple months before, I wanted to further
10 define the system of sick call that we use and
11 the multiple buckets, I'll call it, that the
12 staff work out of daily. So the numbers for SCR
13 Medical, SCR Mental Health, and SCR dental, those
14 are the initial sick call requests placed by the
15 incarcerated individual when they have a need.
16 Those queues are looked at by the frontline
17 staff, nurses, qualified mental health
18 professionals to see that person, to see what
19 they need, and why they put the initial sick call
20 in. The numbers that I report out for the sick
21 calls for dental, medical, mental health, is a
22 snapshot of time as of today. Once that person
23 gets seen and triaged by that initial person and
24 then gets put into a different bucket for the
25 medical provider or the psychiatrist queues.

1 After working with our team, we've
2 been able to pull some reports to further define
3 completions and refusals. And you got this copy
4 of the report today, but we're going to be
5 working more with the IT team to figure out a
6 different way to pull those reports for better
7 data.

8 So as of today -- for the snapshot
9 of today, SCR dental, there was 80, longest
10 waiting 1 day. For SCR medical there was 20;
11 longest waiting 3 days. SCR mental health, 18;
12 longest waiting 4 days. The psychiatry queue,
13 681 patients; longest waiting 88 days. Medical
14 providers, 467; longest waiting 117 days.

15 For completions of those same
16 queues for the month of August, SCR dental had
17 224 completions; SCR medical, 1,187; mental
18 health, 479; medical provider, 1,472; and
19 psychiatry, 654 visits.

20 For medical refusals at Intake, we
21 had 39 this past month for medical clearances at
22 the door.

23 For some other healthcare updates,
24 first, I wanted to thank the Healthcare
25 Subcommittee for joining us in a meeting with

1 Forsyth Labs to review questions that were raised
2 during last month's JOB meeting.

3 For staffing updates for our
4 providers with the primary care team. We're
5 excited to welcome two new -- two new nurse
6 practitioners to our primary care team this
7 month. Both providers are currently completing
8 the onboarding process and will help strengthen
9 coverage across all operations. One provider
10 will support our daytime clinical services, while
11 the second will serve as a nighttime provider in
12 our Intake Department. We currently have one
13 remaining open provider position on the primary
14 care team and are actively partnering with AHN's
15 Recruiting Department to identify the right
16 candidate to fill the role.

17 For psychiatry, August was an
18 exciting month for our psychiatry team as we
19 welcomed our new Director of Psychiatry, Dr.
20 Courtney Walker. He began on her -- began in her
21 role on August 10th. Dr. Walker completed her
22 adult and child psychiatry training at UPMC
23 Western Psychiatric Hospital, graduating from the
24 program in 2018. Following her training, she
25 worked in psychiatric emergency services at UPMC

1 WPIC and later served as the Associate Medical
2 Director of that from 2021 through 2026. Dr.
3 Walker is board-certified in both adult and
4 children adolescent psychiatry, and she brings
5 extensive experience in psychiatric care and
6 clinical leadership to our team.

7 We also welcomed a new advanced
8 psychiatry practice provider in August and
9 finalized an October start date for our last open
10 APP position. In addition, we have a September
11 21st start date for a new psychiatrist joining
12 the team.

13 With these new additions, we are
14 thrilled to share that our psychiatry team will
15 be fully staffed, marking an important milestone
16 and position -- positioning the team to continue
17 providing comprehensive, high-quality psychiatric
18 care to our patient population.

19 Lastly, for our healthcare team,
20 in-house, we recently had two in-house
21 promotions -- position changes. One was an
22 agency registered nurse who was hired on as the
23 County Assistant Director of Nursing. We're
24 excited to have her started, and one was a case
25 manager who moved over to our Discharge Planning

1 team. We were able to onboard a mental health
2 specialist and an EMS clinician, and we currently
3 have offers out for a quality improvement
4 coordinator, EMS clinician, mental health
5 specialist, behavioral health rehabilitation
6 specialist, and a discharge planner.

7 Thank you.

8 ACTING DEPUTY WARDEN WALSH: Hi,
9 Board. How are you? Taleem study sessions have
10 expanded to weekly services, and Jumah services
11 have begun for Levels II, III and IV. Services
12 have also begun for Jehovah's Witnesses on
13 Saturdays. Chaplaincy staff, like we said,
14 hosted and participated in a beautiful memorial
15 for Unit Manager Gerald Roundtree. We thank them
16 for all of their time, support, and effort
17 through all of our grief.

18 Hope pre-release hosted a talent
19 show on the female unit yesterday. We had a
20 total of six women participate, and the talents
21 included poetry, singing, and dance.

22 For the month of August, 93
23 incarcerated individuals received contact visits
24 from 120 family members.

25 The average population of the jail,

1 excluding alternative housing, in August was
2 1,698. This is an 11 percent decrease from
3 August of 2025, which had an average daily
4 population of 600 -- I think I messed up that
5 number. My apologies.

6 The 2026 to 2027 school year has
7 officially begun, and in August we hosted
8 Allegheny County's Child, Youth, and Family staff
9 from CYF to kind of enhance collaboration between
10 ACJ caseworkers and CYF caseworkers to better
11 support our families.

12 Thank you.

13 JUDGE EVASHAVIK-DILUCENTE: Is that
14 it?

15 ACTING DEPUTY WARDEN WALSH: Yes.

16 JUDGE EVASHAVIK-DILUCENTE: Okay.
17 I have a couple of questions. On the report that
18 was prepared on the cost of holding prisoners
19 with -- in Allegheny County who have holds from
20 other counties, it averages -- I used \$195 a day.
21 I think that's the cost. I think it's \$193.

22 INTERIM WARDEN CLARK: It was \$193.

23 JUDGE EVASHAVIK-DILUCENTE: Yeah,
24 \$193 something. Using \$195 a day, it's about
25 \$358,000 a year to hold these people. I know in

1 your report -- and I have to add -- and Connie, I
2 mean, you just got this job. But like I brought
3 this up, and the cost of this up late last year
4 or early this year, and was told that something
5 would be done, either we're going to release
6 these people, or we're going to charge the other
7 counties. Now you say we've drafted an
8 agreement. Is that agreement approved? Has it
9 been sent to the other counties?

10 INTERIM WARDEN CLARK: The
11 agreement has gone through the Allegheny County
12 Jail Legal Team and approved. It is now with the
13 person in the jail that handles contracting, and
14 she is in the process of sending those out. So
15 those will be going out, and some of them may
16 have already gone out today.

17 JUDGE EVASHAVIK-DILUCENTE: Can we
18 get a copy of it?

19 INTERIM WARDEN CLARK: Sure.

20 JUDGE EVASHAVIK-DILUCENTE: Okay.
21 What happens if they don't pay? Just, I'm
22 curious.

23 INTERIM WARDEN CLARK: There's
24 language in there that you can review regarding
25 the possibility of us just releasing them should

1 they not agree to the terms of the --

2 JUDGE EVASHAVIK-DILUCENTE: Okay.

3 I mean, Westmoreland County is so high it's
4 mind-boggling to me, especially mind-boggling to
5 me when you have daily video with the judges who
6 have the warrants in Westmoreland County.

7 INTERIM WARDEN CLARK: Right.

8 JUDGE EVASHAVIK-DILUCENTE: So what
9 are they doing?

10 INTERIM WARDEN CLARK: So that is
11 actually what's contributing somewhat to us
12 housing those people is that once Allegheny
13 County is done with them, notification gets made
14 to Westmoreland, and then instead of transporting
15 to Westmoreland, they're scheduling those
16 hearings via video. So sometimes we're holding
17 onto people past the 72 hours so that that
18 hearing can happen, and then ideally the person
19 just gets released.

20 JUDGE EVASHAVIK-DILUCENTE: Okay.
21 Well, why are we doing that, because it's their
22 responsibility to come and pick the person up.

23 INTERIM WARDEN CLARK: Right.

24 JUDGE EVASHAVIK-DILUCENTE: It's
25 not our responsibility to schedule a court

1 hearing for Westmoreland County. Why should
2 Allegheny County taxpayers fund this endeavor?
3 It's maddening to me.

4 Okay. I'll be waiting to see the
5 agreement.

6 Next question I have is it seems
7 like we have way more hospital runs than we used
8 to have.

9 INTERIM WARDEN CLARK: Uh-huh.

10 JUDGE EVASHAVIK-DILUCENTE: Okay.
11 Why do we have so many -- and that's causing a
12 huge staff shortage. What is going on?

13 INTERIM WARDEN CLARK: So, I don't
14 know if you saw the alert from Allegheny County
15 last week, but it is -- it's directly related to
16 the current drug supply. And in the drug supply
17 is a drug called medetomidine, which is not meant
18 for human consumption, but it is in the drug
19 supply. And when we get individuals who are
20 withdrawing from medetomidine, it can be a
21 life-threatening withdrawal. So that means that
22 our medical team frequently has to send those
23 individuals to the hospital where they have to be
24 admitted to the ICU and intubated for a week or
25 longer in order to survive that withdrawal

1 process.

2 JUDGE EVASHAVIK-DILUCENTE: Are you
3 kidding me? What kind of drug is this?

4 INTERIM WARDEN CLARK: It's called
5 medetomidine.

6 JUDGE EVASHAVIK-DILUCENTE: I mean,
7 I know the name of it, but what is it? Oh,
8 it's -- oh, is it the vet drug?

9 INTERIM WARDEN CLARK: Yes, ma'am.

10 JUDGE EVASHAVIK-DILUCENTE: Oh,
11 because that's been around for a long time.

12 INTERIM WARDEN CLARK: No, this is
13 a different version.

14 JUDGE EVASHAVIK-DILUCENTE: Oh.
15 Oh, okay. ICU for a week?

16 DEPUTY WARDEN MARTIN: Could be.

17 INTERIM WARDEN CLARK: Yes.

18 JUDGE EVASHAVIK-DILUCENTE: And how
19 do you determine that this is what they've
20 ingested? Do you do a drug test when they get
21 there?

22 INTERIM WARDEN CLARK: We do.

23 DEPUTY WARDEN MARTIN: There's a
24 lot of testing. The population -- sorry, the
25 population knows what they're taking as well, so

1 it's a lot of assessments, a lot of one-on-one
2 talking with the individual, and we can determine
3 what -- what it is.

4 And also the presentation of the
5 withdrawal is -- we're finally learning exactly
6 what that looks like.

7 JUDGE EVASHAVIK-DILUCENTE: What's
8 it look like?

9 DEPUTY WARDEN MARTIN: It's not a
10 very comfortable thing for anybody to go through,
11 and somebody can go from being okay to not okay
12 very fast.

13 JUDGE EVASHAVIK-DILUCENTE: Okay.
14 Are you -- is that the primary reason for the
15 increased hospital runs? Are there other
16 reasons? And if so, what are the other reasons?

17 DEPUTY WARDEN MARTIN: We there
18 are -- that is a primary reason. Withdraw
19 management is a primary reason for people going
20 to the hospital now. However, the longer -- the
21 other trend that was out prior, we are seeing
22 extended complications. People are just not
23 healthy. More people are having complications
24 from things that may have happened prior to them,
25 and people are just coming to jail much sicker.

1 If you -- this month, I think 39 is
2 the highest we've ever seen for medical refusals
3 at the door, so, like, we are refusing people.
4 We're trying to catch things sooner, but people
5 are still ending up having to go to the hospital.

6 JUDGE EVASHAVIK-DILUCENTE: Oh,
7 okay. Which leads me to the last Motion from
8 last month about the overtime, the forced
9 overtime, which I know you met with the union,
10 but I wasn't really clear from your memo, like --
11 do you think that you and the union -- the
12 administration and the union are going to be able
13 to resolve some of these issues? One big thing I
14 hear, the administrative team has proposed a
15 12-hour shift, and I know the union rejected that
16 in the last negotiations, and the arbitrator
17 sided with the union. So you're bringing this up
18 as a proposal, right, which they've already
19 rejected. Is that the only solution?

20 INTERIM WARDEN CLARK: No. No.

21 JUDGE EVASHAVIK-DILUCENTE: I mean,
22 I see these other shift things. I don't really
23 understand them, nor do I need to.

24 INTERIM WARDEN CLARK: Well,
25 because of this -- this problem is a multilayered

1 issue, and it's not just one thing that is going
2 to solve it. Some of it is recruitment and
3 retention for sure. Some of it is getting people
4 to stay for overtime shifts. And we have spent,
5 Chief Estock particularly, and Deputy Hintmeyer,
6 have been working with the union to get their
7 feedback on what they think could be beneficial.
8 And we're trying to work through and navigate
9 some things on a scheduling end to be more
10 efficient.

11 JUDGE EVASHAVIK-DILUCENTE: Okay.
12 But you have made progress? You think that it
13 will --

14 INTERIM WARDEN CLARK: Yes,
15 absolutely.

16 JUDGE EVASHAVIK-DILUCENTE:
17 -- improve?

18 INTERIM WARDEN CLARK: Yes.

19 JUDGE EVASHAVIK-DILUCENTE: Okay.
20 How about the CRU? We got notification that five
21 more members are being added to the CRU, and CRU
22 is exempt from overtime. Has any consideration
23 been given to not exempting the CRU members from
24 overtime?

25 INTERIM WARDEN CLARK: CRU was

1 actually required to work overtime recently due
2 to staffing shortages.

3 JUDGE EVASHAVIK-DILUCENTE: They
4 were required to?

5 INTERIM WARDEN CLARK: Yes.

6 JUDGE EVASHAVIK-DILUCENTE: But
7 that's not --

8 INTERIM WARDEN CLARK: That has not
9 been the past practice, no. But that doesn't
10 mean that it can't happen.

11 JUDGE EVASHAVIK-DILUCENTE: Okay.
12 Is that something you're considering?

13 INTERIM WARDEN CLARK: Correct.

14 JUDGE EVASHAVIK-DILUCENTE: All
15 right. So also, last year when this Board
16 recommended to County Council that the Sheriff's
17 provide all of the transportation for medical
18 appointments, and alternatively we recommended if
19 that wasn't possible, because we knew it would be
20 a huge money issue, the alternative was that the
21 COs be able to shackle the incarcerated people
22 when they go to a hospital visit.

23 And it's my understanding that the
24 Executive's Office represented that agreements
25 were being reached with all the hospitals to

1 shackle all of the incarcerated people when they
2 were at the hospital, so County Council didn't
3 need to worry about that. Is that happening?

4 INTERIM WARDEN CLARK: No, it's
5 not.

6 JUDGE EVASHAVIK-DILUCENTE: Do you
7 know why?

8 INTERIM WARDEN CLARK: I do not.

9 JUDGE EVASHAVIK-DILUCENTE: No
10 agreement, I guess.

11 INTERIM WARDEN CLARK: Correct.

12 JUDGE EVASHAVIK-DILUCENTE: I mean,
13 we have to do something. I -- I don't know the
14 answer. If I knew the answer, I'd wave my magic
15 wand. But I mean, I get e-mails, right. We are
16 losing five more new officers, okay, to Butler
17 County. In Butler County, they get paid \$1.10
18 less per hour. \$1.10. Why do they leave? Oh,
19 they leave because they can only get forced a
20 maximum of three overtimes a week. Oh, why do
21 they leave? Because they work on housing units
22 which are often staffed by two officers and not
23 one. Oh, why do they leave? They can use OC
24 spray and a taser. I mean, nobody wants to work
25 in Allegheny County Jail as a corrections officer

1 because I guess the first year you work there you
2 might as well be comatosed because you work 80
3 hours a week for an entire year and you don't get
4 a lot of support. And I don't blame you for
5 that. I just -- something has got to be done
6 about this. All we care about is the
7 incarcerated people. Well, when the people who
8 are there to guard them are exhausted from
9 working 80-hours a week every week, week after
10 week, after week, after week, and are out on
11 hospital runs for 24-hours at a time, how do we
12 expect anybody to work in those conditions?

13 So I'm done. I just hope that
14 you're continuing to work on this. I really do.

15 MS. HALLAM: I got to speak up on
16 this, Judge. I really do. You said something
17 wrong. I can tell you that.

18 JUDGE EVASHAVIK-DILUCENTE: Well,
19 that Motion about the overtime passed unanimously
20 last week because everybody agrees that it's
21 horrible conditions.

22 Okay. Anybody else have questions?

23 MS. HALLAM: Yeah.

24 JUDGE EVASHAVIK-DILUCENTE: Rob.

25 MR. PERKINS: Thank you. Casey,

1 I'll start with you. So I know that -- you know,
2 we -- we kind of look through these reports from
3 time to time and decide, like, some data is more
4 useful than other data, and we can update from
5 time to time.

6 So as far as the jail population
7 data, I think it's helpful to compare to 2025.

8 ACTING DEPUTY WARDEN WALSH: Yeah.

9 MR. PERKINS: But I also think that
10 that was like, in my opinion, a horrible year
11 for -- you know, jail population was way too
12 high.

13 ACTING DEPUTY WARDEN WALSH: Right.

14 MR. PERKINS: So can we maybe look
15 back at some other years so we may have a more --

16 ACTING DEPUTY WARDEN WALSH:
17 Absolutely.

18 MR. PERKINS: -- you know, useful
19 comparison?

20 ACTING DEPUTY WARDEN WALSH:
21 Absolutely.

22 And then, Deputy Warden Martin, I
23 was trying to follow you as far as the length of
24 sick calls and how long people are waiting. But
25 did you say it was like 170 days for some of

1 these?

2 JUDGE EVASHAVIK-DILUCENTE: 17.

3 117.

4 MR. PERKINS: What kind of, like --
5 why is that happening?

6 DEPUTY WARDEN MARTIN: Well, it
7 could happen for many reasons. But as you can
8 see in the end of my report, we just onboarded a
9 whole bunch of staff. So we did have some
10 difficulties over the summer with staffing, and
11 now we've backfilled all of those spots.

12 MR. PERKINS: What kind of like --
13 what kind of issue would you have that it could
14 wait 117 days?

15 DEPUTY WARDEN MARTIN: I didn't
16 specifically look at that one.

17 MR. PERKINS: Okay. What was the
18 median? Did it -- was it averages --

19 DEPUTY WARDEN MARTIN: I didn't
20 have a median number for --

21 MR. PERKINS: It was just the
22 lengthiest time was 117 --

23 JUDGE EVASHAVIK-DILUCENTE: Can I
24 just help you out here?

25 MR. PERKINS: Yeah.

1 JUDGE EVASHAVIK-DILUCENTE: Because
2 on an initial request, the longest wait was 3
3 days. On a follow-up visit was the 117 days. So
4 follow -- not that that helps you.

5 MR. PERKINS: Okay.

6 JUDGE EVASHAVIK-DILUCENTE: Not
7 that that helps you.

8 MR. PERKINS: Yeah. So as far as
9 the mental health wait times are concerned,
10 what -- I understand the staffing issues, but can
11 you review those numbers again? Because, again,
12 it was quickly and I didn't have that sheet.

13 DEPUTY WARDEN MARTIN: So for the
14 providers and like the longer wait times for the
15 providers, just because somebody is on a list for
16 a mental health provider or a medical provider,
17 if they have another need, they can always put in
18 another sick call, and they will be seen again by
19 that initial frontline person. If there's an
20 emergent need, there are ways to be followed up
21 sooner on that as well.

22 So just because somebody is on the
23 list for that length of time, that doesn't mean
24 there's no access to care for them if something
25 else would come up.

1 MR. PERKINS: Okay. So the
2 psychiatry list, it's -- so you said 681. Is
3 that 681 people?

4 DEPUTY WARDEN MARTIN: Yes.

5 MR. PERKINS: So there's 681 people
6 waiting to see a psychiatrist?

7 DEPUTY WARDEN MARTIN: Yes.

8 MR. PERKINS: Okay. And the
9 longest wait is 88 days?

10 DEPUTY WARDEN MARTIN: Yes.

11 MR. PERKINS: So you said you're
12 going to wait on the data, but can they -- it
13 might be helpful to say, is that like an outlier
14 and, like everyone else is 5 days? Kind of like
15 a --

16 DEPUTY WARDEN MARTIN: It ranges
17 everywhere from 1 day to 88. It goes across the
18 board. We get appointments every day put in
19 there.

20 But yes, I am working with our IT
21 partners, and we have a lot of report building to
22 do, so this may take a little bit of time to get
23 them -- the reports pulled, but...

24 MR. PERKINS: So how many
25 psychiatrists -- when we're fully staffed, how

1 many psychiatrists do we have?

2 DEPUTY WARDEN MARTIN: I will get
3 all that information for you. I know we have two
4 psychiatrists onboard plus our director. APPs, I
5 would need to ask for numbers.

6 MR. PERKINS: What is that, like
7 licensed psychiatrists, like someone with an MD?
8 So four would be fully staffed, and we have one
9 currently, but we're adding three?

10 DEPUTY WARDEN MARTIN: We're adding
11 APPs and one psychiatrist.

12 MR. PERKINS: Okay.

13 DEPUTY WARDEN MARTIN: I will get
14 you a full list of that.

15 MR. PERKINS: So as far as the
16 Director of Psychiatry is concerned, have they
17 started yet? Or you said they're about to start.

18 DEPUTY WARDEN MARTIN: August 10th.

19 MR. PERKINS: They started August
20 10th.

21 DEPUTY WARDEN MARTIN: They started
22 a couple weeks ago.

23 MR. PERKINS: Okay. Did they --
24 what was the process to choose this person? Was
25 there like a committee or -- I knew that we were

1 hiring someone, but I just didn't know what the
2 process was to choose this person and what the
3 selection process was.

4 DEPUTY WARDEN MARTIN: Sure. AHN
5 did all of their interviews and their vetting
6 and, you know, licensing and all that stuff. And
7 then before any hiring, they did come in and meet
8 with us as well as an administration, like
9 introductions and do a brief interview.

10 MR. PERKINS: Okay. So AHN makes
11 the decision?

12 DEPUTY WARDEN MARTIN: She is an
13 AHN employee, yes.

14 MR. PERKINS: Okay. All right. I
15 know we asked about this -- the Discharge
16 Treatment Unit every month, but, you know, I have
17 a question about that. Are we still -- have we
18 moved yet to another place?

19 INTERIM WARDEN CLARK: We have not
20 moved yet. Lee?

21 CHIEF DEPUTY WARDEN ESTOCK: No, we
22 haven't.

23 MR. PERKINS: Okay.

24 CHIEF DEPUTY WARDEN ESTOCK: The
25 construction work is completed. They're working

1 on painting the pod. So once that's all
2 completed, then we have to do -- yeah, walk -- we
3 have to flush out the water and make sure
4 everything is ready to go before we put anybody
5 in there.

6 MR. PERKINS: 30 days?

7 CHIEF DEPUTY WARDEN ESTOCK: I
8 don't know.

9 MR. PERKINS: Okay.

10 CHIEF DEPUTY WARDEN ESTOCK: I
11 don't want to say yes. We are hiring a
12 contractor to put a valve up there on 8-Delta and
13 7-Delta that's going to help us flush out that
14 system. It hasn't been open for like seven
15 years, so we have to do our due diligence to make
16 sure everything is working right.

17 MR. PERKINS: Okay. Bethany told
18 me not to ask her questions, so...

19 Thank you.

20 JUDGE EVASHAVIK-DILUCENTE:

21 Bethany.

22 MR. PERKINS: I need to leave for a
23 family obligation at 5:00. I'm just giving you a
24 heads-up as to why I'm leaving. I would like to
25 stay longer, but I can't.

1 MS. HALLAM: Thank you. I
2 appreciate that.

3 Judge, may I?

4 JUDGE EVASHAVIK-DILUCENTE: Yes.

5 MS. HALLAM: Thank you very much.
6 Okay. Oh, my gosh, I didn't have a pen today, so
7 now it's all in my brain. So wish me luck.

8 First question is about the
9 operational schedule. I would really love to see
10 it. I have to imagine that each pod is
11 different, right, just for staffing purposes and
12 medication and all that?

13 INTERIM WARDEN CLARK: Somewhat.
14 So pod -- the ones we currently have in place,
15 3-A and 3-F have pretty much the same schedule.

16 MS. HALLAM: Okay.

17 INTERIM WARDEN CLARK: 3-B and 3-E
18 have pretty much the same schedule, and C and D
19 will be pretty much the same once those come on.
20 So there are some variations, but for the most
21 part we're really trying to create some
22 consistency.

23 MS. HALLAM: Yeah. I'm really
24 excited about this. For anybody that doesn't
25 understand, you know, why this is really

1 important, I think it doesn't hurt to explain at
2 least my perspective about why the operational
3 schedules are great.

4 For the years that I've been on
5 this Board, something that I hear over and over
6 and over again is the COs are burning our rec.
7 And what that means is they -- the -- the
8 corrections officers on certain pods -- of course
9 not all -- will intentionally make it so that the
10 incarcerated individuals have less rec time than
11 maybe they would be able to. And there really
12 has been no way to prove it or hold anybody
13 accountable for it or ensure they get an adequate
14 amount of rec because what do I say, hey, they're
15 burning rec, and then they have some story about
16 why rec was shorter that day.

17 This makes it, hey, if I tell the
18 jail I got a report on, you know, 4-D, the CO is
19 burning rec, we can go and look at the cameras
20 and say, okay, they were scheduled to be on rec
21 from 12:00 to 4:00. If we see that everyone is
22 locked in, not on rec anywhere in that time,
23 somebody will be held accountable for burning
24 their rec. It is a huge thing. It's probably
25 the singular complaint that I hear over and over

1 again more than any other complaint in the entire
2 jail. It sucks to be cooped up in a cell all
3 day, but it sucks even more when you're not
4 getting the little bit of out-of-cell time that
5 you're allowed.

6 So I would really, really like to
7 see those schedules, both the ones that exist
8 currently, but also as you're implementing them
9 on more pods on your way to having them all
10 implemented, I would really just like to see what
11 they look like.

12 Also, you know, when I'm doing
13 inspections, it is helpful to know I'm not
14 interrupting something when I'm showing up at a
15 certain time. It would be helpful to know, hey,
16 they're out on rec. You can get everybody all at
17 once as opposed to going cell to cell.

18 So that would be really helpful.

19 Next one is a follow-up from Rob's
20 question because we get in this Warden's Report,
21 specifically about the psychiatrist, we get in
22 this Warden's Report, a bunch of really helpful
23 information about the employment numbers. I see
24 we get like the licensing, how many licensed
25 professionals versus unlicensed professionals.

1 The one that I think would be most helpful, and I
2 think Rob's question was indicative of how
3 helpful this would be, is when I look at the
4 vacancy page, which is page -- what is this, 9,
5 in the Warden's Report, for the jobs on the left,
6 which I believe are the county medical
7 employees -- it says Medical Employees and
8 Vacancies. I can see how many are filled and
9 then how many are vacant. So it says under,
10 like, psychiatrist isn't even listed there.
11 Psychiatrist is listed on the right side because
12 they're an outside medical contractor. All I see
13 is counts. I don't have filled versus vacancies.
14 I think that would be really helpful for us as a
15 Board when we're trying to understand how short
16 are we, even though they are contracted
17 employees. All I see is Count 1, there's 1
18 psychiatrist. It doesn't -- there's nothing that
19 indicates to me that we're three short.

20 So I think that would be something
21 that -- again, nothing that you did wrong. I
22 don't think it's ever been in here, but that
23 would be really helpful and answer our questions.
24 Okay, we have four positions. Do you want eight,
25 or are we max-filled at four? So that would be

1 something that would be very, very helpful, I
2 think, to answering your question and also
3 understanding just where we are with adequately
4 staffing the jail, especially on that
5 medical/mental health side.

6 My next question is about sick
7 calls. I also want to go through the reading of
8 the numbers, because I did really appreciate,
9 Holly, the additional breakdown this month. Like
10 that really helped clarify things a little bit.

11 The piece that I think still is
12 missing is understanding, like, okay -- okay, we
13 have completions. 224 dental completions out of
14 how many total that are pending, right? So 224
15 completed out of 600 that are pending? And the
16 same with refusals; 2 dental refusals. Well, is
17 that out of 5, or is that out of, again, 600? I
18 think that would be really helpful at getting a
19 clearer picture of what the wait is, especially
20 understanding that they're getting triaged really
21 quickly, but where it seems that breakdown and
22 all the people that we're hearing, hey, I filed
23 so many sick calls. Nobody saw me. That still,
24 I believe, is not reflected in this snapshot of
25 time. So I think that would be really, really

1 helpful.

2 And I know it exists because I
3 remember back to COVID times, there was a bunch
4 of litigation that happened around COVID and
5 incarcerating people during COVID. And I had
6 seen spreadsheets back then that showed the
7 actual timeline of, okay, Person X took them two
8 days to get triaged, took them 20 days to see a
9 doctor, they got a follow-up 40 days later, and
10 then they're closed out. They were done. I know
11 that spreadsheet exists somewhere because I saw
12 it six years ago, so I would assume it is still
13 somewhere today.

14 And again, same medical and mental
15 health providers and dental. I think that would
16 be -- really give us a clearer picture of what
17 we're looking at wait time-wise. And I do, also,
18 while acknowledging we've been short on
19 providers. I heard from one of those providers
20 that left, so I know that is real that we
21 actually lost someone unexpectedly, and I know
22 they're being hired. I'm really excited about
23 that, but still, we still owe a duty of care even
24 when we're short-staffed.

25 Another thing is, I thought it was

1 wild that a really huge thing happened since our
2 last meeting in the jail, and like it didn't get
3 brought up in anybody's reports. And so I was
4 just wondering if we could talk about what
5 happened with the Sheriff? And I know that
6 current policy is that the Sheriff takes over
7 custody at the hospital once an admission
8 happens. And so I do know that it was like a
9 Friday night at 10 o'clock, he pulled all the
10 Sheriff's deputies out of the hospital, and we
11 were kind of screwed. I think it would be
12 helpful to get a clearer picture of that
13 timeline. And I don't know who the person is
14 to -- maybe, Connie, it's you, but I want to
15 understand like what happened? Was there any
16 indication that was going to happen before it
17 happened? Was there any even thinly veiled
18 threat? When did it happen? Was it really
19 Friday night at 10 o'clock like we've heard,
20 which I think the answer is yes. And then second
21 of all, what happened since then with the
22 lockdowns that I saw in your very thorough,
23 detailed report -- was amazing -- about the
24 forced lockdowns because of overtime. Can you
25 just kind of give us that whole picture I just

1 laid out?

2 INTERIM WARDEN CLARK: Sure.

3 MS. HALLAM: Thank you.

4 INTERIM WARDEN CLARK: Sure. So I
5 don't want to speak on behalf of the Sheriff. I
6 wish he was here to tell his side, but
7 essentially the Sheriff's Department has concerns
8 about safety for their deputies. And after
9 implementation of this policy, they did stop
10 covering hospital -- hospital coverage for us.
11 And the officers have since taken over.

12 Yes, it was that Friday, earlier
13 than 10:00. I don't know, maybe 5:00 or
14 6:00 p.m. when we had called to get them to take
15 over custody of an individual who had been
16 admitted. Our Intake staff was notified that the
17 Sheriff's Department would not be covering
18 because they felt as though there was a safety
19 concern related to the Notification Policy.

20 Since then, we've met a couple of
21 times. We have tried to meet halfway on the
22 policy, make some concessions based on what their
23 concerns were, and as it stands at current time,
24 we still do not have an agreement, and the jail
25 is still -- the officers are still watching

1 individuals that are in the hospital.

2 Yes, that has put a lot of burden
3 on the officers to cover that, but has also
4 resulted in lockdowns, and that's been going on
5 since the implementation of the policy.

6 MS. HALLAM: And what day was that?
7 I know it was a Friday. Was it like two and a
8 half weeks ago Friday? Do you remember?

9 INTERIM WARDEN CLARK: It was the
10 14th?

11 MS. HALLAM: The 14th was a Friday,
12 so that was one, two, three.

13 INTERIM WARDEN CLARK: The
14 policy -- the policy was effective August 13th,
15 and they stopped hospital coverage on the 14th.

16 MS. HALLAM: Okay. I mean,
17 shocking. I'm so sorry that you've been dealing
18 with that, but I also know, like, you keep pretty
19 good track of lockdowns ever since the solitary
20 confinement referendum was passed.

21 Has there been -- I've gotten
22 reports from both incarcerated people and also
23 staff who interacted that -- you know, come into
24 the jail, lawyers and program providers, that it
25 seems almost every day there's been an

1 institutional lockdown. Is that accurate?

2 INTERIM WARDEN CLARK: We haven't
3 had to go institutional every single day, but
4 there's been an impact every single day, either
5 locking down certain housing units, being on
6 modified lockdown, having to cancel programming.
7 It is a trickle-down effect and has impacted
8 nearly every shift since.

9 MS. HALLAM: And I'm guessing it's
10 leading to a lot of that forced overtime and
11 costing a heck of a lot of money?

12 INTERIM WARDEN CLARK: Sure. Yeah.

13 MS. HALLAM: Okay. Yeah. Thank
14 you for that. I really appreciate that
15 information. I promise you I am working on
16 fixing that. We can talk about that some other
17 time.

18 But I'm also really concerned
19 because, you know, I've been -- I've been reading
20 over a lot of information since this happened and
21 trying to figure out, and it seems pretty clear
22 to me that in the collective bargaining agreement
23 that the Sheriff's deputies have that this is
24 their job to transport and also have custody of
25 incarcerated individuals at the jail. And so I'm

1 just wondering if there have been any
2 conversations about taking this work away from
3 the deputies who fairly bargained for and earned.

4 INTERIM WARDEN CLARK: That would
5 have to be answered by the Sheriff. I
6 couldn't -- I couldn't answer to what's happening
7 on -- on their end and what collective bargaining
8 has happened or not.

9 MS. HALLAM: Okay. Yeah. I keep
10 looking over to ask him, and again, not here.
11 But okay. I really appreciate that information.

12 And I'm wondering if any of that
13 time was reflected in that report that we got
14 about the forced overtime? Was any of that
15 period in there?

16 INTERIM WARDEN CLARK: No. I
17 believe it was prior.

18 MS. HALLAM: Okay. So it wouldn't
19 be -- so it's even more than that what we're
20 seeing --

21 INTERIM WARDEN CLARK: Correct.

22 MS. HALLAM: -- in the report we
23 just got.

24 INTERIM WARDEN CLARK: Correct.

25 MS. HALLAM: Yeah. That is so

1 wild. And again, families coming for visits, I'm
2 guessing also being impacted and often canceled
3 as a result of this?

4 INTERIM WARDEN CLARK: Correct.

5 MS. HALLAM: Okay. And you already
6 said programming missing, staff being forced into
7 more overtime than they already were?

8 DEPUTY WARDEN MARTIN: Yes.

9 MS. HALLAM: Okay. So sounds like
10 a bad situation all around that we should really
11 work on. Do you want to add something, Rob? I
12 see you on your --

13 MR. PERKINS: Despite the reentry,
14 is that -- because I know sometimes people can
15 earn early release, for example, the Reentry
16 Program. Has that impacted Reentry as well?

17 INTERIM WARDEN CLARK: Absolutely.
18 Absolutely, yeah.

19 MS. HALLAM: And are they at least
20 doing the transporting of corrections officers
21 and incarcerated individuals, or are they --
22 like, are they only not doing custody at the
23 hospital, or have they ceased doing everything?

24 INTERIM WARDEN CLARK: Correct.
25 They are just not covering custody at the

1 hospital. They are still doing the transports.

2 MS. HALLAM: Okay. So that's a
3 lot. Okay. I really appreciate that
4 information.

5 I guess my next question is about
6 that study that we got, which again, for the
7 fifth time, I will say how great and thorough and
8 detailed that is. And you're right, it did pass
9 unanimously, Judge, because I think it's
10 something we all really need to pay attention to.

11 I was wondering if there is any
12 version of that study that includes voluntary
13 overtime, not just the forced overtime, because I
14 think that would be helpful to paint the full
15 picture of overtime at the jail?

16 CHIEF DEPUTY WARDEN ESTOCK: I can
17 get those numbers.

18 MS. HALLAM: Yeah, please. I would
19 really appreciate that. Thank you very much.

20 And believe it or not, that's all I
21 got. Thanks.

22 JUDGE EVASHAVIK-DILUCENTE: Man-E.

23 MAN-E: All right. I love going
24 last because they always ask my questions.

25 MS. GRIFFIN: I just -- I have a

1 question after you, so you won't be last.

2 MAN-E: All right. It's all good.

3 First off, I'll probably start with -- I'll
4 probably start with you, Casey. I appreciate the
5 information you gave about the religious
6 services, especially. I'm really also happy to
7 hear about the different services that are
8 available in the chapels -- in the chapel,
9 including like Jumah, Catholic Mass, all of these
10 other things.

11 I guess my question is are they
12 running on a schedule or can somebody just
13 like --

14 ACTING DEPUTY WARDEN WALSH: Yeah,
15 we have a schedule. I can send that to you.

16 MAN-E: Okay.

17 ACTING DEPUTY WARDEN WALSH: Our
18 chaplain's office sends it out weekly, updates
19 it. It's usually the same dates and times --
20 days and times, excuse me. But I can get that to
21 you.

22 MAN-E: Gotcha, gotcha. I
23 appreciate it. Yeah.

24 Also, about the Discharge and
25 Release Center, I see there were over 400 bus

1 tickets that were given to folks, which is, of
2 course, a great thing. I guess my question is
3 were there anybody -- going through anybody who
4 requested any out-of-town travel?

5 ACTING DEPUTY WARDEN WALSH: Not to
6 my knowledge. During this month, we did partner
7 with DHS to help return a young man to Syracuse,
8 New York. He was severely autistic and needed a
9 little bit of help. But that's the only one to
10 my knowledge that was out of town.

11 MAN-E: Okay. Can you share more
12 about how that process went?

13 ACTING DEPUTY WARDEN WALSH:
14 Actually, I was contacted by DHS, and we went
15 down. I apologize, Ms. Hallam. I actually had
16 to go with you, and I did go downstairs and tend
17 to him. But with the help of DHS, Ms. Harrison,
18 Brandy Harrison -- I'm sure you both know her.

19 MS. HALLAM: Yeah.

20 ACTING DEPUTY WARDEN WALSH: She
21 came with police, and we were able to return him
22 to the Greyhound Bus Station and got him back
23 home to his family. We know that he is there,
24 back with his parents. They were very grateful
25 to us here. So thank you, Department of Human

1 Services, for all of your help.

2 MAN-E: All right. I'm a big fan
3 of them. I appreciate that. Do you know if they
4 provided the ticket?

5 ACTING DEPUTY WARDEN WALSH: I --
6 they did.

7 MAN-E: Okay.

8 ACTING DEPUTY WARDEN WALSH: They
9 did.

10 MAN-E: Gotcha, gotcha. Happy to
11 hear that.

12 ACTING DEPUTY WARDEN WALSH: If
13 not, we would have, but they did.

14 MAN-E: Okay. Perfect, perfect.
15 All right.

16 So just following up on that
17 construction that you mentioned. You know, I
18 know that it's often a long wait. And I think
19 you said that's going to be in 7- and 8-D; is
20 that correct?

21 CHIEF DEPUTY WARDEN ESTOCK:
22 8-Delta.

23 MAN-E: Just 8-Delta?

24 CHIEF DEPUTY WARDEN ESTOCK: Yeah.
25 They were replacing the valves on 7-D and

1 8-Delta.

2 MAN-E: Okay. I gotcha. So the
3 DTU will be moved to 8-D?

4 CHIEF DEPUTY WARDEN ESTOCK: 8-D.

5 MAN-E: Okay. I gotcha. And what
6 can you tell us about how it will be set up? I'm
7 assuming it's not going to be the way that it is
8 now, especially like people being shackled and
9 chained to the tables, right?

10 CHIEF DEPUTY WARDEN ESTOCK: Well,
11 we'll still have that, but we will allow for more
12 programming inside the recreational cages. They
13 won't have to be cuffed to the table. We'll just
14 kind of get a temperature reading on them,
15 whether or not they're going to be assaultive to
16 each other. And then once we've established
17 that, then we will put them in the actual cage
18 and inside the DTU.

19 MAN-E: Okay. So the cages that
20 are like what's on 8-E?

21 CHIEF DEPUTY WARDEN ESTOCK: Yeah,
22 they're in the center there.

23 MAN-E: Okay. I gotcha. What
24 other additional programming are you thinking
25 about?

1 CHIEF DEPUTY WARDEN ESTOCK: Right
2 now, we're just going to move that operations up
3 there. They'll have more incentive programs up
4 there, outside rec, a lot -- a lot of different
5 -- that kind of stuff, just outside-the-box
6 thinking for more out-of-cell time.

7 MAN-E: Okay. I appreciate that.
8 We'll look forward to some updates.

9 You also mentioned water, you know,
10 water having to be flushed out. Is that just
11 because it hasn't been used in so long, or is
12 that because of the Legionella?

13 CHIEF DEPUTY WARDEN ESTOCK: It's
14 because it hasn't been used. I mean, we have to
15 flush out that area. We have no indication that
16 there's any issue up there, but there are
17 diaphragms within the -- each one of the toilets.
18 All of those need to be replaced. We need to run
19 water through it just to make sure it's safe
20 drinking water and cleaning up anything that we
21 have to clean up.

22 MAN-E: Gotcha, gotcha.

23 CHIEF DEPUTY WARDEN ESTOCK:
24 Precautionary.

25 MAN-E: Right, right, right. Is

1 there any update about the Legionella testing?

2 INTERIM WARDEN CLARK: Yeah. So we
3 did get confirmation from those two officer
4 bathrooms that it was positive for Legionella, so
5 we, through the guidance of the professionals
6 that we're consulting with, we did remediation
7 efforts, replaced the faucet, flushed the lines,
8 did some other things that they recommended.

9 We have since retested those --
10 those restrooms, and we're waiting for results.
11 If the results come back negative, of course
12 those areas will be reopened. We are also
13 working with that company to do more systemic
14 testing throughout the jail.

15 MAN-E: Okay. I gotcha. Yeah,
16 yeah. That's all of my questions.

17 I guess the last thing I'll just
18 say is that we truly appreciate the transparency,
19 and we think you're doing a great job. We
20 appreciate all of the detailed reports as well
21 and just look forward to continued cooperation.
22 That's it.

23 MS. GRIFFIN: Just really quickly,
24 the Use of Force Report for July had 24 uses of
25 force. Is that lower than usual? I don't know.

1 It seems low. Not that that's a bad thing, but
2 is that about -- I don't have the prior months in
3 front of me, but...

4 INTERIM WARDEN CLARK: I would have
5 to do an --

6 MS. GRIFFIN: Yeah.

7 INTERIM WARDEN CLARK: -- analysis
8 of prior months.

9 MS. GRIFFIN: It seems low, right?
10 So does that -- if there were a
11 resident-on-resident assault, if there were a
12 conflict, I'm kind of assuming there would be a
13 use of force in that situation?

14 I guess what I'm getting at is that
15 we do get e-mails and we -- there's some public
16 comment today about -- one of the quotes is "more
17 inmates assaulting other inmates than ever
18 before." Do you measure that number of
19 resident-on-resident, you know, violence,
20 conflict? And are you seeing that changing? Are
21 you seeing it go up?

22 INTERIM WARDEN CLARK: We have some
23 data as it relates to different assaults that
24 happen in the jail. Let me just pull some of
25 that real quick. Actually, in a comparison from

1 2024 to 2025, because 2026 data is not complete
2 at this stage.

3 The assaults and fighting amongst
4 residents was -- it was plateaued. It was
5 around -- it was similar numbers, and we're on
6 track to be similar this year as well.

7 MS. GRIFFIN: Okay. So you haven't
8 noticed any great --

9 INTERIM WARDEN CLARK: It's always
10 more than what we want.

11 MS. GRIFFIN: I mean -- right.
12 Obviously, yeah.

13 INTERIM WARDEN CLARK: But no, we
14 have not seen a significant increase. Again,
15 we're always looking for ways to, you know, not
16 escalate things to that level. We're looking at
17 ways to reduce contraband. We're looking at ways
18 to increase searches. Those are all
19 conversations that this administrative team has
20 been having, and we are looking for ways to
21 further reduce. But we have been pretty --
22 pretty steady in the last -- at least that '24,
23 '25 comparison year.

24 MS. GRIFFIN: All right. Thanks.
25 That's it.

PUBLIC COMMENT

JUDGE EVASHAVIK-DILUCENTE: Okay.

Public Comment. Anna Yatsko.

MS. YATSKO: Good morning. I mean
afternoon. My name is Anna Yatsko, A-N-N-A
Y-A-T-S-K-O. I'm a Downtown resident and an
education volunteer inside the Allegheny County
Jail.

Families are now being notified
when their incarcerated loved ones are
hospitalized, which is a crucial update for
empathy and medical care. Due to this, the
County Sheriffs have refused to supervise
hospitalized inmates, forcing a further staffing
shortage that keeps the ACJ on frequent
lockdowns.

In June of 2024, I came here to
speak to you about excessive lockdowns in the
jail and their conflict with the solitary
confinement referendum passed by our voters. At
that time, there had been 19 partial lockdowns in
the prior month. I said then whether you call it
solitary confinement or not doesn't change what
it's effectively become.

Today, over two years later, the

1 statistics are grievously worse. Last month had
2 three full lockdowns and 78 partial lockdowns.
3 Cumulatively, incarcerated individuals spent over
4 520 hours locked down. For 27 percent of the
5 month of July, there was at least one lockdown
6 occurring inside the ACJ. That's the month of
7 July before the Sheriff's staffing shortage.

8 I'm an education volunteer with a
9 pod of children who have been charged as adults.
10 With over 80 lockdowns in the last month, I've
11 barely been able to see the kids. When this
12 facility is adequate-- inadequately staffed,
13 it's an education, rehabilitation, safety, and
14 mental health problem. But that was known when I
15 stood up here two years ago.

16 Back then, staffing was blamed.
17 Over two years of staffing problems is a woeful
18 and slip-shot excuse. The display that comes
19 forth, not just from last month, but from this
20 latest staffing crisis, showed that the county
21 has failed to meet the standards our constituents
22 voted in place. There are over four times more
23 lockdowns than there were two years ago. You can
24 call it what you want. I know it as extended and
25 inhumane solitary confinement. We cannot provide

1 any significant rehabilitation opportunities when
2 the facility is constantly locked down.

3 As your constituent, as a
4 volunteer, and as someone who raised this issue
5 over two years ago, I'm begging you once again to
6 fix this.

7 Thank you.

8 JUDGE EVASHAVIK-DILUCENTE: Thank
9 you. Karen Burns Rutigliano. Sorry. I
10 butchered that, I'm sure.

11 MS. RUTIGLIANO: Okay. Rutigliano.
12 Hi. My name is Karen Burns Rutigliano, and I'm
13 representing the Pennsylvania Interfaith Impact
14 Network, PIIN.

15 The current ACJ resident medical
16 transportation and hospital custody standoff
17 between the Sheriff and the combined wishes of
18 the County Executive, the Jail Oversight Board,
19 the Warden, and the Corrections Officers Union is
20 untenable. It represents a shared value of
21 collective leadership.

22 The transfer of responsibility to
23 the Sheriff's Office deputies must go forward,
24 and the necessary funding must be achieved at the
25 County Council level. The cost of the Sheriff's

1 intransigence is simply too high. It forces ACJ
2 residents into restrictive lockdowns, erodes the
3 job quality of the corrections officers through
4 exhausting mandatory or voluntary overtime, and
5 compromises the safe transport of sick
6 individuals to hospitals and their custody.

7 To break this impasse, the
8 Allegheny County Court of Common Pleas should
9 consider issuing a direct order to the Sheriff to
10 provide medical transport and hospital custody.
11 The Sheriff is legally bound to execute the
12 orders and civil processes issued by the court
13 system.

14 Our ACJ residents deserve alert
15 correction officers who are not straining under
16 unmanageable hospital transport and custody
17 duties. Dangerous back-to-back 16- to 24-hour
18 shifts are not sustainable. Telehealth
19 expansions do not solve this, and while
20 depopulating the jail remains a long-term quest,
21 the safety issue is immediate and dangerous. The
22 solution lies in providing a dedicated group of
23 Sheriff's deputies.

24 And for ACJ residents, medical
25 transport and hospital custody funding and

1 staffing -- for them -- funding and staffing are
2 the sticking points, and resources must be
3 reallocated from other budgets to solve this.
4 The responsibility to end this impasse lies with
5 every member of the Jail Oversight Board. You
6 must remove the outrageous impact of using
7 corrections officers outside the jail, which
8 severely diminishes the internal operations and
9 deprives incarcerated of humane care.

10 Thank you.

11 JUDGE EVASHAVIK-DILUCENTE: Thank
12 you. Elizabeth Schongar.

13 MS. SCHONGAR: Hello. I'm
14 Elizabeth Schongar of PIIN. A friend of mine was
15 arrested and taken to Allegheny County Jail a
16 little over a month ago. When he first entered,
17 all his paperwork from the hospital where he was
18 arrested was turned over to the Intake staff. It
19 detailed the medications, including lithium, that
20 he was due to take on a strict schedule. He
21 discussed these medicines with the nurse during
22 the intake process. He never received either of
23 the doses he was supposed to get that day.

24 How many people miss essential
25 medicine because they spend days in Intake?

1 Then he was put in a very small,
2 filthy holding cell with eight other people,
3 along with one stopped-up toilet and a sink that
4 did not have running water. This is unlike other
5 jails. For example, Beaver County Jail is clean.

6 Like many of the people in the
7 cell, he was only charged with misdemeanors. Why
8 are people who do not have felony charges and
9 have not physically hurt anyone put in jail? If
10 we want to reduce overcrowding, scheduling the
11 court hearings by mail is a place to start.

12 After several hours, he was shoved
13 back-and-forth between the holding cells and
14 various cubicles for processing. About
15 8:00 p.m. -- remember this started at 10:00 a.m.,
16 he was finally allowed to call his sister, who
17 was still waiting for him to be released from the
18 hospital, and she called me. I then started
19 calling the Arraignment Court while she handled
20 other calls. He ended up in Night Court, where
21 he was released by the court on his own
22 recognizance right before the deadline to hold
23 them another day. He then waited outside the
24 jail to get the hospital release paperwork that
25 he turned in right when he arrived at the jail,

1 but it was not found.

2 Calls since then have not turned up
3 these key documents. He missed doctor's
4 appointments and more medication doses that were
5 in the paperwork that he lost. He walked home,
6 which took hours.

7 So, not putting people with
8 misdemeanors in jail, providing medications
9 during intake, sanitation, and handling personal
10 property are all areas that need drastic
11 improvements in the Intake area.

12 JUDGE EVASHAVIK-DILUCENTE: Frank
13 Fikosky.

14 MR. FIKOSKY: Hello. My name is
15 Frank. I'm here as a private citizen of
16 Beechview. I'm here to talk about, like many
17 others, the Family Notification Policy that we've
18 been listening to for months being developed and
19 finally be implemented, and the fact that the
20 Sheriff's Office has, the day after, refused and
21 put blocks on the whole system.

22 Mainly the concept of making
23 material concessions to an aggressive power with
24 the intention to avoid conflict. We heard the
25 Warden already discuss potential concessions to

1 the Sheriff. This concept is known as
2 "appeasement." Allegheny County, the Jail
3 Oversight Board, and the Sheriff's Department and
4 Correctional Officers Union will never avoid
5 conflict completely.

6 It is illuminating in this instance
7 how the conflict can be avoided because it seems
8 that the Sheriff's Office has used this act of
9 mercy instituted by this Board, helped instituted
10 by this Board, as an opportunity to make
11 negotiations or to ask for more money. Now, this
12 is obviously on the County and on the Board and
13 on the Allegheny County Jail to figure this out
14 in terms of staffing issues, but my urging you
15 today is for the Jail Oversight Board to keep the
16 fight, keep the pressure on, because we cannot
17 allow a group that is seemingly motivated to show
18 up and limit the amount of mercy that we can show
19 human beings to decide the amount of mercy that
20 we should show human beings.

21 This Family Notification Policy is
22 the minimum level of consideration we can give to
23 people. 95 percent of people in the ACJ are not
24 convicted. They are in their due process. This
25 could happen to any one of us. We could all find

1 ourselves in the ACJ. And if you're
2 hospitalized, they let your family know you're
3 hospitalized. They don't let them know which
4 hospital. And the Sheriff's Office cries that
5 this is a safety issue. This is not a Hollywood
6 movie. This is real life and they're using these
7 perceived fears in intimidation to stop the
8 process. They know the power they have, and
9 they're clearly exercising it. And the Sheriff's
10 empty chair is evidence that they can't show up
11 and defend their choices, or they just -- they
12 have the right not to because they are those in
13 power.

14 The Jail Oversight Board must stand
15 up and defend incarcerated people. These are
16 human beings. They're the most vulnerable in our
17 society. They have no real right to advocate for
18 themselves, other than the people here standing
19 up for them. And the Sheriff's Office being
20 allowed to just stop this -- this is -- again,
21 almost the smallest bit of mercy that we can show
22 people, to let their families know when they are
23 in a life-threatening situation. And these
24 people in the Sheriff's Office are using this as
25 an opportunity to negotiate more money and a

1 stronger contract using their leverage. So
2 just please step up and defend this policy and no
3 concessions.

4 Thank you.

5 JUDGE EVASHAVIK-DILUCENTE: John
6 Kenstowicz.

7 MR. KENSTOWICZ: Introduction to
8 our 2026 ACJ Correctional Officer Job
9 Satisfaction Survey. 307 officers participated
10 in our survey. Our correctional officers
11 responded 2,106 times in their own words
12 regarding eight open-ended questions related to
13 the policies and operations at our jail. This is
14 a 31 percent increase from last year's 217
15 officers completing our survey.

16 The eight questions concerns
17 questions like Tyrone Good's murder and what
18 security deficits officers believe exist now at
19 our jail, the 31 cuts in correctional officers'
20 positions recommended by our jail administration,
21 the change in hiring standards for our CO
22 applicants, and what leadership qualities and
23 experience our officers would like to see in our
24 new Warden.

25 Continuing with our format from

1 previous years of our CO surveys, we have 17
2 close-ended statements regarding such critical
3 areas as safety, officers' injuries, pay,
4 flexibility in scheduling, and the officers'
5 relationship with the jail administration and the
6 Board. The officers make multiple-choice answers
7 with choices of agree, strongly agree, neutral
8 disagree, and strongly disagree. The results are
9 provided and highlighted in colorful pie charts
10 for one's easy access and interpretation of the
11 data.

12 The format used in our survey, as
13 in previous years, is Google Forms, a format used
14 commonly in both the public sector and private
15 sector. With Google Forms, the survey is
16 anonymous. I never see the identity of who is
17 completing the survey, giving our officers the
18 opportunity to speak freely and open up about
19 what they are experiencing in our jail.

20 Two new features were added to our
21 survey this year. A different survey was
22 provided to only our female correctional officers
23 focusing on sexual harassment and quid pro quo
24 relationships where sexual favors are provided
25 for privileged positions or advancement.

1 After our survey results last year
2 revealed the allegations of sexual harassment and
3 these quid pro quo relationships, a captain was
4 walked out of the building based upon three
5 sexual complaints made against him.

6 Our survey also featured a survey
7 by Dan Jarvis for the officers who completed the
8 Healing the Hero treatment for PTSD.

9 Please, take the time to listen,
10 discern, and discuss these many informative
11 insights being provided by our officers. We only
12 conduct the survey once a year. Our officers
13 have the day-to-day experiences of providing
14 security, knowing its challenges that no one else
15 has.

16 Thank you.

17 JUDGE EVASHAVIK-DILUCENTE: Thank
18 you. Brian Englert.

19 MR. ENGLERT: Thumbs up, John. I
20 think everybody knows who I am, but I'm President
21 of the Union at the jail. I wish I had more than
22 three minutes. I'm going to talk fast.

23 Judge, we have been working with
24 administration on the mandate that you provided
25 last month. The ball is in my court now. I have

1 to work up a MOU for some things, which we're
2 going to work on next week. If everybody does
3 their part, things are going to improve, okay?
4 So I just want to let you know, we've made a lot
5 of progress. I want to thank the Board for that.

6 On -- the Sheriff's contract is
7 already signed and resolved, so there's -- this
8 isn't about money. I absolutely stand with
9 Sheriff Kraus. If the Sheriff is out there with
10 the leg shackle, handcuffs, a gun, OC, a taser, a
11 baton, and a cell phone, they already have more
12 tools than we do. And if they think it's
13 dangerous for them, then it's twice as dangerous
14 for us.

15 And I hear all the complaining, but
16 I just want to say you reap what you sow. When a
17 roomful of people think they know what's best for
18 the inmates, they really don't understand the
19 unintended consequences. So if you have 10 or 12
20 inmates out at the hospital, it's more important
21 to notify their family, and now the Sheriff
22 believes it's a safety issue. Well now, we're
23 doing the jobs, and we need more guns, more
24 batons, and more vests. And we're -- you know,
25 it's kind of weird that PIIN stuck up for us

1 because just a few months ago, PIIN was talking
2 about how we want the overtime, and that me,
3 personally, I do hospital runs. I haven't done a
4 hospital run in 11 years. So it's kind of
5 shocking PIIN cares about corrections officers
6 now.

7 But I want to tell you what your
8 actions have done. When you feel that this is so
9 necessary, come talk to the men on Level 3. They
10 want to have a word with you, Bethany. The
11 jail -- 1,700 people are locked down because a
12 roomful of people think there should be family
13 notification. So you reap what you sow. That's
14 the unintended consequences of what you thought
15 was a good deed.

16 Just like the schedule. My pod
17 goes in at 5:25. The trays don't come up until
18 5:55. There's a half hour or rec that's burnt
19 because I've got to follow the schedule.

20 I just also wanted to let the Board
21 know, we had a correction officer who quit last
22 year. He committed suicide over the weekend in a
23 terrible way. He shot himself in the head.

24 And safety issues are one of the
25 biggest parts of our survey. I mean, I had to

1 e-mail everybody and their mother to get the
2 All-Page System fixed, and I'm glad it was fixed.
3 It couldn't have been broken another hour, but we
4 still have many things that are broken there
5 surrounding the control booth. When somebody
6 hits the button to get into the unit on Level 3,
7 we don't know. It doesn't work. We have to
8 constantly be watching the cameras to let people
9 in and out. If we're doing that, we can't cycle
10 through the Level 3 pod cameras to make sure
11 there's nothing bad happening.

12 These safety issues, they've been
13 around for 18 to 24 months now. They fixed the
14 panel lids, but you can't secure them, so what's
15 the point of having a lid? As soon as you push
16 the panel down, it shoots right back up. There's
17 no locks on them anymore. And so if a panel
18 stays up, why even keep the lid on it?

19 We still have inmates that are
20 carding doors so they can escape. We still have
21 gates that don't work to keep the facility
22 secure.

23 MS. HALLAM: Time.

24 JUDGE EVASHAVIK-DILUCENTE: There's
25 tons of issues that we need to address.

1 MS. HALLAM: Time.

2 JUDGE EVASHAVIK-DILUCENTE: Thank
3 you.

4 MR. ENGLERT: Thank you.

5 JUDGE EVASHAVIK-DILUCENTE: Tanisha
6 Long.

7 MS. LONG: So, first I would like
8 to say, I would like to express my condolences
9 for the passing of Gerald Roundtree to both his
10 family, his coworkers, and the members of the
11 jail. He was genuinely one of the nicest people
12 I had ever encountered in that jail, which, you
13 know, says a lot, because there are some very
14 nice people who work there.

15 I would also like to remind you,
16 Judge Evashavik, that empathy is not a finite
17 resource. We don't only care about the people in
18 the jail, the incarcerated people in the jail,
19 and if you cared more, these meetings would be a
20 lot shorter.

21 I would also like to say that right
22 now you have a lot of people who are at this
23 meeting responding to a manufactured staffing
24 crisis by the Sheriff's Office. One man, who
25 cannot be bothered to show up to these meetings,

1 felt so strongly that he had lost a fight, an
2 argument with the jail and the Jail Oversight
3 Board, that he decided to take his ball and go
4 home. This is not an ep- -- this is not a --
5 this is not something the Jail Oversight Board
6 can fix. This is something that County Council
7 possibly can legislate our way out of, but I
8 don't think we should be blaming the jail for
9 creating a policy that we have asked for for
10 years. And it doesn't matter if it's one family
11 member, two family members, ten or 20 family
12 members who now know that their loved one is in a
13 hospitalized situation and can possibly provide
14 medical information that is pertinent to their
15 care, that person matters just as much as
16 everybody else in that jail.

17 These lockdowns are forced. This
18 is not -- this is not a crisis that we have to be
19 in. This is one man throwing a temper tantrum,
20 one man who cannot be bothered to show up. And
21 if we cared so deeply about the staffing crisis
22 in the jail, then maybe we would focus on things
23 like releasing people on probation detainers,
24 decreasing the jail population. We talk about
25 why people want to work at Beaver and not

1 Allegheny County. I remind you that that jail is
2 much smaller than ours, with a population that is
3 much more manageable, and people still complain
4 about being incarcerated in Beaver County and
5 talk about the things that they do not have
6 access to there. So when we're making these
7 comparisons, we need to think about the things
8 that we're able to offer.

9 And right now, I've seen changes in
10 this jail and with this jail administration that
11 we've been asking for for years. And right now,
12 we are moving in the right direction, and this
13 rhetoric that is coming from this Jail Oversight
14 Board, specifically from you, Judge Evashavik, is
15 shameful.

16 So maybe if we all took some time
17 and got off our cell phones, we could pay
18 attention to the people who take the time to be
19 here instead of your fellow members who do not.

20 Thank you.

21 JUDGE EVASHAVIK-DILUCENTE: Oh,
22 thank you.

23 Evie Sorg. Evie Sorg.

24 MS. SORG: Good evening, Board. My
25 name is Evie Sorg, and I'm an intern with the

1 Global Switchboard, a human rights organization
2 here in Pittsburgh. As a human rights
3 organization, one of our priorities is the health
4 and well-being of all people. Basic
5 environmental safety is a nonnegotiable human
6 right. The confirmed presence of Legionella
7 bacteria in officer bathrooms at the Allegheny
8 County Jail is a warning sign. Legionella causes
9 Legionnaires' Disease, a severe form of
10 pneumonia.

11 According to the CDC, Legionnaires'
12 Disease is fatal for one in ten people who
13 contract it. Bathrooms can be shut down, but the
14 water system, which Legionella thrives in, is
15 shared across the entire facility, putting both
16 staff and incarcerated individuals at risk.

17 To give an example, in 2023, the
18 presence of Legionella bacteria was discovered in
19 a Lancaster County jail cell sink. The following
20 week, further testing showed that that bacteria
21 had spread to five additional cell sinks.
22 Lancaster County Emergency Management arrived
23 with a truck full of supplies to help the issue.
24 The Warden, Cheryl Steberger, said, "They donated
25 tables for inmates to sit at, snacks, food,

1 drinks, and coolers to store some of the drinks
2 in so they were a great help."

3 I ask the Board here, along with
4 many other things said here today, to provide
5 some form of building water testing with the full
6 results published publicly.

7 There also needs to be direct and
8 transparent notice to all incarcerated
9 individuals regarding water safety protocols.

10 Furthermore, these individuals need
11 to be provided safe bottled water to drink.

12 Board, we live in Pittsburgh, a city surrounded
13 by water. For those inside the jail, something
14 as simple and necessary as drinking can be
15 life-threatening. When we are told to boil our
16 water or not drink from our taps, we feel that
17 fear and rush to protect ourselves and our
18 families with bottled water or filters. The
19 people inside have those exact same human fears
20 but zero power to protect themselves. They are
21 relying entirely on this Board's oversight and
22 the office of the -- the controllers of the jail
23 for fundamental rights to clean and safe drinking
24 water.

25 Thank you.

1 JUDGE EVASHAVIK-DILUCENTE: Maria
2 Guido.

3 MS. GUIDO: Maria Guido, licensed
4 clinical social worker, owner of Transformative
5 Bonds.

6 So I'm here today to discuss the
7 issues that continue to happen with lockdowns at
8 the jail. It's no secret. We've already said
9 it. The Sheriff is acting like a three-year-old
10 and throwing a temper tantrum because he is
11 apparently afraid of this Family Notification
12 Policy. It's been said for months. We already
13 know it, okay?

14 So what's happening now is that
15 they're going into lockdown, right? You're going
16 into lockdown, and what happens is lockdown, we
17 know that programming gets suspended.
18 Visitations get suspended. Everything. All of
19 these things. Programming that they're supposed
20 to have to help them get out in society and just
21 function, all right? We all know how lockdowns
22 impact emotional regulation, not just for
23 incarcerated individuals.

24 I do think that what you stated
25 that all we care about is incarcerated

1 individuals here is inaccurate because I've
2 stated on this podium the correctional officers
3 also go through stress when there are lockdowns.
4 So I disagree with that statement. Lockdowns
5 impact everyone.

6 So in response, I think we need to
7 consider new ways to reduce the jail population.
8 I think that policy with the county is picking
9 up, you know, the people who are in their
10 jurisdiction; I think it's great. I think it's
11 great. It's a start, right? We can also look at
12 other means to reduce the jail population, like
13 releasing people that are on probation detainers,
14 okay?

15 I say this every single time that
16 I'm here. Please remember that there are
17 children still at the Allegheny County Jail, and
18 there is no -- there is -- we don't have a
19 timeframe of when those kids are getting moved.
20 It's going to be years. Let's just keep it real.
21 It is going to be years, okay? Those children
22 are getting something from programming. They're
23 finally getting adults that are coming in and
24 talking to them without judgment where -- no,
25 they're not looking at them because of their

1 crimes. They're looking at them as children.
2 Best practice is juvenile justice states that
3 solitary confinement is not right. Lockdowns
4 need to be avoided at all costs. This -- even
5 though they are still -- they're in the county
6 jail, and they are charged as adults, they are
7 still children. We still have to follow that.
8 We still have to follow protecting these kids.
9 They're kids.

10 And again, I get it. It's the --
11 they're there. They're going to be there for a
12 year, so we have to figure out something until
13 they are moved. Right now, we have a jail
14 administration, right, that has been doing
15 everything. They have been doing great. They
16 have been open to programming. I mean, just the
17 report alone today was amazing, right? I think
18 it's truly important that people continue to play
19 these political games and -- while people's lives
20 are at risk.

21 That's all.

22 JUDGE EVASHAVIK-DILUCENTE: Sharon
23 Bonavoglia.

24 MS. BONAVOGLIA: We at PIIN would
25 also like to express our sincere condolences

1 about the loss of Gerald Roundtree. It makes me
2 cry just saying it. What an amazing presence,
3 and he will be missed.

4 Judge Evashavik, your willful
5 disregard of the consensus of the voting public
6 of Allegheny County is shocking in the clarity at
7 which you beg for torture to be readmitted into a
8 jail that is lost it. It is shameful and it is
9 no wonder that you will no longer agree to meet
10 with any of us from PIIN. We at PIIN are so very
11 grateful for the policy change and courage to
12 notify emergency contacts when residents at the
13 jail are hospitalized. We now must call
14 Sheriff Kraus, and apparently we'll have to call
15 collect because he's not here. We need to call
16 Sheriff Kraus to get in touch with his better
17 self in there somewhere and return his officers
18 to their duties in monitoring jail residents at
19 local hospitals. It is shameful that he instead
20 is not here and is using our neighbors in the
21 jail as pawns in a political ploy to increase his
22 budget, and worse, he is also using dog-whistle
23 race-baiting fear in an attempt to challenge this
24 new policy.

25 We also encourage the JOB, jail

1 administration, and the County Executive not to
2 succumb to such tactics and to hold to the policy
3 as it stands.

4 And now, if you are able, please
5 rise for the reading of the names of the dead:

6 Richard Lenhart, Robert Blake, Cody Still,
7 Daniel Pastorek, John Brady, Martin Bucek,
8 Robert Harper -- glad you could join us --
9 Vinckley Harris, Justin Brady, Paul Allen. I'll
10 wait until you're done. Please don't count this
11 against my time. I'm waiting for you to be done
12 with your little purse thing. Thank you. God
13 help you.

14 Roger Millspaugh, Paul Spisak,
15 Gerald Thomas, Jerry Lee Ross, Jr.,
16 Victor Joseph Zilinek, Ronald Andrus,
17 Anthony Talotta, William Spencer,
18 James Washington, Damon Leroy Kayes, Tim Manino,
19 Douglas Bonomo, Zachary Sahm, Nicole Baruffi,
20 Richard Sciubba, II, Terrance Clowney, Tracey
21 Hickey, Justin McCullough, Nathan Piernik, Mark
22 Schwartz, Tyrone Good, and Christopher Old, and
23 all of their family members and friends who are
24 mourning their loss still, just as we will
25 continue to mourn the loss of Gerald --

1 JUDGE EVASHAVIK-DILUCENTE: You're
2 done.

3 MS. BONAVOGLIA: I didn't hear
4 that.

5 JUDGE EVASHAVIK-DILUCENTE: Well, I
6 did.

7 MS. BONAVOGLIA: Really revolting.
8 Really sincerely and utterly revolting behavior,
9 Judge Evashavik.

10 **ADJOURNMENT**

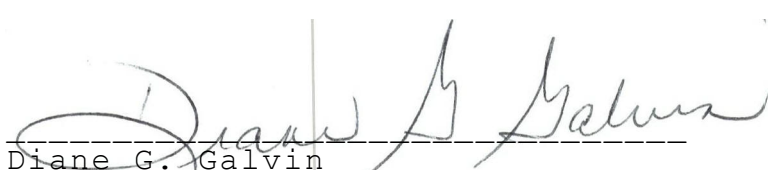

11 MS. HALLAM: Motion to adjourn.

12 MS. GRIFFIN: Second.

13 (Whereupon, the hearing was
14 concluded at 5:33 p.m.)
